

IN PARTNERSHIP WITH :

UK BTEC PROGRAMS IN ARTS & DESIGN

FORWARD YOUR JOURNEY TO THE CREATIVE INDUSTRY.

World Class Education Provided by

ABOUT UIC COLLEGE

UIC College is a Pathway Program provided by UniSadhuGuna a private education institute with over 25 years of experience in delivering a quality international education program in Indonesia.

UIC College takes pride in delivering quality international programs using innovative approaches that respond to students' interests in Indonesia. Our diverse educational pathway programs encourage our students to actively participate in their educational learning experiences in a way that inspires creativity, engages students to actively learn and to build their confidence. UIC aims to develop Noble Scholars: students with good characters who are agile, full of hope and possess limitless potential to grow.

UIC CENTER OF CREATIVE ARTS

“The creative industry offers a range of exciting, modern careers for today’s students that did not exist in previous generations”

As part of its commitment to preparing industry-ready graduates UIC has established UIC Center of Creative Arts. Students who want to know the breadth and depth of the creative industry are best suited to be part of this center. The center provides an array of facilities, including Music & Recording Studios, Design Studio, Fashion & Graphic showcase display, Photography Studio, and many others.

Real World Learning

UIC offers a real-world curriculum that mirrors the needs in the industry. Series of practical activities that will take students to study beyond the classroom have been developed based on the input and advice from the industry experts, including:

- Guest Lecturers
- Professional Development
- Company Visits
- Real Client Projects
- Seminars
- Field Trips
- Internship
- Music Studio Recording
- Music performance studio
- Creative Space

These practical learning experiences are aiming at fostering students' professional and soft skills development, motivation to explore and a sense of creativity. Therefore, they are ready to explore deep into themselves, discover their unique qualities and achieve their professional aspirations.

GRAPHIC DESIGN PROGRAM AT UIC COLLEGE

Graphic Design plays a pivotal role in shaping today's society. Designers are involved in creating trends and culture with immense power to make a difference in the world. UIC Design prepares students to be professional in wide range areas of the creative industries. Students will learn holistically from through conceptual ideas development, process, progress and execution. Upon completion of the program, UIC students are expected to be well rounded designers who are problem solvers.

**IT'S A SLOW PROCESS,
BUT QUITTING WON'T SPEED IT UP.**

DIGITAL DESIGN PROGRAM AT UIC COLLEGE

The advancement of technology has changed how people interact with information and data in ways that were unimagined. Screen based media is becoming prominent tools and continues to be a growing industry. Among businesses, governments, and individuals there is an increasing awareness of the value and potential of digital design to enhance user experience and provide more effective services, and this trend has changed the landscape of creative industry. As people predominantly communicate through screens as do today's designers, this makes digital design a forward looking design field.

If you are an aspiring designer, looking to be a part of this growing industry, join UIC BTEC internationally recognized Digital Design program and embark to the world full of innovation.

UIC BSD CAMPUS TEACHING AND LEARNING FACILITIES.

Nestled in the exclusive Bumi Serpong Damai City, the campus opts for a contemporary interior and setting, which favors uncluttered and streamlined aesthetic. We want to ensure that our campus is an environment that nurtures creativity. BSD City (especially Foresta & Edutown cluster) has earned the nickname the Silicon Valley of Indonesia, all thanks to a slew of major international businesses headquartered here. Case in point: Unilever and Apple. We have a solid relationship with the major players in this area, and our students have benefited greatly from having access to the first-hand experience working and learning from industry insiders.

Our campus provide all inclusive facilities that accomodate students' need of conducive learning environment. The classrooms and lecturer halls are equipped with audio-visual, multimedia, and computing facilities, while the library boasts a comprehensive collection of books, journals, periodicals, student projects, and other related publications. Additionally, students also have access to digital libraries from our international partners' providers.
