Notes:

- ▲

Some programmes have Semester One (February/March) intake only. Please refer to the relevant faculty for more information.

◆

Applicants intending to apply for first year pathway to MBChB should start in Semester One only.

•

There is no direct entry to MBChB, BOptom and BPharm. Applicants for the MBChB must first complete Year 1 of either the BHSc or the BSc in Biomedical Science, or have completed another degree approved by the Faculty of Medical and Health Sciences. Applicants for the BOptom must first complete the set courses from the common year of the BSc in Biomedical Science (or equivalent) or have completed another degree approved by the Faculty of Medical and Health Sciences. Applicants for the BPharm must first complete an appropriate first year programme including the prescribed BPharm Part one courses (or equivalent) or have completed another degree approved by the Faculty of Medical and Health Sciences.

★

An audition can include evaluations of one or more recorded and/or live performance elements.

◇

The Faculty of Engineering will give consideration to students who missed out on admission to BE(Hons) who are able to demonstrate sufficient ability in engineering-related and approved study, in the BSc programme for admission in Semester Two. Please see www.engineering.auckland.ac.nz/behons-alt-pathway for more information.
1.

Aggregate of four subjects (unless specified) excluding ACG English. Minimum English language score of IELTS overall 6.0 with no bands below 5.5, or English minimum grade B is required. Some degrees may require higher scores (see English Language requirements for individual programmes). English minimum score of B does not apply to programmes which require an IELTS overall score of 6.5 or above.
2.

Aggregate of four subjects excluding AFY English. Minimum English language score of IELTS overall 6.0 with no bands below 5.5, or English minimum score of 70%. Some degrees may require higher scores (see English Language requirements for individual programmes). English minimum score of 70% does not apply to programmes which require an IELTS overall score of 6.5 or above.
3.

Aggregate of best four academic subjects (including English). No subject should be below 50%.
4.

Scores are calculated on the best three academic subjects. General Studies cannot be included. GCE 'A' Level requirements apply to 'A' Level qualifications examined by bodies such as AQA, OCR, Edexcel, WJEC, CCEA, Pearson Education Limited and CIE taken outside of New Zealand. Only H2 Level academic subjects are considered for GCE A Level taken in Singapore.
5.

Each applicant must present at least three subjects achieved at Level 4 or better, including English Language and two Elective subjects. The scores are calculated as an aggregate of the best five scores from Category A subjects, where the subject level of 1 is equal to 1 point up to 5 points for the level of 5, and 6 for 5* and 5**. If extended Mathematics is taken with Core Mathematics, the scores may be combined and averaged as one score.
6.

Applicants must have 12 years of schooling and have achieved an overall average of 75% in Indian School Certificate (ISC) or All-India Senior School Certificate (AISSC) with a minimum of 70% in English. 70% in English meets the minimum English Language Proficiency requirements.
7.

The score is calculated as an average of best six Grade 12 University Preparation (4U), College Preparation (4C), or University/College Preparation (4M) courses including grade 12 English U.
8.

The score is an aggregate of Evidence-Based Reading and Writing, and Mathematic scores in the redesigned SAT Reasoning Test (available from March 2016) or the Critical Reading and Mathematics scores in SAT Reasoning Tests taken prior to March 2016. To be considered for entry, applicants must submit a SAT result and a High School Diploma with transcripts from a United States regionally-accredited high school with above average grades.
9.

American College Testing (ACT) is also acceptable and is assessed on a case-by-case basis.
10.

Scores are calculated on the best three academic subjects. General Studies cannot be included.
11.

Scores are calculated as an aggregate of six scores where a grade of A1 is equal to 1 point up to 8 points for a grade of C8.
