

These past months JMC Academy students have learned from leading US industry experts. From Dave Aron and Aaron James Draplin visiting our campuses, to a US study tour for 30 JMC students, we have placed a world of opportunities at their fingertips.

Dave Aron (U2, Snoop Dogg, P Diddy) Audio Workshops

Leading American Audio Engineer Dave Aron has worked with some of Hip Hop and Pop Music's leading artists. He ran a series of workshops on our campuses recently. Check out some videos [here](#).

Aaron James Draplin (USA) Design Workshops

JMC Academy is proud to host leading designer Aaron James Draplin in a series of workshops in July and August. The Melbourne session has completely sold out but tickets are still available for the Sydney and Brisbane sessions. Find more information [here](#).

JMC Students visit Hollywood and Los Angeles Film School

Thirty JMC students recently returned from a 2-week trip to Hollywood as part of an international study tour. [Learn more about their travels](#).

JMC Alumni on a World Tour

JMC Audio alumni Liam Clifford is currently on a world tour as Tour Manager and Front of House Engineer for Sheppard, Masketta Fall and The Trouble With Templeton. Learn about his career highlights [here](#).

Intake dates

Our next intakes are 21st September 2015 and 15th February 2016. Please submit applications to international@jmc.edu.au
