

International Students

CityU's M.S. in Computer Science program is the ideal next step for STEM graduates from bachelor's degree programs in Computer Systems, Computer Science, Information Systems, Information Technology or related fields. Extending your education with a master's degree can expand your options in the labor market and career potential.

WHAT MAKES OUR PROGRAMS SPECIAL

CityU's Technology Institute programs are hands-on. Our students:

- Build networks
- Create webcams and websites
- Practice exploiting vulnerabilities
- Build and deploy databases
- Program mobile phones
- Build Voice-Over-IP switches
- Fight in Cyber Warfare exercises
- Design Healthcare systems

WHY CHOOSE CITY UNIVERSITY OF SEATTLE?

- Downtown Seattle location
- Affordable tuition with scholarships available
- Accredited by the Northwest Commission on Colleges and Universities
- No GMAT/GRE required
- Seattle is home to many international technology corporations such as Microsoft, Amazon, and Adobe

Start Date	January, April, July, and October
Application Deadline	Two months prior to start date
Program Length	21 months
Estimated tuition, fees and books for one year*	\$24,930 (2017-2018)
Scholarships	Merit based scholarships available – inquire for details

*Tuition and fees subject to change without notice, and vary dependent on student pace of studies.

PROGRAM DETAILS

Computer Systems Core: 27 credits

- Principles of Software Engineering/Systems Analysis and Design
- Managing Technology Projects
- Computer Architecture
- Software Testing
- Information Security Overview/Secure Systems and Programs
- Ethical Obligations in Information Security
- Technology Implementation and Change

Depth of Study Sequence: 9 credits - Information Security

Capstone: 3 credits

In the Capstone experience, students apply what they have learned in the form of a thesis or a project completed under the guidance of an advisor. Students choose their own Capstone based on their interests and depth-of-study sequences.

Total Coursework: 39 credits

APPLICATION REQUIREMENTS

1. International student application form
2. \$50 application fee
3. Original or certified copies of diplomas and transcripts (with certified English translations)
4. Proof of English language proficiency
5. Consent to release information (if applying through CityU's approved agents)
6. Copy of passport
7. Bank statement and financial declaration form, plus sponsor statement, if applicable
8. After arrival in the U.S.: Copies of I-94, visa, and entry stamp
9. For transfer students coming from another U.S. college: International student transfer evaluation form and copies of I-20s
10. Additional requirements may apply depending on program and start date.

ADMISSIONS PORTFOLIO CONSISTING OF:

- Documentation supporting knowledge or experience in the following areas (college coursework as documented on a transcript, documented training, and/or detailed explanation of work experience):
 - Equivalency of ten quarter credits at the intermediate level in at least one computer programming language
 - Equivalency of five quarter credits in networking (TCP/IP from physical through applications layer)
 - Equivalency of five quarter credits of data management including basic database design and SQL/Queries
