Welcome to CSU Study Centres

Welcome from CSU's
Vice-Chancellor and President
Choosing a university is an important step, and there are many factors that will influence your decision.

At Charles Sturt University (CSU), we aim to give you the best opportunity in your chosen profession, and it is immensely satisfying to see our graduates set out confidently on their career path.

As a member of the CSU community, you will experience first-hand the links we have with the business community, industry, government and the professions. Our focus is on combining knowledge from practice and research with quality teaching and learning. This is central to our success as a university – our commitment to industry-aligned, relevant courses ensuring our graduates are well-equipped in the workforce.

CSU is recognised for its internationally competitive research strengths in agricultural science, horticultural production, food and wine sciences, crop and pasture production, veterinary science, education, philosophy, religious studies, criminology, nursing and marketing.

Graduates of CSU are helping to overcome the shortages in the professional workforce not only in regional Australia, but across the country and the world.

Professor Andrew Vann
Vice-Chancellor and President
Charles Sturt University

Welcome from the Director,
CSU Study Centres
Your choice to enrol in a course with CSU will lay the foundation for you to pursue a professional career in the accounting, business or IT sectors.

Our academically robust programs are recognised by industry. We teach our students in smaller classes that provide the opportunity for in-depth class participation with your lecturers and peers to maximise your learning experience.

Our urban study centres in Brisbane, Melbourne and Sydney, provide a wide range of academic support plus social and sporting activities tailored to international student needs. This ensures that you succeed academically, feel confident and welcome, and make friends during your time with us.

The following pages outline our courses, and the academic support and social activities we provide to ensure you succeed in your studies, and enjoy life on campus.

I look forward to meeting you at orientation, and welcoming you to the CSU Study Centres.

David Knight
Director
CSU Study Centres

Contents

Charles Sturt University (CSU)
has study centres in Brisbane, Melbourne and Sydney. Our CSU Study Centres are run in collaboration with Study Group Australia, a global leader in international education and training.

Together, CSU and Study Group Australia provide outstanding educational opportunities that enable you to achieve your personal best. This brochure contains information about the courses and services provided at the CSU Study Centres.

Provider: Charles Sturt University.
CRICOS Provider Code: 00005F.
Provider: Study Group Australia Pty Limited.
CRICOS Provider Code: 01682E.

An Australian experience like no other

At Charles Sturt University we are passionate about what we do. We prepare our students for life.

As an international educational institution, we pride ourselves on providing hands-on, work-relevant courses that prepare graduates for a range of employment opportunities.

- CSU is a public university, funded by the Australian government and is a member of the Association of Commonwealth Universities
- Its name honours explorer Charles Sturt (1795-1869) who was among the first Europeans to venture to inland Australia
- Degrees and diplomas are designed in collaboration with academic and industry professionals to ensure quality and rigour
- Lecturers are regularly consulted regarding their discipline's latest research, methods and practices.
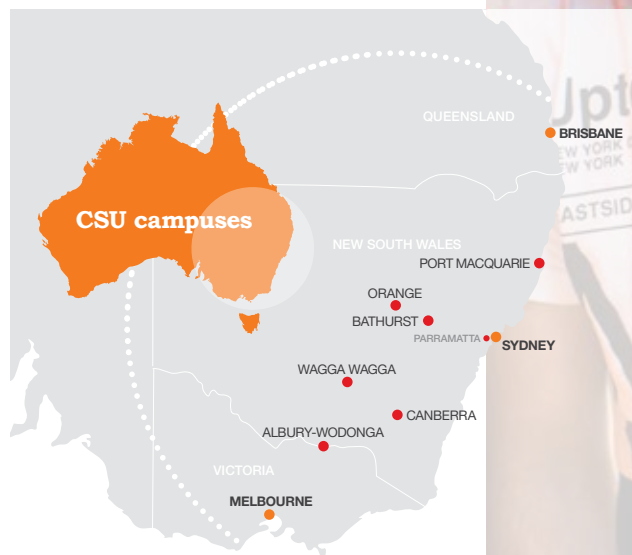

CSU's network of study locations extends to:

- Albury-Wodonga, Bathurst, Canberra, Orange, Parramatta, Port Macquarie and Wagga Wagga in Australia
- A specialist centre in Manly, Australia
- CSU Study Centres in Brisbane, Melbourne and Sydney.

CSU offers over 300 courses in the following career areas:

- Agricultural and Wine Sciences
- Allied Health and Pharmacy
- Animal and Veterinary Sciences
- Business
- Communication and Creative Industries
- Environmental Science and Outdoor Recreation
- Exercise and Sports Sciences
- Humanities, Social Work and Human Services
- Information and Library Studies
- Information Technology, Computing and Mathematics
- Medical Science and Dentistry
- Nursing
- Midwifery and Indigenous Health
- Policing, security and emergency management
- Psychology
- Science
- Teaching and Education
- Theology and Religious Studies

* The Internship Program is a Study Group initiative. Students who enter the Bachelor of Business, Bachelor of Business Studies and Bachelor of Accounting will be eligible to undertake workplace learning as part of their course prior to graduation.

Why study at CSU Study Centres?

Internship program*

With a 12-week internship after graduation, you can add practical workplace experience to your résumé - a major selling point on job applications.

209

Academic Achievement Awards and 45 Executive Dean's Awards for outstanding results were presented in 2016.

Inner city locations

CSU Study Centres are located in the heart of Australia's largest and most multicultural cities.

Prior learning

CSU recognises prior learning and offers credits for eligible past studies.

Free support

One-on-one appointments with our Study Support Coordinators and Academic Writing and Learning Skills Workshops will give you the confidence to succeed.

Smaller class sizes

Greater individual attention encourages greater academic success.

Industry accredited

Our practical courses are taught by experts and accredited by professional bodies.

95%

Graduates of CSU found employment within four months of completing their postgraduate degree in Computing & Information Systems and Business & Management (Quality Indicators for Learning and Teaching - QILT).

AUSTRALIA'S CULTURAL CAPITAL AND HOME TO BEAUTIFUL GALLERIES, SPACIOUS PARKS AND CAFÉ-FILLED LANEWAYS.

A lively and multicultural city

Melbourne is considered one of the safest cities in the world to live, and study. In 2017, Melbourne was ranked the best student city in Australia and the fifth best in the world.*

Melbourne also boasts an astounding array of international restaurants, bistros, boutiques and festivals. Whether you are heading out for a bite to eat, exploring the parks and leafy boulevards or shopping for designer fashions in a city famous for style, you'll always feel secure and welcome here.

Population
Melbourne is Australia's second largest city, with a population of around 4.25 million.

Public transport
Melbourne's public transport network extends from the city in all directions, with trains, trams and buses offering extensive transport services.

Airport
Melbourne Airport offers international flights and direct access to key Australian tourist destinations.

Weather
Temperatures in summer range between 14°C (57°F) to 25°C (77°F) on average, and 7°C (45°F) to 14°C (57°F) on average in winter.

Melbourne is considered the most liveable city in the world by The Economist Intelligence Unit 2016

THE ECONOMIC POWERHOUSE OF AUSTRALIA, WHERE WORLD-FAMOUS ICONS CAN BE EXPLORED ALONG THE SHORE OF A STUNNING NATURAL HARBOUR.

A vibrant and exciting destination

Australia's largest city combines a relaxed Australian lifestyle with big city style, yet Sydney is most famous for its beautiful beaches.

Take your pick from a selection of experiences: you can enjoy the Manly or Bondi beach culture, view the city sights as you ferry across the panoramic harbour, or enjoy glorious sea views as you dine at one of the city's many delicious eateries.

Population
Sydney is Australia's largest city, with a population of around 4.76 million.

Public transport
Sydney has Australia's largest public transport system. Trains, light rail, buses and ferries extend from the city in all directions.

Airport
Sydney has Australia's largest airport, offering direct flights to all key Australian tourist destinations as well as international cities.

Weather
Temperatures in summer range between 16°C (61°F) to 25°C (77°F) on average, and 9°C (49°F) to 17°C (63°F) on average in winter.

Sydney was ranked in the top 10 in the Mercer Global Quality of Living Survey 2017

Where will I live?

A range of accommodation options are available to you while you study with us.

Homestay*
What will I get?

- To live with an English-speaking family.
- A rewarding experience, presenting an unrivalled opportunity for genuine cultural exchange. All homestay families have hosting experience, and have been cleared by police. Their homes are inspected before students are allowed to reside there.

How much will I pay?#

- From $315 a week, including your room, breakfast, self-serve lunch on weekends, laundry facilities and telephone access.

Who should I talk to?

- Speak to Student Services staff on campus:
  Sydney +61 2 9291 9300
  Melbourne +61 3 9935 7900
  Brisbane +61 7 3232 1531

Student residences
What will I get?

- Quality, furnished student accommodation.
- Convenient, safe and secure locations.
- The residences are walking distance to excellent libraries, art galleries, sporting venues, restaurants, festivals and a diverse range of entertainment.
- Shared rooms, single rooms and studios are available.

How much will I pay?#

- Rates vary depending on the type of accommodation you choose and the length of your stay, but prices start from $250 per week.

Who should I talk to?

- **Brisbane:**
  Unilodge Brisbane
  unilodge.com.au/lodge/onmargaret
  Study Queensland
  studyqueensland.qld.edu.au/Live/ Accommodation
- **Melbourne:**

* CSU Study Centre does not have agreements with Homestay providers, rental or share house properties. Any arrangements a student enters into with the provider is between that individual and the provider directly.

Please note that all costs are estimated averages only and are subject to change without notice.
Sources: numbeo.com/cost-of-living

For more information on living costs in Australia and the minimum financial requirements to receive a student visa please visit: **studyinaustralia.gov.au/global/live-in-australia/living-costs**

Note: All amounts listed on this page are in Australian dollars (AU$). To convert to your own currency, please visit: **xe.com**

Useful information

01
Cost of study

Please refer to page 45 or **csustudycentres. edu.au/courses-and-fees/fees** for course costs. Please note that tuition fees are shown in Australian dollars per session or per year.

You may pay by electronic funds, telegraphic transfer or credit card. CSU accepts most major credit cards.

02
Part-time work

International students are permitted to work up to 40 hours per fortnight during each session, however there is significant competition for part-time work.

You should not expect that money earned from a part-time job will cover tuition fees.

It is important that international students know their rights when it comes to part-time and casual employment in Australia. We encourage you to learn more by visiting **fairwork.gov.au/find-help-for/ visa-holders-and-migrants# international-students**

03
Students with families

Students who wish to bring their dependants with them will need to arrange a 'Student Dependant Nomination' entry with the Department of Immigration and Border Protection.

To be eligible, you will need to be enrolled in a full-time course of 12 months' study. If you are bringing school-aged dependants to Australia, you will be required to pay full fees if they are enrolled in either a government or non-government school.

For an indication of school fees, please visit **decinternational.nsw.edu.au** (NSW), **study.vic.gov.au** (VIC) or **education.qld.gov.au** (QLD)

For more information visit **studyinaustralia.gov.au**

04
Health insurance

As an overseas student you are required to have Overseas Student Health Cover (OSHC) for the duration of your student visa in Australia. OSHC will help you to pay for most medical and hospital care you need while studying in Australia. OSHC covers you for doctors, hospitals, ambulance and prescription drugs. CSU will assist you in obtaining your OSHC membership.

Visit **csustudycentres.edu.au/how-to-apply/health-insurance**

05
Student Services and Amenities fees (SSAF)

This is a contribution towards the provision of student services and amenities. It does not cover the cost of all services. In 2017, the SSAF is $36 per 8 point subject, with a maximum annual fee amount capped at $288 per student.

Fees will be indexed and may increase each calendar year.

At CSU, your SSAF will depend on the number of subjects you enrol in.

For more information visit **futurestudents.csu.edu.au/courses/fees-and-costs/international-student-fees/ international-on-campus**

Getting you career-ready

Real internships

With a 12-week internship[†] after graduation, you can add practical workplace experience to your résumé – a major selling point for future job applications.

Preparing for your internship

Register your interest with Career Services at your CSU Study Centre and we'll help you prepare for your internship by offering:

- tailored workshops
- a career research project
- tips and advice.

The right internship for you

We will take you through an in-depth interview to work out your career aspirations and objectives based on:

- your chosen industry
- your skill set
- any relevant experience you have
- your career goals
- your academic performance.

For more information visit:
csustudycentres.edu.au/about-csu-study-centres/internship-program

Career services to help you succeed

Our friendly and dedicated Career teams have a wealth of experience in coaching and mentoring students, along with experience across a range of industries. They can help you with everything you need to make a great start to your career:

- résumés and job applications
- interview preparation and coaching
- LinkedIn profiles
- career workshops
- industry events and presentations.

Great employment outcomes

CSU has Australia's highest graduate employment rate.[**] CSU Study Centre graduates have gone on to successful careers both in Australia and back home, working for renowned international companies including **Google**, **BAE Systems** and **Ernst & Young**.

Professional Year

Professional Year Programs were launched by the Australian government to address Australia's skills shortage through enhancing the employability of recent international graduates in specific professions.

CSU Study Centre students can access the services of Performance Education, a reputable provider of Professional Year programs for Accounting and Information Technology graduates. This program provides graduates with training that can assist their transition to the Australian workplace.

The benefits of completing a Professional Year include gaining an invaluable internship in your chosen industry, as well as the opportunity to gain migration points for Skilled Migration.[#]

csustudycentres.edu.au or contact the Careers Advisors at the CSU Study Centres.

Fazli, Turkey
Bachelor of Business Studies
CSU Study Centre
Sydney

An adventurous soul and a hardworking attitude

"I finished high school in 2007 in Turkey. My dream was to attend university overseas and I chose Australia because it is a great country with a solid economy. My adventurous soul and my hardworking attitude were the perfect combination of elements that allowed me to believe in myself and achieve my goals.

CSU gave me the knowledge to be a successful professional and a confident person. I finished my Bachelor of Business Studies at CSU Study Centres in 2013. Then I decided to go back to my country, Turkey, and work in the natural stones field. Today, I work as an export manager in a multinational company.

My experience at CSU Study Centres was fabulous. I am glad to be part of this wonderful and tight family. This experience expanded my horizons and showed me that a bright future is out there, all around the world waiting for us.

One of the best things about CSU is that they reward your efforts and discipline. I strongly recommend international students come to Australia because this is a life changing experience in a completely positive way. They will get to meet people from around the world, and experience a beautiful land and high quality education."

[†] The Internship Program is a Study Group initiative. Terms and conditions apply.

Support - we're with you all the way

Orientation

Our orientation program helps students transition into the CSU community and be prepared for our study environment. Orientation is a great opportunity to make friends and begin your CSU journey.

Supportive classroom environment

Our dedicated lecturing staff have a passion for teaching. Their aim is to create a supportive and engaging classroom environment and learning experience.

Peer support and advice

At CSU Study Centres we believe in the power of peer support. Selected and highly trained Student Leaders actively support students through our **STEP, PASS and DSL programs** (see page 14 for more information).

Flexible learning environment

Our CSU Study Centres enhance face-to-face teaching by providing an integrated online environment. This approach provides students with a state-of-the-art learning experience and with the flexibility to learn in a manner that best suits your needs.

Academic skills development

Our academic workshops and services provide a great opportunity for students to develop important study skills. Our trained and professional Study Support Coordinators offer a wide range of specially designed workshops crafted to assist international students. You can also request an individual consultation for extra assistance.

CSU Study Centres' Academic Merit Scholarship

Our CSU Study Centres offer Academic Merit scholarships. These scholarships are for students who have shown exceptional academic performance and achieved the highest GPA (conditions apply) in their area of study within their CSU Study Centre course.

Academic success and recognition

Every year hundreds of our students achieve outstanding results and are recognised through Academic Achievement and Executive Dean's Awards. For the past few years students from our CSU Study Centres have been awarded the School of Computing and Mathematics Prize for Academic Excellence in First Year Information Technology. This award is drawn from students studying IT from all campuses across the university. In 2016, Elisa, from the CSU Study Centre Sydney, was awarded the prestigious CSU University Medal for exceptional results in her Bachelor of Information Technology.

We recognise students' academic achievements at our annual Student Gala celebration. We have a proud history of students graduating 'with Distinction,' acknowledging their continuous high performance throughout their degree.

Peter Smith Memorial Award (Sydney)

The late Peter Smith lectured in IT (Networking) at the CSU Study Centre Sydney for more than eight years. Peter's spirit lives on in the many Networking students he inspired and supported during his time as an academic and mentor in the CSU IT/Networking community. The award is given to the CSU Study Centre Sydney student who has achieved the highest total mark in ITC355: Network Design.

CSU Study Centres have a limited number of Academic Merit Scholarships for gifted students who begin their studies at a CSU Study Centre in Brisbane, Melbourne or Sydney

Leadership programs

'Get Involved'; student leadership and personal development program

Students who significantly contribute to our CSU Study Centre communities through leadership programs or other contributions are rewarded with invitations to special events. They also receive a 'Certificate of Leadership'; an achievement which is recognised by employers.

'Get Involved' provides you with the opportunity to participate in activities that build personal growth and leadership skill development. You will have the opportunity to build:

- a supportive network of peers and staff at university and beyond
- interpersonal communication skills
- personal confidence, self-awareness, and emotional intelligence
- leadership skills.

Students who actively engage with the 'Get Involved' program will be eligible for certificates and rewards, including invitations to special events such as the National Achievers Congress and personal development opportunities.

Our leadership and personal development programs include:

- **Student Representative Committee (SRC)** SRC members are voted to the committee by their peers and provide a voice for students in meetings with senior management and on various committees. SRC members are active and engage with students by organising events to build a richer student community within the CSU Study Centres.
- **Successful Transition Enhanced by Peers (STEP) Leaders** – Senior students support their peers and provide information, support and tips to help you to excel in your studies and student life.
- **Peer Assisted Study Sessions (PASS) Leaders** – PASS Leaders facilitate voluntary, informal, weekly sessions in which students review concepts, discuss readings, and prepare for assessments and examinations. PASS Leaders are students who have previously achieved Distinction level grades for the subject they facilitate.

Discipline Support Leaders (DSL) – DSL are high-achieving students (usually having distinction level Grade Point Average scores) who volunteer to make themselves available to support their peers. By meeting and assisting a variety of students, the DSL are building their problem solving skills, enhancing their communication skills, and demonstrating their leadership abilities. At the same time, the whole student body benefits by having a range of experienced and dedicated students to support them in their studies.

CSU International Student Association

The CSU International Student Association advocates for the interests of all onshore CSU international students on matters such as employment rights, immigration and cultural engagement. Made up of current students and international student liaison officers, the association contributes to the development of new services and programs for International students.

Find us on Facebook - search 'CSU International Student Association'

CSU community

Wagga Wagga Trip

Every year, students and staff from the CSU Study Centres travel to Wagga Wagga, CSU's biggest campus, for a two-night trip.

The program includes sporting competitions, cultural activities and a campus tour.

Annual Gala

The Gala is the biggest event held at CSU Study Centres. It includes a formal dinner with speakers, awards and entertainment. The night is a celebration of both student and staff achievements, such as the prestigious Executive Dean's Awards, Academic Achievement Awards, and Lecturer Awards for Excellence in Teaching.

Other events and activities

- Harmony Day
- International Food Day Picnic
- Monthly birthdays
- Themed movie nights
- Day trips
- End of session parties
- Games nights
- Surf days
- Charity yoga classes
- Australia Day BBQ

Sports

Joining a sports team and taking part in sporting activities is a great way of integrating into the Australian way of life, as well as making new friends and keeping fit. At CSU Study Centres you can get involved in lots of different sports. A variety of summer and winter sporting activities are offered to students each year. More details can be found on our website at **csustudycentres.edu.au/about-csu-study-centres**

CSU Study Centre Orientation week

You'll learn about:

- who the staff are and how the CSU Study Centre team can help you
- your course structure, which subjects are compulsory and where you can select different options (specialisations or electives)
- how to create a study plan that ensures you take the right subjects at the right time throughout your course
- student life and the CSU community
- how to succeed in your studies
- the digital systems used to support your learning and submit assessments
- how to develop your personal skills, which are key to future employment opportunities
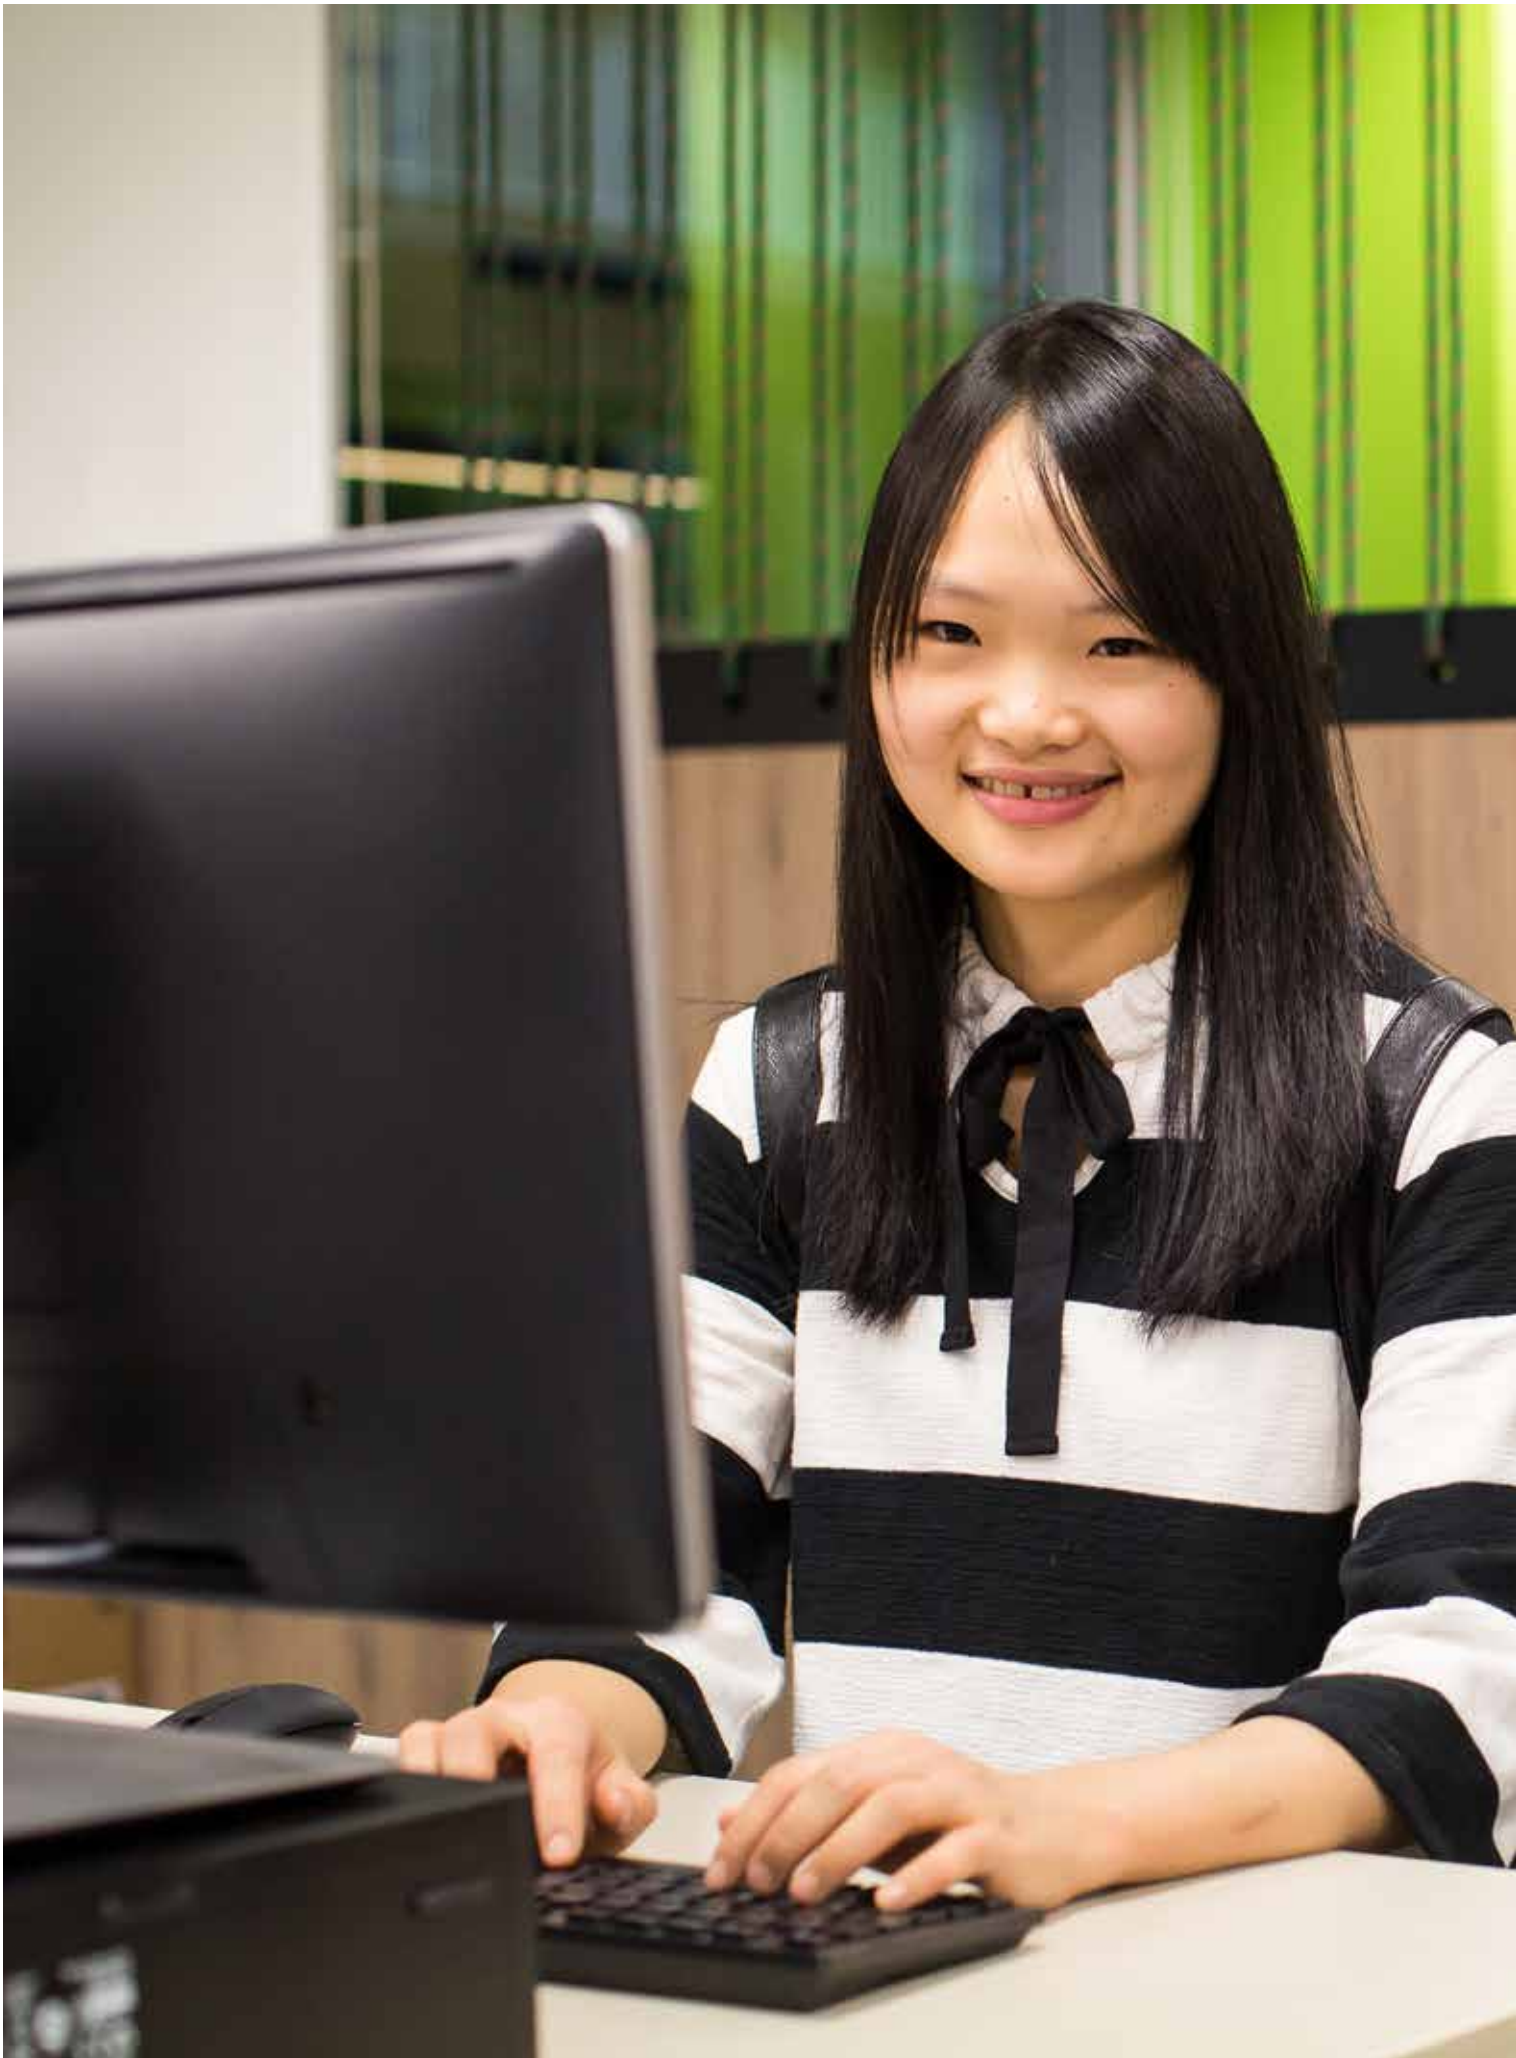

What our students say…

"I want to be a professional accountant in the future. After graduating from CSU, I will try to get a CPA Australia certificate and find a good job. The CSU accounting courses gave me the knowledge I needed to be an accountant."

Pingxia Wang, China
Bachelor of Accounting
CSU Study Centre Sydney

Undergraduate programs

CSU's undergraduate programs offer students a broad range of skills for diverse careers in private, public and not-for-profit organisations.

An undergraduate degree, also known as a Bachelor, is usually the first degree you will complete at university. Bachelor degrees lay the foundations for your career, giving you the skills and knowledge you need for entry-level positions in your chosen field. The skills you gain during your undergraduate study will prepare you for the professional environment, and ensure you are job-ready when you graduate.

Choosing a career is important, and selecting the degree that will get you there is a vital step.

- **Check** the many CSU courses that are available to you, either by looking in this prospectus or online at **csustudycentres.edu.au**
- **Investigate** your career area and consider what kinds of jobs are available now and in the future.
- **Speak** to professionals in the career areas that interest you.
- **Discuss** your ideas with your family and teachers.
- **Check** admission requirements for the courses you are interested in.

BACHELOR OF ACCOUNTING

The Bachelor of Accounting is designed for students who want to gain a career-focused undergraduate degree that gives them a solid understanding of the theoretical and conceptual aspects of accounting.

About the course

This specialist accounting degree covers theoretical and practical accounting concepts with employment opportunities in professional accounting practice, commerce, industry, government and the not-for-profit sector. You will enjoy many vocational choices, including:

- **Public practice:** auditing, business advisory services, taxation, management consulting, insolvency and business recovery, information technology, external reporting.
- **Commerce and industry:** management accounting, budget planning and control, taxation planning, information systems design, electronic data processing, financial management, internal auditing, policy formulation, strategic planning, team research, product planning and marketing.
- **Government, semi-government and non-profit organisations:** financial accountability, budgeting and performance measurement, accounting control systems, policy formulation, prices surveillance, cost-benefit analysis, cost-effectiveness analysis.

Your course is recognised

Both CPA Australia and the Chartered Accountants Australia & New Zealand accredit the Bachelor of Accounting. Graduates are eligible to enrol in CPA and Chartered Accountants Australia and New Zealand postgraduate programs.

Course structure

You must successfully complete 24 subjects to graduate.
This will include 18 core subjects and six unrestricted electives.

MGT100	Organisations and Management
MGT211	Business Ethics: A Global Perspective†
MGT230	Ethics, Sustainability and Culture†
QBM117	Business Statistics

Electives

Students may undertake six unrestricted electives or choose electives for Joint Study purposes. An elective is any undergraduate subject offered at the CSU Study Centre. Students can enrol in these subjects provided they meet prerequisites and enrolment restrictions. Electives are required to bring a student's total number of subjects to 24 over the course of the three-year degree.

This course is also offered at CSU's campuses in Albury-Wodonga, Bathurst, Port Macquarie and Wagga Wagga.

WHAT OUR STUDENTS SAY...

"All the staff and lecturers at CSU are very friendly and always try their best to help you whenever you are in need."

Prabison, Nepal
Bachelor of Accounting
CSU Study Centre Sydney

---

* This subject has a prerequisite and cannot be undertaken before its prerequisite subject is passed. Waivers can be granted in special circumstances.

† Students will study either MGT230 Ethics, Sustainability and Culture or MGT211 Business Ethics: A Global Perspective, but not both.

Note: Not all subjects are offered each session.

BACHELOR OF BUSINESS (HUMAN RESOURCE MANAGEMENT)

CSU's Bachelor of Business (Human Resource Management) equips graduates for a career managing an organisation's people to deliver strategic goals.

About the course

Regardless of the size of an organisation or the extent of its resources, the organisation survives and thrives because of the capabilities and performance of its people. As a graduate, you will implement activities to maximise people's capabilities to achieve the organisation's goals. Activities may include staff recruitment, career planning, appraisal, developing reward and discipline structures, and the design and redesign of jobs. Career options are broad and include the following:

- Human resources manager
- Training manager
- Learning and development manager
- Occupational health and safety manager
- Employee relations manager
- Human resources management consultant

You can tailor your degree to suit your career aims and direction by adding a Joint Study in Accounting, Finance, Law, Management, Marketing or Online Business Technologies.

Your course is recognised

The Bachelor of Business (Human Resource Management) is accredited by the Australian Human Resources Institute (AHRI).

Course structure

You must successfully complete 24 subjects to graduate.
The course comprises 17 core subjects and seven unrestricted electives.

Core subjects

ACC100	Accounting 1
BUS110	Workplace Learning 1
BUS220	Workplace Learning 2
BUS370	Workplace Learning 3
ECO130	Business Economics
HRM201	Workplace Relations in Australia*
HRM210	Human Resource Management
HRM310	Developing Human Resources*
HRM320	Issues in Human Resource Management*
HRM330	Strategic Human Resource Management* (Capstone Subject)
MGT100	Organisations and Management
MGT210	Organisational Behaviour
MGT211	Business Ethics: A Global Perspective†
MGT230	Ethics, Sustainability and Culture†
MGT320	Managing Change
MGT340	International Management
MGT367	Leadership Issues
QBM120	Business Data Analysis

Unrestricted Electives

Seven unrestricted electives of which a maximum of five can be non-business subjects.

Note that at least three electives must be business or business-related subjects.

Students must ensure that there are no more than 12 level one subjects in their degree. Students must also ensure that they complete a minimum of five level three subjects in their degree. The level of a subject is designated by the first digit in the subject code, e.g., MGT100 is a level one subject.

---

* You will be required to study some of these subjects online.

† Students will study either MGT230 Ethics, Sustainability and Culture or MGT211 Business Ethics: A Global Perspective, but not both.

Note: Not all subjects are offered each session.

BACHELOR OF BUSINESS (MANAGEMENT)

The Bachelor of Business (Management) equips graduates to become leaders in the business world.

About the course

This course is designed for students who wish to pursue a management career in industry and commerce. The course prepares you for all aspects of business operations and for the development of specific on-the-job skills.

The course offers an optimum blend of theory with the flexibility to develop both soft skills for working with people and also hard skills such as strategy, planning, managing organisational change and business operations.

Additional subjects that offer strategic and international perspectives will prepare you for employment in regional, national and international organisations.

You can tailor your degree to suit your career aims and direction by adding a Joint Study in Accounting, Finance, Human Resource Management, Law, Marketing or Online Business Technologies.

As a graduate you will be eligible for a variety of careers in the public and private sectors. Employment opportunities include:

- Joining a graduate training scheme with a large private company in commerce or industry
- Being an entrepreneur or owner/manager in a small or medium-sized company
- Joining a business as a store or department manager
- Working in a government, semi-government or non-profit organisation as a section or department manager.

Please turn to page 40 for additional information about recognition of prior learning.

This course is also offered at CSU campuses in Albury-Wodonga, Bathurst and Wagga Wagga.

Course structure#

You must successfully complete 24 subjects to graduate.
The course comprises 11 core subjects, three restricted electives (set A), two electives (set B) and eight unrestricted electives.

Core subjects

BUS110	Workplace Learning 1
BUS220	Workplace Learning 2
BUS370	Workplace Learning 3
ECO130	Business Economics
HRM210	Human Resource Management
LAW110	Business Law
MGT100	Organisations and Management
MGT210	Organisational Behaviour
MGT211	Business Ethics: A Global Perspective†
MGT230	Ethics, Sustainability and Culture†
MGT290	Project Management
MGT310	Operations Management
MGT320	Managing Change
MGT330	Business Strategy (Capstone Subject)
MGT340	International Management
MGT367	Leadership Issues
QBM120	Business Data Analysis

Unrestricted electives

Students must choose eight electives either by:

- Completing a Joint Study in another discipline area, which will be included on the testamur, and adding the number of electives needed to bring the total number of subjects to 24; or by
- Selecting eight electives. An elective is any undergraduate subject offered by CSU, provided prerequisites and enrolment restrictions have been met.

Please note that at least three unrestricted electives must be business or business-related subjects.

Students must ensure that there are no more than twelve level one subjects in their degree. Students must also ensure that they complete a minimum of five level three subjects in their degree. The level of a subject is designated by the first digit in the subject code, e.g. MGT100 is a level one subject.

Not all subjects may be offered at CSU Study Centres.

* This subject has a prerequisite and cannot be undertaken before its prerequisite subject is passed. Waivers can be granted in special circumstances.

† Students will study either MGT230 Ethics, Sustainability and Culture or MGT211 Business Ethics: A Global Perspective, but not both.

Note: Not all subjects are offered each session.

BACHELOR OF BUSINESS (MARKETING)

CSU's Bachelor of Business (Marketing) equips graduates for a career in marketing management.

About the course

As a graduate, you will be able to respond to the needs of industry and commerce, particularly in the areas of strategy development, innovation and international marketing. You will be prepared for positions in marketing, including product or brand management, marketing research, promotion and sales.

The main responsibilities of the marketing management function include:

- Market analysis
- Marketing strategy development
- Marketing program development and implementation
- New product development.

You can tailor your degree to suit your career aims and direction by adding a Joint Study in accounting, finance, human resource management, law, management or online business technologies.

WHAT OUR TEACHERS SAY...

"I make learning real, create stimulating learning environments, update existing material, draw on the collective experience of our diverse student cohort including my own corporate experience and provide support to individual student concerns. I am very fortunate to be able to do what I love!"

Suzanna Mahinder
Adjunct Lecturer in Business, CSU Study Centre

Course structure#

You must successfully complete 24 subjects to graduate.
The course comprises 11 core subjects, three restricted electives (set A), two restricted electives electives (set B) and eight unrestricted electives.

Core subjects

BUS110	Workplace Learning 1
BUS220	Workplace Learning 2
BUS370	Workplace Learning 3
MGT100	Organisations and Management
MGT211	Business Ethics: A Global Perspective†
MGT230	Ethics, Sustainability and Culture†
MKT110	Marketing and Society
MKT220	Consumer Behaviour
MKT230	Market Research*
MKT260	International Marketing
MKT340	Strategic Marketing Management (Capstone Subject)*
QBM120	Business Data Analysis

Plus at least three restricted electives (Set A) from#:

MKT235	Brand Management
MKT240	Market Analysis and Analytics
MKT310	Integrated Marketing Communications
MKT335	Marketing of Services
MKT303	Social and Environmental Marketing
MKT350	Product Innovation Management

Plus at least two restricted electives (Set B) from:

ACC100	Accounting 1
ECO130	Business Economics
ITC105	Communication and Information Management
LAW110	Business Law

Unrestricted Electives

Students must choose eight electives either by:

- Completing a Joint Study in another discipline area, which will be included on the testamur, and adding the number of electives needed to bring the total number of subjects to 24; or by
- Selecting eight electives. An elective is any undergraduate subject offered by CSU, provided prerequisites and enrolment restrictions have been met.

Note that at least three electives must be business or business-related subjects.

Students must ensure that there are no more than 12 level one subjects in their degree. Students must also ensure that they complete a minimum of five level three subjects in their degree. The level of a subject is designated by the first digit in the subject code, e.g. MGT100 is a level one subject.

Not all subjects may be offered at CSU Study Centres.

* You may be required to study these subjects in distance education mode.

† Students will study either MGT230 Ethics, Sustainability and Culture or MGT211 Business Ethics: A Global Perspective, but not both.

Note: Not all subjects are offered each session.

BACHELOR OF BUSINESS STUDIES

CSU's Bachelor of Business Studies is a flexible, generalist undergraduate degree that results in a wide range of opportunities for graduates.

About the course

This course allows you to construct a program of study that you consider will best meet your future needs.

The course offers an extensive portfolio of business subjects developed by CSU, and is designed so that you can include qualifications from any tertiary study you may previously have undertaken. Please see page 40 for additional information about recognition of prior learning.

It is important to note that there are no specialisations in this program, however you can design your course around your own particular business interests.

Course structure

To be awarded the Bachelor of Business Studies from CSU students are required to complete:

- 24 standard subjects
- No more than 12 level one subjects. The level of a subject is designated by the first digit in the subject code, e.g. ACC100 is a level one subject.
- At least two thirds of the 24 standard subjects in business-based or business-related discipline areas, including at least four subjects at level two and four subjects at level three.
- At least one Indigenous subject:

IKC101	Indigenous Cultures, Histories and Contemporary Realities
MGT211	Business Ethics: A Global Perspective[†]
MGT230	Ethics, Sustainability and Culture[†]

- At least one strategic subject:

ACC311	Strategic and Sustainable Accounting*
MGT330	Business Strategy
MKT340	Strategic Marketing Management

This course is also offered at CSU campuses in Albury-Wodonga, Bathurst, Port Macquarie and Wagga Wagga.

---

* This subject has a prerequisite and cannot be undertaken before its prerequisite subject is passed. Waivers can be granted in special circumstances.

[†] Students will study either MGT230 Ethics, Sustainability and Culture or MGT211 Business Ethics: A Global Perspective, but not both.

Note: Not all subjects are offered each session.

Joint studies

A Joint Study is a prescribed set of subjects taken from two different discipline areas. Both disciplines studied will then be included on the testamur, e.g. Bachelor of Accounting/Marketing or Bachelor of Business (Management/Marketing).

For a Joint Study within the Faculty of Business, Justice Studies and Behavioural Sciences, students must take an established sequence or a set of five subjects. Students must ensure that they take the necessary prerequisites or have the required assumed knowledge.

A student cannot claim more than one Joint Study.

Joint Studies are available within the Bachelor of Accounting, as well as any of the Bachelor of Business

specialisations, such as human resource management, management or marketing and cover the following areas:

• Accounting
• Human resource management
• Information systems
• Management
• Marketing
• Online business technologies.

"Here, staff come to teach. They come to impart their knowledge of their industry. They come to develop the next generation of people in their field. The staff want to be here to pass on that knowledge, and that's a wonderful thing."

Dr Jeff Gosper
Academic Director, CSU Study Centre Sydney

BACHELOR OF INFORMATION TECHNOLOGY (WITH SPECIALISATIONS)

The Bachelor of Information Technology (with specialisations) will provide you with the skills needed to become a knowledge worker in the rapidly expanding information technology industry.

About the course

Information Technology (IT) graduates have excellent job prospects and may find employment as computing professionals in both commercial and technical sectors. Employers might be in industry, commerce, small business, large financial enterprises, public utilities, government, education or welfare.

Graduates may also go on to postgraduate study and research.

Your course is recognised by industry

The Australian Computer Society (ACS) accredits courses in Information Technology. CSU's Bachelor of Information Technology (with specialisations) has professional level accreditation – the highest level of ACS accreditation.

Practical experience

The course places particular importance on practical experience, and all teaching involves industry-standard hardware and software methods and techniques. You will be encouraged to seek relevant paid work experience during vacations.

In your final year project, you will investigate, design and implement a substantial Information Technology project to address a practical 'real-world' problem.

Course structure

You must successfully complete 24 subjects to graduate. The structure of the course is flexible. Every student must complete 10 core subjects, and eight subjects of IT (called a 'specialisation'). In addition, every student must complete six elective subjects.

The core component covers fundamental information system and computing principles such as databases and systems analysis and design.

Core subjects

ITC105	Communication and Information Management
ITC106	Programming Principles
ITC114	Database Management Systems
ITC133	Customer Support Management
ITC161	Computer Systems
ITC211	Systems Analysis
ITC212	Internet Technologies
ITC218	ICT Project Management
ITC331	Ethics and Professional Practice
ITC358	IT Security

Information Technology (IT) specialisations

A specialisation is comprised of eight compulsory subjects in a related area of IT, such as:

- Business Analysis
- Network Engineering
- Software Design and Development
- Systems Administration

Business Analysis specialisation

This specialisation contains a mix of business and technology subjects designed to give students an understanding of business operations and the technologies used to enhance competitiveness. You will study the principles of business organisation and management as well as techniques to optimise business performance. You will also study technologies that can be used to enhance the business mission, such as wireless networking and virtualisation. Towards the end of your studies, you will undertake a significant project relating to the Business Analysis field.

Subjects

MGT100	Organisations and Management
ITC204	Human Computer Interaction
ITC306	Project Preparation
ITC308	IT Project*
MGT210	Organisational Behaviour
MGT310	Operations Management

And two of the following subjects#:

ITC203	Object Oriented Systems Analysis and Design
ITC240	IT Infrastructure Management
ITC254	Wireless Networks
ITC314	Virtualisation Technologies
MGT211	Business Ethics: A Global Perspective†
MGT230	Ethics, Sustainability and Culture†

Or two other appropriate ITC subjects relevant to the specialisation and the Bachelor of Information Technology as a whole, as approved by the Course Director.

Network Engineering specialisation

This specialisation provides strong practical knowledge of the computing networking field - how networks are built, how they function, computer networking protocols and security issues.

You may also elect to study more specialist topics such as virtualisation, cloud computing, and wireless networks. Several subjects in this major are based around the CISCO networking curriculum. At the end of your studies, you will be eligible to attempt the CISCO Certified Networking Associate (CCNA) exam. All students in this major will design and implement a significant networking project as part of their enrolment.

Subjects

ITC233	Computer Networks
ITC254	Wireless Networks
ITC306	Project Preparation
ITC308	IT Project*
ITC354	Routing and Switching
ITC355	Network Design

And two of the following subjects#:

ITC240	IT Infrastructure Management
ITC314	Virtualisation Technologies
ITC333	Server Administration and Maintenance
MGT211	Business Ethics: A Global Perspective†
MGT230	Ethics, Sustainability and Culture†

Or two other appropriate ITC subjects, relevant to the specialisation and to the Bachelor of Information Technology (with specialisations) as a whole, as approved by the Course Director.

Software Design and Development specialisation

This specialisation will introduce you to the fundamentals of computer programming before deepening your skills through proficiency in the Java Programming Language. Later, you will learn how to program mobile device applications and advanced desktop applications that interact with a relational database, and to use Java collection classes to solve complex programming problems. Towards the end of your studies, you will design and implement a significant programming project that will help prepare you for future employment as a software developer.

Subjects

ITC203	Object Oriented Systems Analysis and Design
ITC205	Professional Programming Practice
ITC206	Programming in Java 1
ITC303	Software Development Project 1
ITC309	Software Development Project 2*
ITC313	Programming in Java 2

And two of the following subjects#:

ITC204	Human Computer Interaction
ITC209	Mobile Application Development
ITC322	Data Structures
MGT211	Business Ethics: A Global Perspective†
MGT230	Ethics, Sustainability and Culture†

Or two other appropriate ITC subjects, relevant to the specialisation and to the Bachelor of Information Technology (with specialisations), as approved by the Course Director.

Systems Administration specialisation

This specialisation will teach you the skills required to successfully administer desktop clients, servers, and computer networks in a corporate environment. You will first learn how to troubleshoot desktop applications, and to resolve network and security issues for end users. You will also learn how to design, test and analyse the elements of small to medium-sized networks before studying specialised topics in virtualisation and server administration. Finally, you will design and implement a significant project that will prepare you for future employment as a systems administrator.

Subjects

ITC232	Technical Service Management
ITC233	Computer Networks
ITC306	Project Preparation
ITC308	IT Project*
ITC314	Virtualisation Technologies
ITC333	Server Administration and Maintenance

And two of the following subjects#:

ITC204	Human Computer Interaction
ITC240	IT Infrastructure Management
ITC254	Wireless Networks
MGT211	Business Ethics: A Global Perspective†
MGT230	Ethics, Sustainability and Culture†

Or two other appropriate ITC subjects, relevant to the specialisation and to the Bachelor of Information Technology (with specialisations), as approved by the Course Director.

This course is also offered at CSU campuses in Albury-Wodonga and Wagga Wagga.

CISCO Networking Academy

CSU is proud to offer students the 'hands-on' experience necessary to succeed in the Information Technology industry, thanks to the CISCO Networking Academy Program.

CISCO's Networking Academy Program is taught in approximately 145 countries across the globe. It provides students with access to online curricula, online exams, and hands-on experience with networking equipment.

CSU has partnered with CISCO to offer students this dynamic learning experience. Students who successfully complete the CISCO program obtain industry certification.

To ensure students experience 'real-life' workplace situations, CSU Study Centres offer extensive computing facilities that include computer networks of different types and sizes, internet access for all terminals, and online study materials.

www.cisco.com

Not all subjects may be offered at CSU Study Centres.

* This subject has a prerequisite and cannot be undertaken before its prerequisite subject is passed. Waivers can be granted in special circumstances.

† Students will study either MGT230 Ethics, Sustainability and Culture or MGT211 Business Ethics: A Global Perspective, but not both.

Note: Not all subjects are offered each session.

"My time at CSU Study Centres has been invaluable to me. Coming from Colombia to study a Masters program in Australia was a daunting and life changing decision, but the support I've received from lecturers and centre staff has made the transition a wonderful experience. I am now in the final year of my Masters degree and have been working as an intern for over a year, after originally being placed for three months as part of my Masters degree. Thank you CSU Study Centres for the platform you've given me, I can't wait to see what my future holds!"

Daniel Severino, Colombia
Master of Commerce (Marketing), CSU Study Centre Sydney

Postgraduate programs

Some people undertake postgraduate **study to upgrade skills and qualifications,** or to **specialise in an area of interest,** and others simply enjoy the **empowerment that knowledge can bring.**

Postgraduate qualifications lead to the acquisition of valuable skills sought by employers, as well as greater expertise in a chosen field, providing you with greater mobility when seeking fresh employment, and the likelihood of promotion and a higher salary package.

Masters degrees usually require two years full-time study to complete. For admission to a Masters degree, applicants should have completed an approved Bachelor degree or equivalent qualification from a recognised tertiary institution. Credit for previous relevant postgraduate study may be awarded, reducing the number of subjects required to complete the course.

For more information, please visit: **csustudycentres.edu.au/courses-and-fees**

As a postgraduate student, you will:

- Question your assumptions and opinions
- Form independent opinions while taking into account others' ideas
- Gather and interpret information to support or contrast arguments
- Initiate investigations of advanced topics
- Increase your awareness and analytical skills
- Develop new ways of thinking and reasoning
- Increase your intellectual, personal and communication skills
- Form valuable professional networks with colleagues and academics across the globe.

Enrol in this program at the CSU Study Centre in Brisbane, Melbourne or Sydney

For more information visit: **csustudycentres.edu.au/courses-and-fees**

MASTER OF PROFESSIONAL ACCOUNTING (12 SUBJECTS† – 2 YEARS)

† Brisbane Study Centre only offers the 12 Subject option.

MASTER OF PROFESSIONAL ACCOUNTING (16 SUBJECTS – 2 YEARS)
GRADUATE DIPLOMA OF ACCOUNTING (8 SUBJECTS – 1 YEAR)

The Master of Professional Accounting builds on undergraduate qualifications for those who intend to develop a professional career in Accounting.

About the courses

The Master of Professional Accounting provides a generalised professional accounting education to graduates of non-accounting disciplines. Both Chartered Accountants Australia and New Zealand and CPA Australia recognise the qualification.

Above all, the Master of Professional Accounting is designed for students looking to develop a professional career in Accounting. The degree opens the way to many vocational choices in areas of commerce and industry, government and semi-government organisations. This degree will prepare you to:

- Undertake and evaluate the conceptual basis of accounting
- Understand, evaluate and apply the principles of current accounting practice
- Recognise and analyse the impact of the business environment on accounting theory and its application
- Understand and apply principles and analytical techniques from economics, commercial law, business communications and the accounting context.

Qualifications

Graduates are awarded a Master of Professional Accounting and meet the core knowledge requirements for the professional programs of both CPA Australia and the Chartered Accountants Australia and New Zealand. Students gaining entry to the program via the Graduate Diploma of Accounting will be conferred with both the Graduate Diploma of Accounting and the Master of Professional Accounting qualifications.
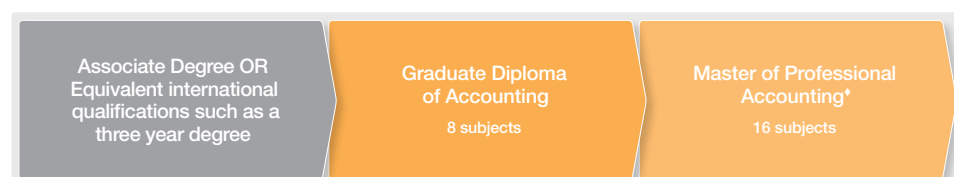

Career options

CSU's Master of Professional Accounting program is an ideal platform for a dynamic and exciting business career. As well as meeting the academic requirements of the Chartered Accountants Australia and New Zealand and CPA Australia, our program provides practical and relevant skills, opening the way to many vocational choices in areas of financial management, public practice, commerce and industry, government and semi-government organisations, and accounting education.

COURSE INFORMATION – 29

MASTER OF BUSINESS ADMINISTRATION (12 SUBJECTS – 1.5 YEARS)
MASTER OF BUSINESS ADMINISTRATION (16 SUBJECTS – 2 YEARS)

The Master of Business Administration (MBA) equips graduates with the knowledge and ability to add significant value to their organisation.

About the course

When CSU first offered a Master of Business Administration degree in 1989 the program was an instant success, attracting and enrolling students from around the world.

Today the state of national economies, climate change and decreasing supplies of renewable energy sources are some of the challenges facing organisations in an increasingly competitive global market. To meet such challenges, organisations require managers with the intellect and know-how to navigate a business through turbulent times.

The CSU MBA is now available to students with or without work experience. Students with a recognised bachelor degree in business/commerce are eligible to undertake the 12 subject MBA within one and a half years. Alternatively students with a recognised bachelor degree in a discipline other than Business/Commerce who have at least three years full time relevant work experience at managerial level may be eligible for admission to the MBA 12 subject program.

Students with a degree in a non-business/commerce discipline and no work experience are eligible for admission to the 16 subject MBA which is delivered over two years.

For students with a qualification in a business discipline that is recognised as equivalent to Associate Degree level and who have at least five years full time work experience with at least two years in a managerial role are eligible to enter the Graduate Diploma in Commerce course which leads to the MBA 12 subject program.

Students with a qualification deemed to be at Associate Degree level in a discipline other than business may be eligible to enter the Graduate Diploma in Commerce leading to the MBA 16 subject program if they have the appropriate work experience.
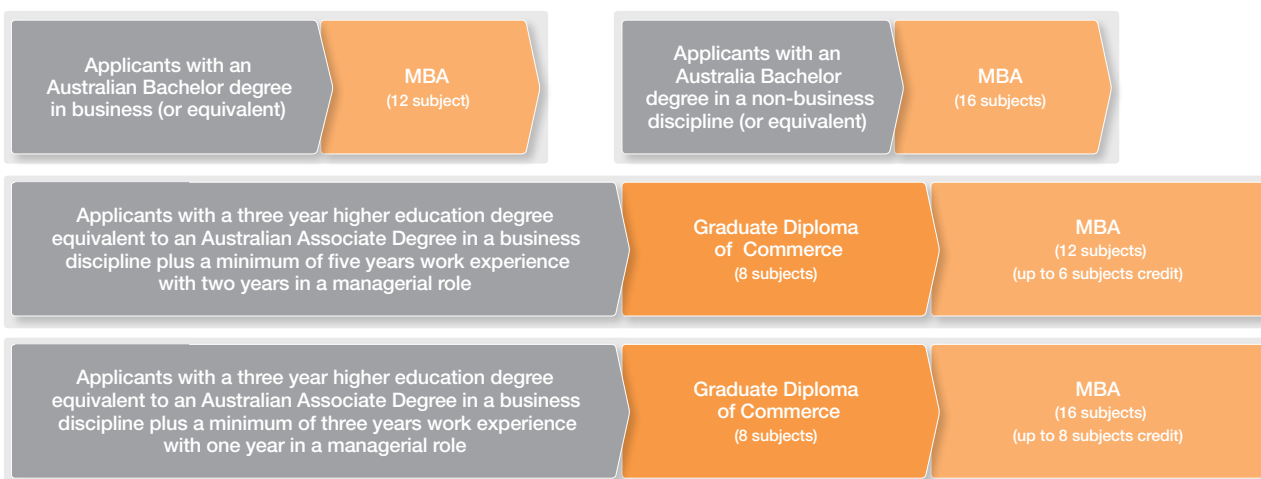

Credit

Master of Business Administration

Credit into the MBA is based on studies completed at postgraduate or equivalent international level qualifications from a recognised tertiary institution. Students may receive credit for up to a maximum of 50 percent of the course for studies already completed within the past 10 years. No credit will be given for subjects completed at undergraduate level.

Master of Business Administration (12 subjects)	Master of Business Administration (16 subjects)

MASTER OF COMMERCE (12 SUBJECTS# – 2 YEARS)
MASTER OF COMMERCE (16 SUBJECTS – 2 YEARS)
GRADUATE DIPLOMA OF COMMERCE (8 SUBJECTS – 1 YEAR)

The Master of Commerce offers core management knowledge and advanced studies in a chosen specialisation.

About these courses

These courses are for students who wish to further their understanding of business and management fundamentals, as well as improve their knowledge and skills in particular professional or occupational areas.

The goal is to produce graduates with strong problem-solving and interpersonal skills relevant to their occupational area. In addition, this course offers technical knowledge required for a variety of senior positions in specialist areas.

The advantage of studying the Graduate Diploma or Master of Commerce over other postgraduate programs is that you select exactly which business subjects you wish to study thus tailoring the course to your individual goals and career needs.

Credit

Students entering the Graduate Diploma of Commerce or the Master of Commerce may be eligible to receive credit of up to 50 percent of these courses for studies completed at a postgraduate or equivalent international qualification.

Students that complete the Graduate Diploma of Commerce or Master of Commerce may enter the MBA program and receive up to 50 percent credit towards the MBA. It is possible to arrange your studies so that you can complete the Graduate Diploma of Commerce and MBA in a total of two years. Students intending to undertake this pathway should declare their intention at enrolment into the Graduate Diploma of Commerce to ensure the correct subjects are undertaken.

MASTER OF INFORMATION TECHNOLOGY† (12 SUBJECTS# – 2 YEARS)

† Brisbane Study Centre only offers the 12 subject option.

MASTER OF INFORMATION TECHNOLOGY (16 SUBJECTS – 2 YEARS)
GRADUATE DIPLOMA OF INFORMATION TECHNOLOGY (8 SUBJECTS – 1 YEAR)

CSU's School of Computing and Mathematics is ranked third in Australia for Computer Science. The School has the most postgraduate students and graduates generally do well in the job market ($51,329 indicative salary).**

About the courses

Graduate Diploma of Information Technology

The aim of the Graduate Diploma of Information Technology is to provide students with the theoretical knowledge and technical and communication skills necessary to succeed as a computing professional. Students will develop knowledge in such areas as database systems, ICT project management, computer networks, and programming. The course also provides a pathway to Masters-level study in a specialist computing area.

The 12 subject course is also offered at CSU the campus in Port Macquarie.

Master of Information Technology

The aim of the Master of Information Technology is to provide students with the theoretical knowledge and technical and communication skills necessary to succeed as a computing professional. Students will also acquire valuable research and problem-solving skills. Students will study one or more specialisations in the areas of computer networks, software development, ICT management, network security, and systems analysis. The course is practically-focused, and all students will complete a final year capstone subject to demonstrate their specialist knowledge in a professional context.

Specialisations for the jobs of the future

Mobile Programming

The mobile app development industry accounts for nearly 10 percent of all Information Technology (IT) jobs in Australia. This trend is expected to continue, with a recent report predicting up to 50,000 new job openings for software and apps programmers over the next five years. CSU's Mobile Programming specialisation provides students with a pathway into this rapidly growing industry, covering key skills in computer programming, software design and Android app development.

Cloud Computing

Cloud Computing is one of the fastest growing areas within IT. The recent migration of local IT infrastructure into the Cloud has resulted in a widespread shortage of IT Cloud Systems Administrators, Cloud Architects, and Cloud Systems Engineers. The Cloud Computing specialisation will position graduates to take advantage of this new growth area. The specialisation covers key concepts in Cloud architecture, delivery models, migration to the Cloud, as well as security and privacy issues.

CSU Study Centre Sydney

English language pathways

Embassy English is Study Group's first-tier global English language training provider, delivering premium quality programs to more than 55,000 students a year. It's also a recognised pathway into the programs at CSU.

With more than 40 years' experience and some of the most highly qualified teachers in the industry, Embassy English represents the very best in modern language education.

The English for Academic Purposes (EAP) program provides the most effective, guaranteed pathway to CSU by combining intensive English language training with academic study skills development.

There are five modules in each term: reading, writing, listening, speaking and study skills. As the course progresses, students complete increasingly more challenging work, developing their academic critical literacy skills across the five modules. Within each module, there are a number of outcomes that students need to master before moving on to the next stage of the course.

EAP Outcomes

To gain entry to CSU you need to achieve the learning outcomes at EAP 3 level.

EAP 3
• Demonstrate an ability to comprehend and engage critically with ideas and texts.
• Display the skills to participate and contribute effectively in a high-level academic environment.
• Show independent skills in research, analysis, synthesis, academic writing and oral presentation.
• Reach a pre-advanced level of English language proficiency, equivalent to IELTS 6.0.
• Meets requirements to most undergraduate and postgraduate programs at CSU.

Note: Please check the English entry level required for your course. The duration of your EAP course depends on your Academic English level assessed at the start of your course.

Key facts

Locations
• Brisbane, Melbourne and Sydney

Duration
• Each EAP term is 10 weeks

Entry > Exit Level
• EAP 3: 5.5 or equivalent > 6.0

Class Size
• 18 maximum

Lessons
• 28 x 50-minute lessons per week

Assessment
• EAP entry test on arrival.
• Continual assessment: two essays, oral presentation, and research report.
• EAP exit test on completion.
• Mid-term and end of term tutorials and progress reports.
• Certificate of achievement on successful completion.
• Materials included.

Undergraduate academic entry requirements

CSU Study Centres Brisbane, Melbourne and Sydney

Applicants with qualifications from all other countries are encouraged to apply. The information below is intended as a guide. Please consult csustudycentres.edu.au for most current information. Qualifications not listed below will be assessed on a case-by-case basis.

Country	CSU Study Centre
Australia	A HSC ATAR of 65 (including bonuses) or equivalent.
Bangladesh	• Completion of at least one year of study at a recognised university with passing grades or better • Completion of a 2 or 3 year Bachelor Degree with a recognised university with passing grades or better • A completed award with a minimum total score of 24 or above in the International Baccalaureate
China	• Completion of the first year of a recognised university bachelor degree • Completion on the National College Entrance Examination Gaokao with a minimum score of 60% of the total maximum Gaokao score for the province • Completion of the China Senior High School Middle Year 3 Gaosan with an average of 80% across the top four academic subjects • A completed award with a minimum aggregate of 24 or above in the International Baccalaureate
Hong Kong	• The HKDSE aggregate is based on the four core subjects, Chinese Language, English Languages, Mathematics and Liberal Arts, and the best grade in one Category A elective subject Category B and C subjects are not counted. b Grades for all subjects except Mathematics are counted as follows: Level 5** and Level 5* = 6, Level 5 = 5, Level 4 = 4, Level 3 = 3, Level 2 = 2 and Level 1 = 1. View comprehensive entry requirements table: http://futurestudents.csu.edu.au/international/course-entry-requirements/requirements

India	• Completion of the All India Senior School Certificate, where awarded by CBSE and metro state boards. Overall score in 4 Academic subjects:
	  – CBSE - 60%
	  – India School Certificate (ISC) - 60%
	  – State Boards - 60%
	• A completed award with a minimum total score of 24 or above in the International Baccalaureate
	• Completion of two GCE A2 Levels with a minimum of 2 x D or equivalent in a minimum of two subjects, where A=5, B=4, C=3, D=2, E=1
	• A pass in the first division in the Pre-University Certificate
	
	futurestudents.csu.edu.au/international/course-entry-requirements/requirements

Indonesia	Successful completion of Indonesian SMUIII or Senior Academic High School Leaving Certificate with GPA of 7.0
Myanmar	• 2 years of Post Secondary Study Intermediate Certificate with an overall grade percentage of 55 • Successful completion of minimum 2 years Bachelor degree from a recognised Higher Education institution. • Successful completion of Associateship of Government Technical Institute (AGTI) • Successful completion of a Diploma, with minimum duration of 2 years, following Matriculation or Basic Education High School Examination
Malaysia	View comprehensive entry requirements table: https://futurestudents.csu.edu.au/international/course-entry-requirements/requirements

Country	CSU Study Centre
Nepal	• Higher Secondary Education Certificate plus minimum of one year of successful study at a recognised tertiary institution • Higher Secondary Education Certificate with a grade average of 65% • A completed award with a minimum aggregate of 24 or above in the International Baccalaureate
New Zealand	Successful completion of NEW Zealand NCEA Level 3 with a combined score of 213 from the best 5 subjects.
Pakistan	Higher Secondary School Certificate plus one year study at Bachelor level at a recognised institution
Russia	Russian Certificate of Secondary Education plus one year study at Bachelor level at a recognised institution
Singapore	View comprehensive entry requirements table: http://futurestudents.csu.edu.au/international/course-entry-requirements/requirements
South Korea	• Completion of at least one year of study at a recognised university with satisfactory grades • Successful completion of the Korea Republic College Scholastic Ability Test (CSAT) with a minimum overall grade of 294 Overall grade is calculated from the results in Korean Language, Mathematics and Foreign Language (English). Results in other components are not considered.
Sri Lanka	• Completion of the GCE A Levels. Overall grade in the best three subjects equalling 5/15 where A1=5, B=4, C=3, S=1. • Completion of two GCE A2 Levels with a minimum of 2 x D or equivalent in a minimum of two subjects, where A=5, B=4, C=3, D=2, E=1 • Sri Lankan GCE A level plus a recognised Diploma (both completed) • Completion of first year of a recognised university bachelor degree • Completion of recognised College or Polytechnic Diploma • A completed award with a minimum score of 24 or above in the International Baccalaureate
Taiwan	Senior High School Diploma plus one year study at Bachelor degree level in a recognised university
Thailand	Successful completion of Secondary 6 (Matayom 6) and the award of the Certificate of Secondary Education with GPA of 2.0
Turkey	Lise Diplomasi plus first year of Diploma or Bachelor degree from a recognised institution

Vietnam	• Year 12
	  – Gifted high schools: a minimum GPA 7.5 (out of 10) from Year 12
	  – From other high schools: a minimum GPA 8.0 (out of 10) from Year 12
	• The Chung chi Dai hoc Dai Cuong (First Phase University Certificate)
	• Completion of at least one full-time year at bachelor degree level at a recognised university or tertiary institution
	• A completed award with a minimum aggregate of 24 or above in the International Baccalaureate

International Baccalaureate	https://futurestudents.csu.edu.au/international/course-entry-requirements/requirements

What our students say…

"Inspiring lecturers influenced me in so many ways. They encouraged me to do further research, to think differently, and some subjects helped me to learn about myself.

Also, diversity at CSU stands out, which is such a great experience for me."

Alisa, Russia
Master of Business Administration (Human Resource Management)
CSU Study Centre Melbourne

Admission requirements

To be eligible for admission to a course at the CSU Study Centres, applicants must satisfy both academic and English language requirements.

Postgraduate
Academic qualifications

For admission at postgraduate level, you will be required to either hold a bachelor's degree equivalent to an Australian Bachelor's degree or an associate degree, or have related work experience. These equivalencies are specified in the course descriptions found in the online course brochures accessed through **csustudycentres.edu.au/courses-and-fees**

English proficiency requirements

Postgraduate program applicants are required to have an Academic IELTS (International English Language Testing System) minimum overall 6.0 with writing band no less than 6.0 and all other bands no less than 5.5. A minimum IETLS in writing of 6.0 must also be achieved in order to gain entry to the CSU postgraduate courses.

Undergraduate
Academic qualifications

Applications are assessed on previous studies and other academic qualifications and experience.

New South Wales and interstate school leavers are normally selected on the basis of their Australian Tertiary Admission Rank (ATAR) or interstate equivalent. CSU courses, however, some courses assume a certain level of knowledge which will be specified in the course information, where applicable.

Previous studies that are recognised include:
- A completed NSW HSC (Year 12) with an ATAR of 65 (including bonuses) or interstate/overseas equivalent.
- International Baccalaureate Diploma.
- Successful completion of two university level subjects (AQF level Associate Degree or higher) demonstrating a reasonable prospect of success through the Grade Point Average (GPA) gained in these studies.
- A completed AQF* Certificate III or higher level qualification.
- 50 percent completion of an AQF Diploma level qualification.
- Successful completion of a Tertiary Preparation Course from an Australian University or an accredited provider demonstrating a reasonable prospect of success through the Grade Point Average (GPA) gained in these studies.
- Work experience, within the same industry as the course profile, of no less than two years full time equivalence.
- International equivalents of Australian Year 12 (refer to page 42 in your document as is includes the table of academic equivalents).

For more information, visit **futurestudents.csu.edu.au/apply**

* Australian Qualification Framework equivalent

Application based on work experience

When using work experience as a basis for entry, students must include:
- CV showing work experience
- Employment references (including job title, duties, starting and finishing date if applicable, and with the company letterhead or with the company stamp and signature)

Credit for prior learning

CSU does not expect students to repeat study completed which is of an acceptable standard from another recognised university or college. If your academic achievements qualify you for credits from certain course subjects, you should indicate on your application form that you are applying for credit.

To support your application for credit, you will need to provide transcripts of your results; a description of the grading system; and a description of all the subjects completed (taken from the institution's official handbook). For incomplete applications from overseas we need the course structure (including the number of credit points for whole degree and individual subjects if applicable). CSU will advise students once the credit assessment has been finalised.

CSU has assessed many qualifications from Australian and overseas institutions and is experienced at assessing relevance to subjects and courses offered at CSU.

English proficiency requirements

You will be deemed to have sufficient English proficiency if you:

Were born in one of the following countries and have completed at least one qualification in one of those countries and the language in which the qualification was undertaken was English.

Were not born in one of the following countries but have completed senior secondary study or at least one year of full-time university study in one of these countries and the language in which the qualification was undertaken was English:

- American Samoa
- Australia
- Botswana
- Canada
- Fiji
- Ghana
- Guyana
- Ireland
- Jamaica
- Kenya
- Lesotho
- Liberia
- New Zealand
- Nigeria
- Papua New Guinea
- Singapore
- Solomon Islands
- South Africa
- Tonga
- Trinidad and Tobago
- United Kingdom (including Northern Ireland)
- USA
- Zambia
- Zimbabwe

If you do not meet any of the points above, you will need to demonstrate English proficiency using one of the acceptable tests.
Visit: **futurestudents.csu.edu.au/international/entry-requirements/english-language**

Acceptable forms of evidence include transcripts indicating that the language of instruction was English or by provision of a certified written statement from the academic institution.

All other applicants must have one of the following:

Acceptable tests for English proficiency

C pass in a humanities subject at the GCE 'A' level examinations in either Singapore or the United Kingdom

D pass in 'Use of English' in the Hong Kong Advanced Level Examination (HKALE)

Cambridge English Advanced Exam (CAE) overall score of 52 (Pre-2015) or 169 (Post-2015)

Completion one year full time study of an AQF Certificate (including English for Academic Purposes)

Completion of the International Baccalaureate diploma with English A2 at higher or standard Level

Completion of the UNSW Foundation Studies Certificate with a C pass in 'Use of English'

Embassy English EAP3 with a minimum D grade

IELTS Academic (International English Language Testing System) overall score of at least 6.0, and with no score below 5.5

Minimum of Level 4 in the core subject English Language in the Hong Kong Diploma of Secondary Education (HKDSE)

Pearson Test of English (PTE) Academic score of 54 overall with a minimum of 46 in all communicative skills

Successful completion of at least one year of study in a course at Associate Diploma or Diploma level on the Register of Australian Tertiary Education

TOEFL (Test of English as a Foreign Language) internet-based score of 60 and writing score 16 with no other bands less than 14

TOEFL (Test of English as a Foreign Language) paper-based score of 550 and TWE of 4.0

English test results must not be more than two years old. It should also be noted that IELTS (Academic) is the preferred test.

If you do not meet the English language proficiency requirements, you may still be offered a conditional place that includes a period of English language study before you commence your degree program. You must satisfy English entry requirements before commencing your degree program.

Programs deemed to be linguistically demanding may require a higher standard of English proficiency than that specified above.
Visit: **futurestudents.csu.edu.au/international/entry-requirements/english-language**

How to apply

STEP 1
Complete all sections of the International application for admission form.

STEP 2
Attach the following documents:
- Verified copies of your academic qualifications (translated into English)*
- Evidence of English language proficiency
- A copy of your passport, visa or birth certificate.

STEP 3
Submit your application to a local agent representative or directly to the Admissions Centre
csuadmissions@studygroup.com

STEP 4
Your application will be reviewed for eligibility, and you will be notified in writing of the outcome.

TO APPLY DIRECT
Visit: csu.edu.au

OR

Complete the application form and return it to the Admissions Centre of your choice, along with the supporting documents outlined in step two:

For courses at the CSU Study Centres in Brisbane, Melbourne or Sydney
Phone: +61 2 8263 1888
Email: csuadmissions@studygroup.com

For courses at all other CSU campuses (Albury-Wodonga, Bathurst, Canberra, Orange, Parramatta, Port Macquarie and Wagga Wagga)
Admissions Office
Charles Sturt University
Locked Bag 676
Wagga Wagga, NSW 2678, Australia

Phone: +61 2 6933 4334
Email: admissions@csu.edu.au

TO APPLY THROUGH AN AGENT
Complete the application form and return it to your local representative, along with the supporting documents outlined in step two.

To find your nearest local representative, please refer to: **csustudycentres.edu.au/how-to-apply/find-an-agent**

Important information

Simplified Student Visa Framework (SSVF)

Future international students should obtain official advice on the student visa application process and requirements from the Australian Department of Immigration and Border Protection (DIBP) website at: **border.gov.au**

* Persons who can certify copies include:
- An authorised officer from the institution that originally issued the documents; an Australian Overseas Diplomatic Mission or Australian Education Office
- An authorised Charles Sturt University representative
- An authorised Study Group Australia representative
- A Public Notary, Justice of the Peace, or authorised staff member of CSU or the CSU Study Centre
- Authorised persons must sign and print their name clearly in English; include the date; and provide an official stamp or seal of the authorised officer's organisation.

Charles Sturt University

International application for admission

Please print clearly in English and in BLOCK letters. Please tick boxes where appropriate.

Note: Applications should be lodged four to six months prior to intake, however late applications may be given special consideration. If you are currently studying in Australia you should lodge your application at least four weeks prior to the intake.

Declaration and signature (This application must be signed; otherwise it will not be accepted)

I wish to be considered for admission to the course(s) I have shown on this application form. I declare that to the best of my knowledge the information supplied within this application and the documentation supporting it is correct and complete. I acknowledge that the provision of false or misleading information may result in non-acceptance of this application or immediate exclusion from Charles Sturt University (CSU). I authorise CSU, where necessary, to obtain from any other educational institution evidence of my academic record or seek other corroborating evidence with respect to my application. I also declare that I have provided certified copies in English of the documents required for admission and will meet the conditions of my student visa. I also understand that CSU is required under Section 19 of the ESOS Act 2000, to inform the Department of Immigration and Border Protection (DIBP) about changes to my course enrolment and any breach of my student visa condition relating to satisfactory academic performance. I also understand that under the provisions of the ESOS Act 2000, CSU may release information provided in this application to Australian Commonwealth and State agencies.
