# Welcome

Welcome to this International Student Guide. Making the decision to study overseas, and choosing the right university, is a big decision. Since its beginnings in the 1970s, Griffith has had a strong focus on internationalisation and is privileged to host students from over 130 different countries. Both Brisbane and the Gold Coast, home to five diverse Griffith University campuses, offer students a great introduction to the renowned Australian lifestyle. In addition, the Gold Coast has hosted the Commonwealth Games in 2018, and our Gold Coast campus is right in the heart of all the action, with the Games Village across the road. With a move to trimesters in 2017, a renewed focus on graduate employability throughout our academic programs, and a number of extra curricula opportunities available, there has never been a better time to study at Griffith. Choosing to study in another country is a big decision, and I hope that this Guide provides you with the information you need, as well as a taste of all the support available to you once you get here. Having been an international student myself, I am well aware of the life changing impact that studying overseas can have. Good luck with making your choice, and I hope that we have the chance to welcome you to Griffith University.

Professor Sarah Todd Vice President (Global)

# Remarkable Griffith

At Griffith, we celebrate, believe in and strive for the remarkable. We rank among the world's best universities and continue to improve our international standing. In the largest and most credible world university rankings, we are ranked in the top 350—placing us in the top 3% worldwide.

# Ranked in the top 3% worldwide

Griffith ranks alongside some of the best universities in the world.

# Research that makes a difference

Learn from our globally renowned researchers.

# Global impact

Through our teaching and research we support students to make a difference to the world.

# Teaching excellence

Study at a university that has some of the top university teachers in Australia.\*

# Future focussed

We are committed to creating an equitable and environmentally sustainable society.

# Prepared for employment

We include real-life industry experiences in our degrees and have a great range of employability initiatives to help you be job-ready.

# Creating global citizens

Our degrees have an international focus, preparing you for work around the world.

# Young and ambitious

We rank highly as a young university

– 32nd in the QS Top 50 Under 50.\*\*

2018 Times HE World University Rankings: 251-300

2018 CWTS

Leiden Ranking: 302

2018 QS World

University Rankings: 325

2017 Academic Ranking

of World Universities: 301-400

2017-2018 University Ranking by Academic Performance: 296

# Life in Queensland

# Build your career

Griffith University graduates are well equipped for the new world of work. We include real-life industry experiences in our degrees and have a great range of employability initiatives to help you be job-ready.

# Work-integrated learning

Employers like to see experience from the real world on your resume. You can gain practical experience while you study, build your portfolio and develop networks through internships and industry placements. Many work-integrated learning opportunities will allow you to earn credit towards your degree.

# Griffith Honours College

Griffith is the only university in Australia with an honours college. The Griffith Honours College is an extracurricular program that provides experiences to increase your employability and graduate opportunities. Many of these experiences are exclusive to Griffith Honours College students and will enable you to develop a global perspective while enhancing your leadership, communication, teamwork, research and industry skills.

griffith.edu.au/griffith-honours-college

#### Mentoring

Griffith's range of mentoring programs will connect you locally and globally, allowing you to engage with students, alumni and industry professionals. Through our Industry Mentoring Program we find you a suitable mentor to support and guide your career development.

# Community Internship

The Community Internship is a 10 credit point course, available to students in most degrees. Through this course you will be able to make a difference in a local community organisation while developing a range of professional and personal skills. You will spend a minimum of 50 hours in a volunteering placement and combine this with academic learning. With hundreds of internship opportunities, we can tailor the internship to match your study area or interests.

# Leadership programs

Join one of our leadership programs, including the Griffith Business School Student Leadership Program, Griffith Honours College or Griffith Mates. You will receive formal recognition for participating in these programs and gain a range of experiences and skills sought after by future employers.

# Internships and industry placements

Gain industry experience, observe professionals and ask questions to become career ready. Griffith offers internship and industry networking opportunities in nearly all study areas.

# Careers and Employment Service

Our Careers and Employment service supports you to plan your career, become job ready and find work while you study and after you graduate. Get help with resumes, cover letters, interview preparation and job search techniques to improve your employability and increase your chances of finding your dream job.

griffith.edu.au/careers

# Exchange and short-term programs

Participating in an overseas program as a part of your Griffith University degree is one of the best experiences you can have at university. You can spend as little as one week, or as long as one year in destinations around the world. We offer a trimester or year-long exchange program, as well as short-term options including global internships, volunteering, service learning, academic-led study tours, clinical placements and research practicums. There is also a variety of funding options available to support your overseas program.

griffith.edu.au/go-global

Find out more at griffith.edu.au/employability

"I participated in two internship programs. That helped me a lot. It gave me a good understanding of what was expected from me as a professional. After that volunteering period I had, they offered me a position and I'm really excited to see what the future will bring."

Sharon Rodriguez Robles Bachelor of Environmental Science

# Work while you study

In Australia you can work part-time while you study and Griffith has services to help you find a job.

# Working while you study in Australia can complement your student experience.

#### Key facts about working in Australia:

- · Student visa holders can work a maximum of 40 hours per fortnight (2 week period) during the teaching period, once classes have started.
- · Student visa holders can work unlimited hours during scheduled University-wide teaching breaks.
- · Australia has a high national minimum wage.
- · Work rights in Australia mean you are entitled to a healthy and safe work environment, regular breaks and rest periods.

# Careers and Employment Service

Our career development consultants help you to:

- · understand your career options
- · market yourself to prospective employers
- · find suitable employment while studying.

We show you how to start professional networking and how to use social media as part of your job search. We also give the latest information on recruitment practices, including employment and career options relating to your degree. Our online support and resources will help you to write professional resumes, cover letters and LinkedIn profiles suitable for Australian employers.

You can search for job vacancies through the Griffith website at:

- · Griffith's CareerBoard
- · Unitemps
- · International Student Careers Search portal

You can also search for job vacancies on:

- · seek.com.au
- · careerone.com.au

Find out more at: griffith.edu.au/careers

# Graduate employment

Access graduate employment opportunities in your home country and around the world.

Our International Student Careers Search portal will help you find employers in your home country that are looking for Australian trained and educated graduates.

globalcareers.griffith.edu.au

"The greatest thing about Australia is that I could work and study at the same time. A lot of countries don't allow me to do that. In Australia they allow us to work 40 hours per fortnight. That actually covers all my expenses."

#### **Dennis Kim**

Bachelor of International Tourism and Hotel Management

# Unitemps helps students apply for part-time work

Griffith was the first university in Australia to offer Unitemps, a service dedicated to helping you apply for paid part-time work while you study.

Unitemps is an in-house recruitment service that facilitates connections between Griffith students and employers who are offering temporary paid work opportunities. The Unitemps team is committed to helping you be the best candidate you can be, while identifying flexible, studentfriendly job opportunities that can provide financial support while you study and enhance your employability upon graduation.

**UNITEMPS** www.unitemps.com

OPERATED UNDER FRANCHISE BY

Find out more at: griffith.edu.au/careers-employment/unitemps

# **Scholarships**

# We provide excellent scholarship opportunities for our international students.

We offer an exciting and generous range of scholarships to support international students coming to study in our undergraduate, postgraduate, research and pathway programs. Our scholarships recognise remarkable students with outstanding academic achievements and the potential to make a positive contribution to Griffith and our community.

Griffith University supports outstanding international students with a range of scholarships, including

- · excellence scholarships for undergraduate and postgraduate students
- · scholarships for family members of current international students and alumni
- · discipline-specific scholarships for selected programs
- · higher degree by research scholarships

Scholarships are also awarded to the top graduate of the Griffith English Language Institute Direct Entry Program and the top Griffith College Diploma graduate for each session.

For more information visit:

griffith.edu.au/international-scholarships

# Australia Awards Scholarships

At Griffith, we host and support a diverse community of Australia Awards scholars. The prestigious Australia Awards Scholarships, funded by the Australian Government's Department of Foreign Affairs and Trade (DFAT), offer next-generation leaders from across the world an opportunity to undertake study and research in Australia. The scholarships aim to help developing countries reduce poverty, achieve sustainable development and increase access to quality education.

## **Endeavour Scholarships**

The Australia Awards Endeavour Scholarships offer outstanding opportunities to international students to undertake study, research or professional development in Australia. Griffith is proud to host Endeavour Scholarship awardees in a range of disciplines.

"To be studying my dream program with the support of the Commonwealth Games Scholarship is really amazing. Griffith has given me an amazing opportunity to be part of a major international sporting event; an experience that will echo through my future career."

Narasimhan, India Griffith University and Gold Coast 2018 Commonwealth Games Scholarship recipient

# Accommodation

Whether you would like to live on-campus or off-campus, there are a number of options you can explore to find housing to suit your needs. You can also choose homestay and live with a local Australian family while you study.

# Off-campus

In Australia, share housing – where you share a house or apartment with a number of other students – is the most common form of off-campus accommodation.

When looking for suitable off-campus accommodation you will need to consider:

- · the cost of rent (usually advertised weekly)
- if utilities are included in your rent (electricity, water, gas)
- · if internet is included in your rent
- · if the accommodation is furnished
- how close the accommodation is to your campus
- · access to public transport.

#### griffith.edu.au/international-accommodation

# Temporary accommodation:

We recommend you organise temporary accommodation for your first few days or weeks in Queensland, as it is important that you inspect your long-term off-campus accommodation before you move in.

Temporary on-campus accommodation is available at Mt Gravatt, Nathan and South Bank campuses.

### griffith.edu.au/international-accommodation

Temporary accommodation can also be found through these websites:

- · airbnb.com
- lastminute.com
- · wotif.com

# Off-campus accommodation:

You may wish to organise your long-term off-campus accommodation after you arrive in Australia, to ensure you are choosing a suitable living and study environment.

#### Off-campus accommodation websites:

- · realestate.com.au
- · domain.com.au
- · flatmates.com.au
- · studentaccommodationfinder.com.au
- · semesterinaustralia.com
- · bedssi.com
- · studybrisbane.com.au
- · studygoldcoast.org.au

### Student One

Student One is our preferred supplier for offcampus student accommodation in Brisbane. Student One is located within the heart of the Brisbane City and provides high quality, flexible accommodation options.

# STUDENT ONE

studentone.com

### **Homestay**

Homestay accommodation gives you the option of living with an Australian family while you study. Homestay is available to students at all Griffith campuses. Homestay is a great way to develop your English language skills and experience life in Australia and offers catered and self-catered options.

griffith.edu.au/homestay

## On-campus

On-campus accommodation is available at all campuses except South Bank. Living on campus is a fantastic way to meet new people, find out about new cultures, and develop independence. On-campus accommodation is usually fully furnished and provides access to laundry facilities, gym equipment, common rooms, internet and organised student activities.

- **Dormitory-style:** Nathan campus
- Self-catered: Gold Coast, Nathan, Mt Gravatt and Logan campuses
- Postgraduate self-catered: Nathan and Mt Gravatt campuses.
- griffith.edu.au/accommodation/ on-campus

## UniCentral Griffith

UniCentral Griffith is our preferred supplier of on-campus accommodation at the Logan campus, it is located only 5 minutes walk from the Griffith University Logan Campus.

ucg.net.au

#### Griffith University Village

Griffith University Village (GUV) is our preferred supplier for on-campus accommodation at the Gold Coast campus, providing affordable, self-catered accommodation options.

griffithuv.com.au

# Cost of living

Australia is an affordable and friendly place to study and offers a combination of quality education and high living standards.

The cost of living in South East Queensland, where our five Griffith University campuses are located, is considered more affordable than other major Australian cities such as Sydney and Melbourne\*.

The Australian Government requires students to have access to a minimum of A\$20,290 (Australian dollars) per year to meet their living costs.

\*In the QS Best Student Cities 2017 rankings, Brisbane and the Gold Coast are ahead of Sydney and Melbourne in the Affordability Rank.

# Calculating your total cost of study

Your total cost of studying in Australia will include:

- · tuition fees
- · visa application fees
- · Overseas Student Health Cover (OSHC)
- · cost of living
- · other personal and study-related expenses.

griffith.edu.au/international-costs

# Tuition fee guarantee

Tuition fees are reviewed annually and are subject to change. If you are a degree student commencing in 2019, we quarantee that your fees will not increase by more than 2.5% per year for the normal duration of your program. This means that you are provided with certainty and confidence regarding the total cost of your degree at Griffith. Detailed information on the fees relevant for your degree, including the fees applicable in your commencing trimester, is available at

degrees.griffith.edu.au

# Weekly cost of living estimate

	Self-catered on-campus	Share house off-campus	Homestay off-campus
Campus availability	GNML	GNMSL	GNMSL
Rent	\$170 - \$317	\$160 - \$450	\$255 - \$275 p/week
Food	\$80 - \$200	\$80 - \$200	Included
Transport to university	Walking distance	\$20 - \$40	\$20 - \$40
Electricity and gas	Included	\$20 - \$50	\$20 - \$50
Mobile phone and internet	\$20 - \$55 (internet included at Mt Gravatt and Nathan campuses)	\$20 - \$55	\$20 - \$55
Entertainment	\$80 - \$150	\$80 - \$150	\$80 - \$150

# Your student experience

Meet new people, make friends, enjoy the Australian lifestyle and, most importantly, have fun! We want you to have the best possible experience with your studies and enjoy your time at Griffith.

# Sport and fitness

Griffith offers a variety of sporting facilities and competitions.

- · Join Griffith Sport for social sport competitions.
- Enjoy discount student memberships for facilities including:
  - on-campus gyms
  - athletics track Gold Coast
  - Mt Gravatt Tennis Centre
  - swimming pools at Mt Gravatt and Gold Coast campuses.

griffith.edu.au/sport

#### Orientation

Once you are ready to enrol for your first trimester you will be sent a link to myOrientation, an online orientation that will provide you with key information to prepare you for study and life at Griffith. Orientation Week is when you get to know Griffith and have fun meeting people before you start classes.

- · Find out about studying and living in Australia at the compulsory International Student Welcome and Orientation Day.
- · Discover Brisbane or Gold Coast highlights on a free Twilight City Walking Tour with the Griffith Mates.
- · Enjoy free food and activities on your campus.

# Griffith volunteer community

# Griffith Bush Care group

(Brisbane campuses)

Help restore the Australian bush environment and, if you are lucky, see koalas, possums, and sugar gliders. Join us to develop your teamwork skills, learn more about the environment and meet new people.

# Griffith Beach Care group

(Gold Coast campus)

Help restore and care for our beautiful coastal environments with the Griffith Beach Care group. This is a great way to give back to the environment, meet new people and see the beaches of the Gold Coast.

griffith.edu.au/mates

# Religion

Each Griffith campus provides access to prayer facilities as well as multi-faith chaplains.

griffith.edu.au/chaplaincy

### Clubs and societies

Griffith has over 120 clubs in cultural, religious, political, educational, sporting, professional and special interest areas.

There are also international student clubs, societies and associations, including: Africa, Bangladesh, China, Philippines, India, Indonesia, Iraq, Japan, Korea, Latin America, Malaysia, Pakistan, Papua New Guinea, Singapore, Sri Lanka, Thailand, and Vietnam.

griffith.edu.au/clubs

# International Student **Buddy Program**

The International Student Buddy Program matches current students (Senior Buddies) with a small group of commencing international students (Junior Buddies) for a weekly chat over a free drink. This is a safe and comfortable environment where you can ask questions about Griffith and life in Australia, as well as practise your English. It's also a great way to make friends!

griffith.edu.au/international-buddy

#### griffith.edu.au/orientation

# **BLOG FOR GRIFFITH** INTERNATIONAL!

explore

griffith.edu.au/explore-blog

Explore is the Griffith International blog - it has thousands of readers with all stories written by Griffith students. Lots of our writers are international students who share their experiences and advice. Writing for Explore gives you the chance to:

- · improve your writing skills
- get feedback on your work
- · have your work published
- · inspire other students with your story.

# Student support

You will have access to Griffith University's diverse range of student support initiatives, including programs and staff dedicated specifically to helping international students.

### Orientation and arrival

Attend your compulsory International Student Welcome and Orientation session during Orientation Week to supplement the information provided online through myOrientation, then join us for an International Welcome Market.

Become acquainted with the library - we have six libraries with a range of resources for study, including computers, quiet study areas and group-work spaces.

The Griffith Mates will help you get to know your campus with campus tours during Orientation. Discover the beauty of Brisbane or the Gold Coast through free Twilight Walking Tours hosted by the Mates.

griffith.edu.au/mates

# Free airport pickup service

Have a friendly face to meet you at the airport when you arrive in Australia! International students commencing at Griffith University can apply for free airport pickup, which takes you from the airport directly to your pre-arranged accommodation. The service is free for eligible international students arriving into the Brisbane or Gold Coast airports.

griffith.edu.au/airport-reception

## Career support

Our Careers and Employment service assists with career planning, part-time work opportunities and mentoring. More information is available on page 10.

griffith.edu.au/careers-employment

# International Student Advisorv

If you need some extra personal support, make an appointment with an International Student Advisor. Our team of dedicated staff provides advice and information on issues that can affect your life in Australia and your studies at Griffith.

griffith.edu.au/international-student-

# Academic enrichment and learning support

EnglishHELP: If English is your second language, we provide a free English language learning service to develop your academic English and improve your overall academic performance. From dedicated courses to free one-on-one tutoring sessions, we offer a range of solutions that can help you achieve your goals.

#### griffith.edu.au/englishhelp

PASS: Peer Assisted Study Sessions (PASS) are study groups for specific courses that students often find difficult or demanding. The sessions are facilitated by student leaders who have previously completed the course and achieved

griffith.edu.au/students/peer-assistedstudy-sessions

#### Financial assistance

If you are having trouble with budgeting or money, the Welfare and Student Liaison Office offers budgeting advice, a textbook exchange service and other support services.

griffith.edu.au/student-services

### Accommodation

See pages 12-13 for information regarding accommodation options at Griffith.

griffith.edu.au/accommodation

# Health and wellbeing

If you need a doctor there are health and medical services located on the Gold Coast and Nathan campuses, as well as medical centres and hospitals near every campus.

If you need someone to talk to about personal issues, we offer free, confidential student counselling on all our campuses.

griffith.edu.au/student-services

# Disability services

At Griffith, we seek to remove barriers that students with disabilities face in higher education. Through our Disability Service, we aim to improve the participation, retention and success of students with disabilities, while ensuring easy access to learning environments.

If you would benefit from the support offered by our Disability Service, we encourage you to make contact with our friendly staff before you start, or at any time during your degree.

griffith.edu.au/student-services

# Safe Campuses

All members of the Griffith University community have a right to feel welcome, safe and supported. We are committed to providing safe and inclusive campus communities, free from harassment, bullying, discrimination and assault and encourage members of the Griffith community to call out, report and seek support when these behaviours occur.

griffith.edu.au/safe-campuses

Find out more: griffith.edu.au/student-services/international

"Coming to Australia was very thrilling and scary, but as soon as I landed, coming to Griffith University was very smooth. I started with intermediate English skills, so the service offered by Griffith University called EnglishHELP really helped me to improve. I could book this service every week and they were qualified staff who are really supportive to international students."

Jeawon Kim Psychological Science/Business graduate

# Know your options

No matter what level of study you have completed, or what English level you have, we have a range of study options and pathways to help you achieve your study goals.

# Study options and pathways at Griffith

# Trimester teaching

At Griffith we teach across three trimesters, rather than two semesters – this gives you the flexibility to pace your study to suit your needs.

Trimesters 1 and 2 are compulsory, so if you begin your degree in Trimester 3, you must complete Trimesters 1 and 2 in the following year; however, if you begin in Trimester 1 or 2, it is not compulsory to enrol in Trimester 3.

Please note: A small number of Griffith degrees may require students to enrol in Trimester 3

# Online study

Our online degrees are delivered 100% online, giving you flexibility over where and when you study. Choose between full-time and part-time

You can identify our online degrees throughout this Guide by the symbol above.

Please note: If you enrol in an online or external degree you are not eligible for an Australian student visa.

# Study Abroad program

Our Study Abroad program allows you to complete one, two, or three trimesters of study in Australia and earn credit towards your home degree.

See our Study Abroad and Exchange Guide for more information.

# What am I eligible to study?

# Read below for an overview of entry requirements for Griffith University degrees.

# Academic entry requirements

# Undergraduate (bachelor)

## Standard entry\*

Completion of secondary school comparable to Australian Year 12 OR equivalent academic achievement.

Some programs have higher entry requirements, specific prerequisites or require the submission of portfolios, medical checks or professional work experience.

# A Pathway option(s)

Study a Foundation or diploma program through Griffith College. See page 23.

Gain direct entry into the relevant Griffith University bachelor degree upon completion.

## Postgraduate (master)

# Standard entry\*

A bachelor degree or higher (or equivalent) from a recognised university.

You must meet minimum Grade Point Average (GPA) entry requirements. Griffith also recognises the knowledge gained through work experience, as well as prior study, for some degrees.

# Pathway option(s)

Study the Masters Qualifying Program (MQP), delivered by Griffith College. See page 23.

The MQP provides you with an opportunity to upgrade your prior study to meet direct entry requirements to a selection of Griffith Masters programs.

#### Research

## Standard entry\*

## Doctor of Philosophy (PhD)

- A bachelor degree (or equivalent) with class I honours or class IIA honours; or
- a master degree (or equivalent) incorporating a significant research component; or
- a record of research, or a qualification granted by a professional or other body which is deemed to be of a standard comparable to a bachelor degree with class IIA honours.

## Master of Philosophy (MPhil)

- a bachelor degree (or equivalent) with at least class IIB honours incorporating a significant research component; OR
- a record of research, or a qualification granted by a professional or other body which is deemed to be of a standard comparable to a bachelor degree with class IIB honours.

## Pathway option(s)

**Graduate Diploma of Research Studies** 

Griffith offers graduate diplomas in specific disciplines.

# English language entry requirements

Undergraduate (bachelor), Postgraduate (master) and Research

## Standard entry\*

- **IELTS:** minimum score of 6.5, with no subscore less than 6.0; OR
- Internet-based (iBT) TOEFL: score of 79 (no subscore less than 19); OR
- Pearson Test of English (Academic): overall score of 58 with no score less than 50; OR
- ISLPR: no score less than 3+ in each skill of the ISLPR (conducted by ISLPR Language Services only).

# A Pathway option(s)

Complete the Direct Entry Program at Griffith English Language Institute. See page 20.

The duration of English study required will vary depending on your current level of English.

# Griffith English Language Institute (GELI)

For nearly 30 years, Griffith English Language Institute (GELI), Griffith University's official English language provider, has been delivering award-winning English language programs to international students.

# Academic workshops

We offer free after-class workshops to assist students to improve in specific skill areas such as grammar and vocabulary.

# Independent Learning Centre (ILC)

You can use these dedicated centres and their resources to undertake additional English study.

# Activities program

Participate in free and low-cost activities to practise your English, make friends and have fun.

"GELI's study environment is very positive for international students, it has helped me improve my English and has set a great foundation for university studies. The teachers are very professional and the campus has great facilities. I love living in Australia, it is so multicultural, I have met people from many different backgrounds, learnt about diverse cultures and also shared my customs with others."

Yiwen Zhang, China Former GELI student

# **Direct Entry Program**

The highly popular Direct Entry Program enables students to gain entry to a Griffith University degree or Griffith College diploma. You can enter most Griffith University degrees if you have IELTS 6.5 with no sub-score below 6.0 (or equivalent), and most Griffith College diplomas if you have IELTS 5.5 with no sub-score below 5.0 (or equivalent). Some degrees and diplomas require a higher score, so please check the English language entry requirements for your program.

You will be placed in the Direct Entry Program according to your English level, based either on your recognised proficiency test results or a placement test. As you progress through the Direct Entry Program, you will build your English language skills in Reading, Writing, Listening and Speaking, and at the higher levels you will practise academic skills that will help you to be successful in your studies at diploma, bachelor, master or PhD level. A highlight of the pathway for Griffith University degree students includes the final 10 weeks, where you will attend lectures, participate in class tutorials, and complete essays and a research assignment to prepare you for your studies.

When you successfully complete the Direct Entry Program at the equivalent of the IELTS level needed for your degree or diploma, you can enter your program directly without needing to submit a proficiency test result.

### **Fees**

Your tuition fees for the Direct Entry Program will vary depending on the number of weeks you are enrolled. All students will also be required to pay an enrolment fee of \$225.

Up to 25 weeks: **\$450 per week** 26+ weeks: **\$420 per week** 

### 2019 key dates

Orientation	Classes Start
3/4 January	7 January
7/8 February	11 February
14/15 March	18 March
18 April	23 April
23/24 May	27 May
27/28 June	1 July
1/2 August	5 August
5/6 September	9 September
10/11 October	14 October
14/15 November	18 November

# **GELI** classes

Class sizes at GELI are small so you receive personal attention from your teachers and progress quickly through your studies.

There are 25 hours of study per week: 20 hours of face-to-face learning in class and an additional 5 hours of independent learning each week using GELI's independent learning plans.

You can attend classes in the morning (8.15am - 12.45pm) or afternoon where necessary (1.00 - 5.30pm). A class time will be selected for you based on availability, with special circumstances taken into account where possible.

# Sample morning timetable (classes are repeated in same order during the afternoon)

Day/Time	Monday	Tuesday	Wednesday	Thursday	Friday
8.15-9:15am	Language in Use	Critical Thinking	Language in Use	Critical Thinking	Language in Use

Please note: it normally takes 10–15 weeks to progress from one level to the next. This table indicates expected course length for students requiring IELTS 6.5.

Griffith College offers diploma programs that provide an admission pathway to Griffith University. After completing your diploma, you'll be eligible for entry to the second year\* of a Griffith bachelor degree, so you'll lose no time in graduating.

Griffith College programs are equivalent to university-level study, and are delivered in a supportive and specialised learning environment to better prepare you for success in your bachelor degree. And because Griffith College is situated on-campus at the Gold Coast and Mt Gravatt campuses, you'll have access to university facilities and become part of the Griffith community from day one.

Griffith College offers 11 diploma programs providing access to the second year of more than 60 Griffith bachelor degrees across diverse study areas such as arts, business, commerce, psychology, IT, science, nursing, health sciences, hotel management, engineering, criminology and design

For Griffith College fee information, entry requirements and credit transfer information, visit **griffith.edu.au/college** 

# Other pathways to Griffith University

## Foundation Program

Griffith College also offers a Foundation Program, which is a bridging course for students who didn't finish senior studies in high school. You'll be trained in the knowledge and skills needed for successful university study and be able to acquire prerequisites for specific Griffith University degrees. Foundation Program graduates are eligible to progress to a degree or diploma-to-degree pathway, subject to conditions.

## Masters Qualifying Program

The Griffith University Masters Qualifying Program (MQP) provides you with an opportunity to upgrade your prior study to meet the academic requirements for direct admission to a Griffith University masters program.

If you are successful in progressing to your masters degree, you may be eligible for 10 credit points of advanced standing.

\*Entry into second year of bachelor degrees from a diploma is dependent on successfully completing the Griffith College program and meeting degree admission requirements. Students must complete in their second or third years of the degree any first year core courses for which credit transfer has not been granted.

# Remarkable research

Griffith is a research-intensive university that fosters industry, community, government, national and international research collaborations. Undertake research at Griffith and be part of an elite group of researchers who are thinking globally and discovering new-world solutions.

# Research centres and institutes

Explore multidisciplinary collaborations with researchers across our 30+ research centres and institutes, exploring extensive and varied discipline areas.

## Outstanding resources

Our researchers are provided with state-ofthe-art facilities, support services and research environments that best accommodate their needs.

### Above world standard

Analysis of Excellence in Research for Australia 2015 found 98% of our research outputs were in disciplines rated at world standard or above.

## Research support

You will be supported with research training workshops and a comprehensive suite of library services ranging from research and data management tools to extensive borrowing privileges.

# Scholarships

We offer a number of higher degree research scholarships each year to help you with the cost of tuition and/or living expenses for the duration of your research study.

# International links

Griffith researchers are well connected and collaborative, with over 5,000 national partners and over 200 international research agreements.

# Research with impact

Our remarkable discoveries help to shape a better world.

**Malaria vaccine** - The Institute for Glycomics is developing and manufacturing a world-leading malaria vaccine—PlasProtecTTM— which is now at human-trial stage.

**Shadow of an atom -** The world's first photo of a shadow of an atom was taken by researchers at Griffith's Centre for Quantum Dynamics.

**Protecting wildlife -** Griffith experts are at the forefront of world-leading strategies to protect wildlife from the negative impacts of roads, aiming to minimise the number of motor vehicle accidents involving wildlife.

**Spinal cord paralysis treatment -** The Griffith Institute for Drug Discovery is leading groundbreaking stem cell research into treating spinal cord paralysis.

'Green' circuit boards - Environmentally friendly circuit boards are being developed at the Griffith School of Engineering.

**Robots to help dementia patients -** Griffith is leading research into using robots to improve the quality of life for dementia patients through the Menzies Health Institute Queensland.

**Wearable technology** - Griffith is working with Olympians and other elite athletes to develop wearable sports technology monitoring systems to aid in better performance and injury risk management.

**Autism Centre of Excellence -** The Autism Centre of Excellence is engaged in the development of strategic research in evidence-based practices to achieve lifelong outcomes for learners with Autism Spectrum Disorder.

# Research study options

#### Doctor of Philosophy (PhD)

The PhD is Griffith's premier research training degree. It is awarded for a thesis (or a series of published papers), drafted under supervision, which makes an original, significant, and extensive contribution to knowledge and understanding in your field of study.

Griffith also offers:

- · Doctor of Philosophy (by prior publication)
- professional Doctorates (psychology, education, musical arts and visual arts).

## Master of Philosophy

The Master of Philosophy (MPhil) is awarded for a thesis, drafted under supervision, which presents original research and demonstrates both knowledge of a research topic and discipline. It is shorter than a PhD and is available across all schools.

Griffith also offers:

 specialist Masters by Research (combine coursework with professional and/or artistic practice).

## **Griffith** experts

Griffith has over 2,600 researchers working across more than 30 research centres and institutes. Our world-class experts utilise state-of-the-art facilities to develop new knowledge in a range of specialist areas that will lead to novel and exciting solutions to benefit society and the environment, as well as influence governance and policy development.

Find your research supervisor at **experts.griffith.edu.au**

What you will study You will receive a rounded professional architectural education with strength in design research. You can choose to focus on sustainable design, urban design, history/theory or design practice. The research-based approach to architectural design in this degree will help you develop the capacity to pose original questions and to investigate, analyse and appraise current information and understandings. Research-led design will underpin careerlong self-directed learning of a critical-reflective nature. # Undergraduate degrees

#### Asian Studies

Major(s): Asian Business; Asian Societies and Cultures; Chinese Language; Indonesian Language\*; International Relations and Security; Japanese Language; Korean Language\*; Politics, Law and Justice in Asia

Double degree option(s): Business; Commerce; Government and International Relations; Laws.

\*Via cross-institutional study at The University of Queensland.

#### **Business**

Bachelor of Business 🛣 🎨	Feb, Jul, Oct	3	G	240	6.5	S	1034	006423F	\$27,500
	Feb, Jul, Oct	3	N	240	6.5	S	1288	006423F	\$27,500
	Feb	2*	0	240	6.5	S	1347		\$27,500

<sup>\*3</sup> years full-time equivalent offered over 2 years

#### What you will study

Griffith's Bachelor of Business lets you design your ideal career. You can choose a single major, which will give you specialist skills in one profession, or you can choose a second business major or additional major to give you an even broader range of skills and knowledge when you graduate. You can also choose not to complete a major, selecting from a range of courses that provide broad knowledge for a career in business management.

If you are not sure which majors to choose just yet, that is okay. Once you enrol, you can try some different courses before you choose the combination that is right for you.

A Griffith business degree will prepare you for a wide range of career opportunities, from running major events through to managing key aspects of complex organisations such as employment relations, marketing campaigns, or logistics.

#### **Business** majors

Asian Business (G,N); Employment Relations (G,N); Entrepreneurship and Self-Employment (G,L,N,O,S); Event Management (G,N); Human Resource Management (G,L,N,O); International Business (G,N); Logistics and Supply Chain Management (G,N); Management (G,L,N,O); Marketing (G,N); Real Estate and Property Development (G,N); Sport Management (G,N); Sustainable Enterprise (N); Tourism Management (G,N)

#### Additional majors

Accounting; Economics; Finance; Financial Planning; Politics and Public Policy.

#### Graduates find employment

as: an advertising account manager; brand manager; business or strategy manager; corporate social responsibility specialist; event and conference organiser; export and import operations manager; human resource manager; international negotiator; international project officer; logistics and supply network manager; market research analyst; marketing manager; policy advisor; project manager; public relations manager; purchasing manager; real estate agency manager; sales manager; self-employed; sports marketer; sports tourism promoter; sustainability specialist; or tourism manager.

#### Double degree option(s)

Combine Business with: Arts; Asian Studies; Commerce; Creative and Interactive Media; Design; Engineering; Environmental Science; Exercise Science; Fine Art; Government and International Relations; Information Technology; International Business; International Tourism and Hotel Management; Laws; Photography; Psychological Science; Science.

#### Recognition/Accreditation

Program accreditation will vary depending upon your choice

The Human Resource Management major is accredited by The Australian Human Resources Institute (AHRI).

Depending upon your choice of Business major, you may be eligible for admission to one or more of the following professional bodies:

- Australian Human Resources Institute (AHRI)
- Chartered Institute of Procurement and Supply (CIPS)
- Australian Marketing Institute (AMI)
- Australian Market and Social Research Society
- International Live Events Association
- · Pacific Asia Travel Association
- Sport Management Association of Australia & New Zealand

#### Pathway option(s)

- · Associate Degree in Commerce and Business
- · Diploma of Commerce
- Diploma of Hotel Management

For more information see page 23.

#### Amours available

Honours is available for this degree (through an additional year of study)

Double your career opportunities by choosing two specialisations from our 18 diverse majors.

Bachelor of International Business 🕌 🤣	Feb, Jul, Oct	3	N	240	6.5	S	1105	003430J	\$27,500
	Feb, Jul, Oct	3	G	240	6.5	S	1107	003430J	\$27,500

Major(s): Asian Business (N,G); Chinese Language (N,G); Finance (N,G); French Language\*; German Language\*; Human Resource Management (N,G); Indonesian Language\*; International Relations (N,G); Italian Language (N,G); Japanese Language (N,G); Korean Language\*; Logistics and Supply Chain Management (N,G); Management (N,G); Marketing (N,G); Modern Greek (N,G); Russian Language\*; Spanish Language (N,G).

"Griffith graduates have a unique opportunity in terms of where they're placed because of the University being a leader in the Asia-Pacific region."

# Abhijit Kharkar

Master of Accounting graduate.

Abhijit became a CFO by age 28, and is now party treasurer for a major Queensland political party.

<sup>\*</sup>Via cross-institutional study at The University of Queensland.

# Trimester entry 1 = February 2 = July 3 = October Years Campus 1 = February 2 = July 4 Program CRICOS Annual fee (usually 80CP)

#### Commerce

Bachelor of Commerce 🛣 🎨	Feb, Jul, Oct	3	G	240 6.5	S 1286	003428C	\$27,500
	Feb, Jul, Oct	3	N	240 6.5	S 1035	003428C	\$27,500

## What you will study

You will gain the technical skills and knowledge to pursue a career in accounting, financial planning, finance or economics. In your first year, you will explore the core skills and concepts of commerce including accounting, economics, business statistics, and management. In your second and third years, you will build on this knowledge with your chosen major.

You can choose a single major, which will give you specialist skills in one profession, or expand your expertise with a second commerce major, or additional major, including management, marketing, politics and public policy, and international business.

If you are not sure which majors to choose just yet, that is okay. Once you enrol you can try some different courses before you choose the combination that is right for you.

#### Commerce majors

Accounting (G,N); Economics (G,N); Finance (G,N); Financial Planning (G,N).

#### Additional majors

Asian Business; Employment Relations; Entrepreneurship and Self-Employment; Event Management; Human Resource Management; International Business; Logistics and Supply Chain Management; Management; Marketing; Politics and Public Policy; Real Estate and Property Development; Sport Management; Sustainable Enterprise; Tourism Management.

You can also choose to complete a Taxation Minor which is recognised by the Tax Practitioners Board.

#### Graduates find employment

as: an accountant; auditor; banking and finance industry analyst or advisor; business manager; financial advisor or controller; financial planner; government policy advisor; managerial accountant; market analyst; stockbroker; or taxation accountant.

#### Double degree option(s)

Combine Commerce with: Asian Studies; Business; Information Technology; International Business; Laws; Psychological Science.

#### Recognition/Accreditation

Depending on the courses you complete you can graduate with a degree accredited by:

Accounting: Chartered Accountants Australia and New Zealand (CA ANZ) and CPA Australia.

Financial Planning: Financial Planning Education Council. Professional recognition will vary depending upon the courses you complete.

Accounting major: Completion of the Bachelor of Commerce, along with completion of the courses required for Accounting accreditation, provides exemptions from the ACCA Foundation Level Exams F1-F9.

Financial Planning major: Graduates will be eligible for admission to the Financial Planning Association (FPA) of Australia's CERTIFIED FINANCIAL PLANNER® Certification Program.

Finance major: The Bachelor of Commerce (Finance) has been accepted into the CFA Institute University Affiliation Program. This status is granted to institutions whose degree program incorporates at least 70% of the CFA Program Candidate Body of Knowledge (CBOK), which provides students with a solid grounding in the CBOK and positions them well to sit for the CFA exams.

**Taxation minor:** Graduates who complete the Taxation Minor meet the education requirements for registration as a Tax Agent with the Tax Practitioners Board.

#### Pathway option(s)

- · Associate Degree in Commerce and Business
- · Diploma of Commerce
- · Diploma of Hotel Management

For more information see page 23.

#### \* Honours available

Honours is available for this degree (through an additional year of study).

Access the exciting world of the stockmarket with our on campus financial trading rooms, equipped with the Bloomberg Professional service.

#### International Relations

Bachelor of Government and International Relations 🖺 🥩 Feb, Jul 3 📑 N 240 6.5 S 1399 077995D \$26,000

Major(s): International Relations; Politics and Public Policy.

Additional major(s): Asian Business; Chinese Language; Economics; French Language\*; German Language\*; Indonesian Language\*; International Business; Islam-West Relations; Italian Language; Japanese Language; Korean Language\*; Russian Language\*; Spanish Language.

**Double degree option(s):** Asian Studies; Business; International Business; Laws.

\*Via cross-institutional study at The University of Queensland.

#### Tourism and Hotel Management

#### What you will study

In this degree, you will gain an in-depth understanding of the tourism sector, underscored by sustainability principles. You will develop core business skills in areas such as financial management, leadership, management, marketing and strategic management, and enhance these with an understanding of how to manage employment relations in a culturally diverse context.

Thanks to Griffith's close working relationship with major hotel chains and tourism operators in South East Queensland, you will have the chance to gain knowledge from guest speakers and experience via a wide range of innovative work-integrated learning activities.

You will learn industry-standard systems and graduate with the skills and knowledge employers want, and be fully aware of the culture, service and competitive aspects of international tourism and hotel corporations.

# International Tourism and Hotel management majors

Hospitality Management; Tourism Management.

#### Additional majors

Event Management, Human Resource Management, Management, Marketing, Real Estate and Property Development, Sport Management.

## Graduates find employment

in: international tourism and hotel management; hotel and resort groups; accommodation sector; independent restaurants; internationally recognised chains; entertainment and leisure providers; theme parks; suppliers of goods and services to the hospitality industry; airlines; local, state and federal tourism organisations; regional planning authorities.

#### Double degree option(s)

Combine International Tourism and Hotel Management with: Business.

#### Pathway option(s)

- $\boldsymbol{\cdot}$  Associate Degree in Commerce and Business
- · Diploma of Commerce
- · Diploma of Hotel Management

For more information see page 23.

#### Honours available

Honours is available for this degree (through an additional year of study).

Our close working relationship with major hotel chains means you will have the opportunity to learn from industry guest lecturers and gain practical experience.

Griffith Business School is accredited by the **Association to Advance Collegiate Schools of Business (AACSB) - International.** AACSB Accreditation is known worldwide as the longest standing, most recognised form of professional accreditation an institution and its business programs can earn. We are one of only 15 Australian business schools to be recognised in this way.

#### Leaders in aviation

We have 20 years of experience producing qualified graduates for the international aviation industry which is growing rapidly as the number of travellers continues to expand.

#### Strong industry links

Be job-ready with opportunities for industry placements and the chance to work on industry projects.

#### Focus on innovation

We prepare our graduates to create smarter solutions for the future, fostering professional skills and an entrepreneurial approach.

### \*3 years full-time equivalent offered over 2 years.

Bachelor of Aviation Management (1)
\*3 years full-time equivalent offered over 2 years OR 1.5 years full-time (Professional Entry).

#### What you will study

This degree will help you advance your career in aviation management and thrive in the constantly changing aviation environment.

You will study courses that directly relate to job functions in the aviation industry. You can study the second and third year courses online. In your final year, you will have the opportunity to undertake a short research project, which allows you to make a valuable contribution to an area in the aviation industry that interests you and can be sponsored by an organisation or individual within the aviation industry.

Griffith University has Australia's most highly recognised aviation teaching program. Our aviation staff have strong industry ties and are world leaders in air travel safety research and focus on the human elements in flight operations to help improve safety. Over the past 20 years teaching in this field, we have built an international reputation for graduates who are industry ready.

#### Graduates find employment

as: a graduate you will be prepared for employment in aviation management. You will also be able to apply your management skills to many areas of the aviation industry including: airlines, air traffic service providers, maintenance and repair organisations, and government organisations, such as the Australian Defence Force and the Civil Aviation Safety Authority (CASA).

Feb. Jul

NO

#### Pathway option(s)

· Diploma of Commerce

For more information see page 23.

240 6.5 S 1367

Our graduates have been successful in gaining a range of positions with organisations such as Cathay Pacific, Emirates, Etihad, Jetstar, and Qantas, as well as Airservices Australia and CASA.

092428K \$31.500

#### Computer Science

#### **Bachelor of Computer Science**

#### What you will study

Computer science is a dynamic and developing field that is increasingly pervading every aspect of society. In this program you will learn the fundamental principles underpinning computer science and learn practical software technology development skills for many different platforms and applications.

You will have the choice of studying topics such as Programming Languages, Distributed Computing, Computer Architectures, Algorithms and Operating Systems, Machine Learning, Intelligent Systems, Robotics, Programming for Web, Mobile and Embedded Applications, Scientific Computing, Visualisation and Big Data Mining, and Analytics. You can choose between one of two majors and also select from a range of elective courses. In the last year of your studies, you will complete a practical project for industry or a research placement providing first-hand experience of the knowledge, skills and attributes required to succeed in full-time employment.

#### Majors

Data Science and Artificial Intelligence; Software Development.

#### Graduates find employment

**as:** a software developer; computer programmer; web and mobile applications developer; data scientist; software engineer; systems analyst; computer games programmer; software systems architect; computer scientist; computer systems engineer.

#### Recognition/Accreditation

It is anticipated that the Bachelor of Computer Science will meet the accreditation requirements for graduates to become a Member of the Australian Computer Society (MACS) at the professional level. The Australian Computer Society accredits programs on a five-year cycle.

It is expected that graduates will be eligible to apply to join the Australian Computer Society (ACS), and the program has been designed to specifically meet level 1 accreditation. Students and graduates can also join the Association for Computing Machinery (ACM) and the Institute of Electrical and Electronics Engineers (IEEE).

Griffith's computer science program is Queensland's premiere degree for individuals focused on careers in the dynamic software development and software engineering sector.

#### What you will study

If you are inspired by great engineering achievements, this degree is for you. As part of your core first year, you will develop a strong foundation in basic science and engineering principles, practice and management. You will study over a range of engineering areas, to help you decide where your engineering passion lies. You will learn about current industry practices from passionate academics who are leaders in their fields. Our degree has a strong practical focus and from your first year provides you with the opportunity to develop work-ready skills as our teaching focuses on `learning by doing'.

Bachelor of Engineering (Honours)

From your second year you will study your preferred major and focus more on your selected area of interest. We maintain strong links with industry ensuring our degrees are relevant and you benefit from leading guest lecturers and participation in real engineering projects. In your final year you will take these skills and work with our Industry partners here or overseas to undertake a trimester long project through our capstone Industry Affiliates Program.

#### Graduates find employment

as: chief civil engineer, construction engineer, municipal engineer, structural engineer, transport engineer, water supply distribution engineer, project manager and consulting engineer; UAV pilots; UAV designers; engineers in the aviation and general electronics industries; pilot engineer; senior administrators; civil and mechanical engineers; computer scientists and various workers in the business; building and construction industries; software architect; software developer; software engineer; software tester; IT project manager; systems analyst; security specialist; computational scientist; programmer; networking and communications specialist.

in: specialist structural engineering consultancies; construction and contracting companies; federal; state and local government organisations; airport and harbour authorities; in project development; small and large manufacturers; and the defence; energy and information technology industries; research; design; development and manufacture of electronic systems; communications; including satellite navigation; broadband services and telecommunications; energy production; and transport control systems development; microelectronics design and fabrication; electronics design and fabrication; power transmission; renewable power generation; electric vehicles; government departments such as Transport and Main Roads: Natural Resources and Mines: Department of Science; IT and the Arts (DSITIA) and Environment and Resource Management; consulting; design; research; development or production; software development.

#### Double degree option(s)

Combine Engineering (Honours) with: Aviation; Business; Computer Science: Environmental Science: Industrial Design; Information Technology; Science.

#### 320 6.5 S Recognition/Accreditation

320 6.5 S

In Australia, professional accreditation of entry to practice engineering programs is the responsibility of Engineers Australia and is normally carried out on a five-yearly cycle. Griffith University underwent this review in August 2015.

1542

1546

090583D

090583D

\$34,000

\$34,000

Accreditation ensures academic institutions consistently meet national and international benchmarks and engineering graduates of an accredited program are assured membership with Engineers Australia at the relevant career grade and enjoy reciprocal privileges by equivalent professional bodies overseas.

Countries such as the USA, United Kingdom, Hong Kong (SAR), New Zealand, Canada, South Africa and others that are co-signatories to international agreements on joint recognition offer international recognition.

The Washington Accord, the Sydney Accord and the Dublin Accord recognise the substantial equivalence of accreditation systems and accredited programs across international boundaries at the Professional Engineer, Engineering Technologist and Engineering Associate levels respectively. Please refer to the International Engineering Alliance (IEA) website for more details.

#### 🗥 Pathway option(s)

· Diploma of Engineering

For more information see page 23.

Participate in a full semester placement in industry, working on real engineering projects in your final year.

#### What you will study

This program will provide students with a core of IT technical knowledge and also allow a major in Information Systems or Networks and Security or Software Development. The program is flexible enough for students to gain two IT majors or expertise in other areas, including those outside the IT domain. The IT technical component of the program commences in Year 1 and addresses IT skills such as understanding the basics of computing technology, how to design and build web sites, computer programming, data management, software development and human computer interaction. This program covers skills including software technologies, information security and IT services management and topics such as business analysis, IS architecture, business/IT alignment and project management.

The Bachelor of Information Technology addresses the knowledge and skills needed by IT graduates and also allows specialisations in Information Systems or Networks and Security or Software Development. This degree is suitable for students seeking a more generalist IT degree which will allow them to pursue a vocational career in IT with less complex abstract problem solving and programming requirements.

Information Systems; Networks and Security; Software Development.

#### Graduates find employment

in: computer security; IT support roles; software acquisition; software integration; software enhancement/ maintenance and database support; business analysis; IT management; IS architecture design and project management; network support; network design; network security support; software development.

#### Double degree option(s)

Combine Information Technology with: Business; Commerce; Criminology and Criminal Justice; Engineering (Honours) Science.

#### Recognition/Accreditation

The Australian Computer Society (ACS) accredits programs in Information Technology to verify that they meet professional standards in terms of content, staff skills, teaching facilities and quality assurance. The Bachelor of Information Technology is accredited at the Professional level by the Australian Computer Society.

Graduates are eligible to apply to join the Australian Computer Society as full members.

Griffith University has accreditation from the International Institute of Business Analysis (IIBA) and graduating Bachelor of Information Technology students with the Information Systems major will have commenced their preparation for industry certification from the IIBA.

#### Pathway option(s)

· Diploma of Information Technology For more information see page 23.

#### 🗫 Honours available

Honours is available for this degree (through an additional year of study).

Gain the knowledge and skills needed to be a successful IT graduate and have the opportunity to specialise in information systems, networks and security or software development.

#### **Bachelor of Intelligent Digital Technologies**

Major(s): IoT and Robotics; Programming for Visualisation and Entertainment.

Major(s): Civil Engineering; Environmental Engineering.										

Entry requirements: Bachelor degree in science or environmental science or engineering (5.0 GPA) OR bachelor honours degree in engineering in a discipline other than environmental engineering (5.0 GPA).

#### What you will study

These degrees provide advanced study across a range of specialisations in engineering. They are designed to extend and deepen your knowledge and skills gained from a related undergraduate degree.

Ideal for professional civil engineers who aspire to develop their design skills and advance their capabilities to analyse and solve structural problems and manage projects across a wide range of real-world civil engineering applications.

#### Electronic and Computer:

You will develop advanced knowledge in electronics allowing you to work in the many different disciplines of electronics, focusing on the area of electronic computing and the prolific use of microprocessors and computing hardware in modern devices.

#### Electronic and Energy:

You will develop advanced technical expertise in diverse areas of electronic and energy engineering, allowing you to work in the many different disciplines of electronics. You will also further your understanding of the use of both classical and the latest electronic technology to allow the generation, distribution, efficient use and storage of energy.

#### **Electronic and Sport:**

Electronic and sport engineers work in the exciting cuttingedge area of high technology in sport. In this degree, you will gain the advanced core knowledge needed in the electronics area, specialising in sport technology.

#### Engineering Project Management:

This program teaches engineering and project management to future engineering leaders, equipping them with the skills they need to compete globally. The program provides engineering graduates with the art and science of managing engineering projects. The program is ideal for professional graduate engineers who aspire to develop their managerial skills and advance their capabilities to initiate, plan, resource and execute real-world engineering projects.

#### Environmental:

You will gain an in-depth understanding of environmental engineering problems and issues, and have the opportunity to specialise in high-demand areas such as solid and hazardous waste management, water treatment, wastewater treatment, air quality monitoring and control, and renewable energy.

#### Professional:

Designed for those wanting to change careers to become an engineer, obtain accredited qualifications to practise as an engineer in Australia and overseas, or move into a different field of engineering.

#### Graduates find employment

#### Master of Civil Engineering and Master of Civil Engineering Advanced

 $\ensuremath{\text{\textbf{in:}}}$  the building, construction, infrastructure, and mining industries; projects for public and private sector clients; analysis and design services to engineering projects.

#### Master of Electronic and Computer Engineering

in: large companies involved in electronic based infrastructure and smaller companies undertaking design and/or manufacture.

#### Master of Electronic and Energy Engineering

**in:** energy industries in both technical and management, energy discipline consultation, energy efficiency, storage products and renewable energy production equipment.

#### Master of Electronic and Sport Engineering

**in:** senior roles in electronic engineering, sport engineering, elite sport groups or in research bodies.

#### Master of Engineering Project Management and Master of Engineering Project Management Advanced

in: consulting, private or public sector organisations, built environment, civil infrastructure, oil and gas, mining, energy, and facility and asset management services.

as: project engineer, project manager, contracting manager and team leaders.

### Master of Environmental Engineering and Master of Environmental Engineering and **Pollution Control**

in: environmental engineering, infrastructure, consulting.

#### Master of Professional Engineering

The Master of Professional Engineering will provide the engineering professional practice and research skills that lead to recognition as a graduate engineer in Australia. The qualification will be recognised internationally through the Washington Accord of the International Engineering Alliance.

#### Pathway option

· Masters Qualifying Program For more information see page 23.

### Information Technology

Master of Aviation Management

Master of Cyber Security	Feb, Jul	1.5 to 2	N	160	6.5	Α	5726	097096G	\$29,500
Entry requirements: Any Bachelor degree (4.0 GPA) or higher.									
Master of Information Systems and Information Technology Management	Feb, Jul	1.5 to 2	N	160	6.5	Α	5658	084294G	\$29,500
Entry requirements: Any bachelor degree (4.5 GPA) or higher.									
Master of Information Technology	Feb, Jul, Oct	1.5 to 2	N	160	6.5	Α	5612	083391D	\$29,500
	Feb, Jul, Oct	1.5 to 2	G	160	6.5	Α	5613	083391D	\$29,500

#### What you will study

In this degree, you will gain a comprehensive education in the principles and practice of information technology. Through your chosen major, you will develop an in-depth understanding of the underlying technology, administration and application of specific applications of information technology and systems.

You will learn about information technology planning and management, and about Internet-based services used in commerce, education, health, science, public administration, and many other disciplines. You will also learn how to apply information technology to model, support, and manage modern, flexible organisations.

Enterprise Architecture; Information Systems and Business Analysis; IT Services; Networking and Security; Software Development.

#### **Entry Requirements**

Any bachelor degree (4.5 GPA) or higher.

#### Graduates find employment

#### **Enterprise Architecture**

as: a business architect, information architect, enterprise infrastructure and security architect, or enterprise solutions architect.

#### Information Systems and Business Analysis

as: a project manager, program manager, business analyst, change manager, data analyst, quality manager, or program director. You will find opportunities in large multinational organisations, such as in the mining industry, as well as

#### **IT Services**

You will be prepared for work as a technical support officer, ICT consultant and support engineer and system analyst in industries and government agencies.

#### **Networking and Security**

as: a development operations specialist, network security engineer, security network consultant, security manager, or security applications specialist.

#### Software Development

as: a developer, test engineer, web developer, or researcher in government research centres.

Trimeste

#### Recognition/Accreditation

The Master of Information Technology is accredited by the Australian Computer Society.

#### Biomedical Science

Bachelor of Biomedical Science 🌋 🏩	Feb, Jul	3	G	240	6.5 H2	1094	002535G	\$31,500
	Feb, Jul	3	N	240	6.5 H2	1031	002535G	\$31,500

#### What you will study

Biomedical science helps society through applying new scientific knowledge to medicine and healthcare. In this degree, you will gain an understanding of health and the methods for diagnosing and treating disease.

You will receive excellent training for entry into the Doctor of Medicine (5099)\*. You will develop knowledge and skills in the biological sciences and clinical sciences and understand how they can be applied to medicine, biomedical research and healthcare services.

In your first year, you will be introduced to the basic sciences underpinning biomedical science. In your second and third years, you will explore more advanced aspects of the biomedical and clinical sciences, including genetics, biochemistry, cell biology, anatomy, physiology, immunology, microbiology, infectious disease, pharmacology and neuroscience. You will learn through hands-on, laboratory-based training in the biomedical sciences.

#### Graduates find employment

in: hospitals, health departments, medical research institutes, university and government research organisations, and in the pharmaceutical, diagnostic, biotechnology and other health-related industries.

As a graduate, you may also choose to pursue further study. You will be well placed to apply for our graduate entry medical degree, the Doctor of Medicine, or may choose to continue with postgraduate research or coursework study.

#### Recognition/Accreditation

The following organisations recognise graduates of this award:

- Australian and New Zealand Society for Cell and Development Biology (ANZSCDB)
- Australian Society for Biochemistry and Molecular Biology (ASBMB)
- · Australasian Society for Human Biology (ASHB)
- · Australian Society for Medical Research (ASMR)
- · Australian Society for Microbiology (ASM).

#### Pathway option(s)

- · Diploma of Health Sciences
- · Diploma of Science

For more information see page 23.

#### ♣ Honours available

Honours is available for this degree (through an additional year of study).

Learn through hands-on, laboratory-based training in biomedical science.

\*4 years full-time equivalent offered over 3 years.

#### Dentistry

#### Bachelor of Dental Health Science Feb 3 G 240 7.0 H6 1577 094385M \$51,000

#### What you will study

You will enhance your skills through professional practice placements. This degree is the first step towards a career in Dentistry. You will learn from extensive hands-on training from the first year of your studies.

You will study and work alongside registered dentists and dental specialists in real life settings including in regional areas and in our modern dental clinic and specialised laboratories in the Griffith Health Centre. You will enhance your skills through professional practice placements.

#### Graduates find employment

in: the armed services, hospitals, private practice, and school dental clinics.

Futher study and research can lead to a career in academic teaching or speciality practice.

#### Recognition/Accreditation

Completion of this degree and Griffith University's two-year Master of Dentistry enables you to apply for registration with the Australian Health Practitioner Regulation Agency (and equivalent New Zealand authorities) as a dentist subject to meeting any additional requirements that may be stipulated by the Dental Board of Australia. As these requirements may change from time to time, students should contact the Australian Health Practitioner Regulation Agency (AHPRA) to confirm registration requirements.

Applicants are advised that the Australian Health Practitioner Regulation Agency (AHPRA) requires dentists to demonstrate English language skills that are suitable for registration. Further information is available on the AHPRA website.

Accreditation: The Bachelor of Dental Health Science (when articulated with the Master of Dentistry) is accredited by the Australian Dental Council.

Gain extensive clinical work in the Griffith Dental Clinic as well as in rural and remote communities, and Indigenous and aged care facilities.

#### Pharmacy

### Bachelor of Pharmacy 🖺 🤒

#### What you will study

This degree provides a pathway towards registration as a pharmacist and a career in pharmacy. This program provides a strong grounding in biomedical and pharmaceutical sciences, delivering the foundation for systems based integrated pharmacotherapeutics and pharmacy practice courses. Learning emphasis is placed on contemporary pharmacy practice, clinical practice and pharmacy management.

#### Graduates find employment

You will be prepared for a career in community and hospital pharmacy, and medication management. You will also be able to enter careers in the pharmaceutical, biotechnology, nutraceutical and related industries in areas including management, sales, marketing, business development, and local and national government agencies related to medicine use and regulation.

#### Recognition/Accreditation

To seek registration as a pharmacist, graduates from the Bachelor of Pharmacy degree will be required to complete 48 weeks of intern training and comply with all other statutory requirements

Accreditation: The Bachelor of Pharmacy is accredited by the Australian Pharmacy Council (APC).

#### Pathway option(s)

· Diploma of Health Sciences For more information see page 23.

#### > Honours available

Honours is available for this degree (through an additional year of study).

#### Physiotherapy and Exercise Science

### Bachelor of Exercise Science A

#### What you will study

You will gain the skills and knowledge in the physical, biomedical and psychological sciences that you will need to become an exercise specialist. You will learn the role of exercise in health maintenance and rehabilitation.

Students undertaking the professional practice placement course will have an opportunity to put their knowledge and skills into practice

#### Graduates find employment

as: an exercise specialist for community or sports organisations; as a clinical scientist specialising in cardiac, respiratory and sleep medicine; a rehabilitation, sports or recreation manager; a strength and conditioning coach; an occupational health and safety officer.

#### Double degree option(s)

Combine Exercise Science with: Business; Psychological Science

#### Recognition/Accreditation

Upon successful completion of the Bachelor of Exercise Science, graduates who have completed the professional practice placement course (3006AHS) will be eligible to apply for accreditation through Exercise and Sports Science Australia (ESSA) as an Accredited Exercise Scientist.

Graduates have two years following completion of their studies to submit their application to Exercise and Sports Science Australia (ESSA) for accreditation.

Accreditation: The Bachelor of Exercise Science is accredited by Exercise and Sports Science Australia (ESSA).

#### Pathway option(s)

· Diploma of Health Sciences For more information see page 23.

#### What you will study

The Bachelor of Psychological Science will give you a thorough grounding in clinical, developmental, biological, cognitive, social and organisational psychology.

You will learn how to: apply psychological theories to topics such as thinking and perceiving, motivation, stress, health, criminal activity, and group behaviour; evaluate and understand tests that measure intellectual, behavioural and emotional states; use interpersonal skills and the principles of counselling to help people with personal, health, vocational and social difficulties.

As an International student, you will receive dedicated support from your arrival in Australia through to your departure after graduation. You will be introduced to Griffith through an orientation program, and receive ongoing social, personal and academic support throughout your degree.

#### Graduates find employment

in: counselling, guidance, health management, social research, human services, social welfare and other related fields. You may also be eligible for entry into a range of postgraduate degrees in areas such as speech pathology, social work, rehabilitation counselling, forensic mental health, criminology and criminal justice, human services, mental health practice, disability studies, health research, and business research.

#### Double degree option(s)

Combine Psychological Science with: Business; Commerce; Exercise Science; Master of Mental Health Practice; Master of Rehabilitation Counselling.

#### Recognition/Accreditation

Recognition: As a graduate, you may undertake a further Honours year in Psychology making you eligible for provisional registration as a psychologist in Australia. You will also be eligible for associate membership with the Australian Psychological Society. Full registration requires a further two years of approved postgraduate study in Psychology or supervised practice with a registered psychologist.

Accreditation: The Bachelor of Psychological Science is accredited by the Australian Psychology Accreditation Council (APAC).

#### Pathway option(s)

• Diploma of Social and Psychological Science For more information see **page 23**.

#### **#** Honours available

Honours is available for this degree (through an additional year of study).

#### Public Health

Social Work									
Bachelor of Social Work 🖺 😍	Feb, Jul	4	GE	320	6.5	S	1372	056919A	\$26,500
	Feb, Jul	4	L	320	6.5	S	1282	056919A	\$26,500

#### What you will study

Want to help people? Feel passionate about social justice and human rights? If so, social work is the right profession for you.

The Bachelor of Social Work is offered at Griffith University's Gold Coast campus. On your way to a satisfying career, you will study specialized social work courses, society and social arrangements, human behaviour and development, human services provision, and counselling approaches and techniques, to name a few core study areas.

You will complete two 500 hour field placements in your degree. Field placements give you the chance to put your academic knowledge and skills into practice, develop new ones and sample social work practice in the real world. You will be supervised by a qualified social worker for the duration of your field placements. In some situations, it may be possible to negotiate a workplace-based field placement. Placements will be sourced in your area of choice where possible. Students living in remote or rural areas may have limited choices depending on the availability of organisations within their local area and may have to travel.

You will become highly proficient in all core areas of social work theory and practice, develop critical thinking and reflective skills and be prepared for practice grounded in the values and ethics of the profession - social justice, diversity, equity and a commitment to the rights and needs of the people with whom you work.

#### Graduates find employment

in: child protection, youth work, Aboriginal and Torres Strait Islander services, child and family welfare, youth and adult offending, disability, hospital and community health settings, mental health, community development work, employment and income support, counselling, aged care, work with migrants and refugees, policy planning and development, management and administration, research, private practice.

Graduates of this program are eligible for membership with the Australian Association of Social Workers (AASW).

#### Recognition/Accreditation

Recognition: Graduates of this program will be eligible to apply for registration with the Australian Association of Social Workers (AASW) subject to meeting any additional requirements that may be stipulated by the Australian Association of Social Workers (AASW). As these requirements may change from time to time, students should contact the Australian Association of Social Workers (AASW) to confirm registration requirements.

**Accreditation:** The Bachelor of Social Work is accredited by the Australian Association of Social Workers (AASW).

#### Pathway option(s)

Diploma of Social and Psychological Science

For more information see page 23.

#### Honours available

Honours is available for this degree. Students who have completed the first two years of a relevant Bachelor degree with an appropriate grade point average (GPA) and who meet the other requirements for admission to Honours have the opportunity to undertake a research project with supervision provided by an experienced researcher.

You will complete two 500-hour field placements in your degree.

#### Pharmacy

Master of Pharmacy Feb 240 7.0 R 5661 085641G \$33,000

\*3 years full-time equivalent offered over 2 years.

Master of Advanced Nursing Practice

#### What you will study

This program provides a pathway towards registration as a pharmacist and a great career in pharmacy and health. Students will apply undergraduate foundation science and health knowledge to advanced studies in pharmaceutical science, pharmacology, professional and clinical pharmacy practice and pharmacy research. Innovative teaching and diverse placements prepare students for pharmacy internship or in some cases direct entry into a PhD.

#### Graduates find employment

The program provides multiple competitive advantages to support student success in community and hospital pharmacy as well as equip them for specialty pharmacy roles. Innovation in teaching and a range of diverse placements provide students with many opportunities for learning through experience, in local, rural and international locations. The program focus on producing pharmacy graduates committed to lifelong learning with high level understanding of the principles of pharmaceutical, clinical and social sciences, means that they are equipped to work across the pharmacy sector.

#### **Entry Requirements**

Applicants with a bachelor degree from a recognised Australian university (or equivalent) in a science or health science discipline are eligible for admission into the Master of Pharmacy program if they meet the following criteria:

- Completed bachelor degree within the past 10 years;
- IELTS score of 7.0 or equivalent and no sub-score less
- Overall Grade Point Average 5.0 or greater on a 7.0
- Pass these subjects at a tertiary level:
  - Biochemistry: One trimester duration or equivalent
  - Chemistry: Two trimesters duration or equivalent
- Pharmacology: One trimester duration or equivalent Microbiology: One trimester duration or equivalent
- Physiology: One trimester duration or equivalent
- Statistics: One trimester duration or equivalent ^Direct Entry Program (DEP) may be possible.

#### **Pathway Options**

Feb, Jul, Oct 1.5 OE 120 7.0 R 5721

If you are interested in enrolling in the Master of Pharmacy and do not meet the above entry requirements, please contact us to discuss alternative pathways.

\$28,000

#### Recognition/accreditation

Graduates of this program will be eligible to apply for registration as a pharmacist, once they have completed the 48 weeks of intern training and comply with all other statutory requirements.

Accreditation: The Master of Pharmacy is accredited by the Australian Pharmacy Council (APC).

#### What you will study

This program helps you to develop and further your career in public health practice, research and/or management. It allows you to re-orient your work interests in health to disease prevention and health promotion and is widely recognised both nationally and internationally as the public health credential for careers in public health.

The program focuses on the socio-ecological model of public health that emphasises and analyses the important interactions between the social, biological, economic and environmental determinants of health. They enable you to apply this analytical skill set to plan, implement and evaluate population based interventions that protect and promote health.

The program has a strong focus on global health and provides you with the opportunity to focus your public health studies by selecting a range of electives in areas such as public health nutrition, health promotion, climate change, international health, environmental health, and health services management.

#### **Entry Requirements**

Related bachelor degree or higher.

#### Graduates find employment

There are diverse career opportunities for professionals interested in moving into the public health field, developing health research skills and/or furthering competency development in public health practice areas such as: international health; humanitarian aid; health program planning and evaluation; health promotion; health policy; epidemiology and biostatistics; environmental health management; maternal and child health; public health nutrition. You will be prepared for a variety of career opportunities with state and federal health departments, in public health units/teams, community health, local government, and in academia. Public health graduates are also highly sought after by NGO health agencies and international aid agencies.

#### Recognition/Accreditation

As a graduate of the Master of Global Public Health, you will be eligible for membership of the following professional bodies:

- · Public Health Association of Australia (PHAA)
- · Australian Health Promotion Association (AHPA)
- International Union for Health Promotion and Education (IUHPE).

#### Social Work

#### Master of Social Work Jul, Oct 2 G L E 180 7.0 R 5621 092427M \$26,500

#### What you will study

This program provides you with a postgraduate professional social work qualification that allows entry into the profession. It is specifically designed for graduates holding degrees with some social and behavioural science components. The program equips you with the knowledge, skills, values and ethical foundations for social work practice in contemporary social policy and human service contexts.

The frameworks for practice incorporated in the program are designed to ensure graduates are effective, ethical, and innovative thinkers, communicators, problemsolvers, change facilitators and leaders. A dissertation pathway and a generalist practice pathway are two options for this program.

#### **Entry Requirements**

Related bachelor degree (except social work) or higher.

#### Graduates find employment

This degree prepares graduates for practice in a range of social work roles including working with individuals, groups and families, community work, advocacy, research, planning and policy development and management and administration. The frameworks for practice incorporated in the program are designed to ensure graduates are effective, ethical, and innovative thinkers, communicators, problem-solvers, change facilitators and leaders.

#### Recognition/Accreditation

Enrolled students and graduates of this program will be eligible to apply for registration with the Australian Association of Social Workers (AASW) subject to meeting any additional requirements that may be stipulated by the AASW. As these requirements may change from time to time, students should contact the AASW to confirm registration requirements.

This program is accredited by the Australian Association of Social Workers (AASW).

#### Speech Pathology

Master of Speech Pathology	Feb	2	N	160 7.0	A 5706	076264C	\$41,500
	Feb	2	G	160 7.0	A 5567	076264C	\$41,500

Entry requirements: Any bachelor degree (except speech pathology) (5.0 GPA) or higher and interview.

Graduates are: eligible for membership of Speech Pathology Australia to practice as a fully accredited Speech Pathologist.

**Bachelor of Acting** Feb 240 7.0 S 1575 096289F \$29.500

Audition requirements: applicants must attend an audition and interview. Visit degrees.griffith.edu.au for details.

Bachelor of Music 😍 Feb S 240 6.5 S 1419 081380A \$29.500

#### What you will study

As a Bachelor of Music graduate, you will be highly skilled, musically adaptable and equipped to enter professional life as a creative and flexible 21st century musician. Your educational experience will include exposure to diverse musical styles and idioms including classical, contemporary and world music. You will also learn the broadly accepted musical skills of aural awareness training, music theory, music literature and ensemble work appropriate to your field of study.

You will be admitted to a performance study in an instrument, voice or composition, in either classical or jazz strands

You may audition on more than one instrument; however, if successful, your offer will be for only one of your auditioned areas. There is the option after first year to divide your major between two areas through an innovative cross-study major subject to special criteria.

If you wish to study music education you will enter a teaching preparation strand in your second year. After successfully completing your undergraduate studies, you will graduate with a Bachelor of Music and be eligible to apply for a graduate entry teacher preparation program.

You will have opportunities to gain credit for project studies and music industry internships, enabling you to gain invaluable experience and preparing you for a smooth transition into professional life.

Elective courses are available to deepen and broaden your musical experience. Elective study areas include: Composition; Conducting; Contemporary Music; Keyboard Accompaniment; Music Industry Studies; Music Literature; Music Technology; Music Theory and Aural Studies; Opera and Music Theatre Studies; and Pedagogy.

As part of your application you will need to submit a good quality audition recording, dated and certified as being an unedited performance by the applicant and signed by the person in charge of the recording session OR a folio of work (composition applicants).

#### griffith.edu.au/conservatorium-auditions

Composition; Contemporary Music; Education Preparation A (Instrumental); Education Preparation B (Classroom); Music Studies; Music Technology; Performance

#### Graduates find employment

as: an instrumentalist, composer or vocalist.

in: music education, performance, music business. music publishing, broadcasting and production, and arts administration.

Graduates have a clear understanding of what is required by instrumental and vocal ensembles and companies, orchestras, theatre, media, the entertainment industry and community arts.

#### > Honours available

Honours is available for this degree (through an additional year of study).

Learn in state-of-the-art performance facilities from award winning professors and industry experts who are focused on preparing you for life as a musician.

#### Musical Theatre

**Bachelor of Musical Theatre** Feb 240 6.5 S 1404 082401D \$29,500

Audition requirements: applicants must attend an audition and interview. Visit degrees.griffith.edu.au for details.

"Music inspires me. I really have this firm belief that music can change the world."

Insigned Degrees by Research Have You intraces per year. The application schedule is available at: PhD: degrees.griffith.edu.au/Program/6001/HowToApply/International, MPhil: degrees.griffith.edu.au/Program/5001/HowToApply/International ARefer to degrees.griffith.edu.au for detailed fee information.

# Undergraduate academic entry requirements

This table outlines the requirements accepted by Griffith University as meeting academic entry qualifications for the listed undergraduate degrees. Students with qualifications not listed are encouraged to apply, as equivalent results from other countries can be assessed. This schedule should be read in conjunction with the Undergraduate Programs Admission Policy. Prerequisites and any other degree specific admission requirements are available at degrees.griffith.edu.au

GCE A Levels: Aggregate of the best 3 A Level or combination of A and AS Level subjects A\*=6, A=5, B=4, C=3, D=2, E=1 (AS Levels are equivalent to half points, e.g. A=2.5).

Campuses: G: Gold Coast campus, N: Nathan campus, M: Mt Gravatt campus, L: Logan campus

All information is correct as at March 2018, but is subject to change. Visit degrees.griffith.edu.au for the most up-to-date information.

<sup>&</sup>lt;sup>2</sup>Gao Kao: Successful completion of the National College Entrance Examination (Gao Kao) with a minimum % of the overall maximum score.

<sup>&</sup>lt;sup>3</sup>Bangladesh: Bangladeshi Higher Secondary or Intermediate Certificate (since 2003). Grade average in the final year results OR successful completion of a recognised pre-tertiary or foundation program OR

successful completion of one year study at a recognised tertiary or higher education institution is required in addition to the completion of High School studies.

4hong Kong: Hong Kong Diploma of Secondary Education (HKDSE). Score based on the best 5 subjects across Core and Category A or C electives; where (except Mathematics); 5\*\* and 5\* = 6, 5=5, 4=4, 3=3, 2=2 and 1=1; Compulsory Mathematics counted as 5\*\* and 5\*=3, 5=2.5, 4=2, 3=1.5, 2=1 and 1=0.5.

India: All India Senior School Certificate (AISSC) or comparable qualification (awarded by CBSE or CISCE). An overall grade average % in the best 4 subjects

<sup>&</sup>lt;sup>6</sup>Indonesia: Indonesia Secondary School Leaving Certificate (STTB SMA). Grade average in final year results.

<sup>7</sup>Korea, Republic of: Korean Republic College Scholastic Ability Test (CSAT). A minimum overall grade. The overall grade is calculated from the results in Korean Language, Mathematics and Foreign Language (English). Results in other components are not considered.

<sup>&</sup>lt;sup>8</sup>Korea, Republic of: Specialised High School Diploma. Grade average in the final year results (where A = 5, B=4, C=3, D=2 and E=1).

<sup>\*\*</sup>Malaysia: Malaysia Independent Chinese Secondary Schools Unified Examination Certificate (MICSS/UEC). Aggregate score, maximum of best 10 subjects. (Where A1 = 8, A2 = 7, B3=6, B4=5, B5=4, B6=3, C7=2, C8=1).

<sup>&</sup>lt;sup>10</sup>Norway: Norwegian Certificate of Completion of Upper Secondary School Examinations. Grade average in final year results.

<sup>11</sup> Pakistan: Pakistani Higher Secondary School Certificate or Intermediate Certificate (Pre-Eng & Pre-Med streams only). Grade average in final year results. \*Standard entry of 83 relates to the Humanities & Sciences Streams.

<sup>12</sup> Singapore: Singapore-Cambridge General Certificate of Education (Advanced Level) (Level H1=AS Level; Level H2=A Level). For H2 subjects, A=5, B=4, C=3, D=2, E=1. For H1 subjects, the notional value is half of that assigned to H2 subjects.

<sup>13</sup>Sri Lanka: Sri Lankan General Certificate of Education (A Levels). Grade average in the best 3 Advanced Level subjects (where A=4, B=3, C=2, S=1).

<sup>&</sup>lt;sup>14</sup>USA/SAT: Composite SAT1 score (from March 2016). Students must also have completed a High School Diploma.

<sup>18</sup>USA/ACT: Complete ACT with minimum composite score. Students must also have completed a High School Diploma. #minimum High School Diploma grade average.

<sup>16</sup> Vietnam: Upper Secondary Education Graduation Diploma (Bang Tot nghiep Trung hoc Pho thong). Successful completion of year 12 with an average out of 10 in 4 academic subjects. <sup>17</sup>Australia: The OP, ranks and ATARs listed are correct as at March 2018. These are subject to change and should be used as a guide only.

# How to apply

Applying to study at Griffith is easy. With applications open all year round, you can quickly complete your application in 6 simple steps.

Visit: griffith.edu.au/apply/international

### Step 1

#### Choose the degree you want to study.

Find the degree which meets your career and study goals at griffith.edu.au/international-study

### Step 3

#### Check if you are eligible for credit.

If you have existing formal qualifications or relevant work experience, you may be eligible to receive credit, which will reduce the duration of your study. griffith.edu.au/credit

### Step 5

#### Apply online.

Apply online or via a registered recruitment representative.

#### griffith.edu.au/apply/international

If you are currently studying at an Australian high school you may apply through QTAC or UAC.

### Step 2

#### Check you meet entry requirements.

Consider a pathway option if you don't meet direct entry requirements (see page 18).

### Step 4

#### Prepare supporting documentation.

Include certified copies of your academic and English test results (translated into English if applicable) plus a portfolio or audition if relevant to your degree.

### Step 6

#### Accept your offer.

You must return evidence of meeting any outstanding conditions in your Letter of Offer, formally accept your offer and pay your total deposit fee.

### Application dates

We recommend that you apply by:

- · 31 January (to start in Trimester 1)
- · 3 June (to start in Trimester 2)
- · 30 September (to start in Trimester 3).

You must allow enough time for your visa application to be processed to enable you to arrive in time for Orientation. Some degrees have different application closing dates. Check if this applies to your degree at degrees.griffith.edu.au

### After you accept your offer

Once you have accepted your offer you will receive an electronic Confirmation of Enrolment (eCOE) which you will need when you apply for a student visa. Visit griffith.edu.au/international/ plan-your-move-to-australia for useful information about life in Australia including:

- Accommodation
- Griffith support services
- Orientation
- Public transport
- · Moving to Australia with a family.

# How to use this guide

The following information will help you understand how to read this Guide.

#### Campus symbols

- N Nathan
- Gold Coast
- M Mt Gravatt
- Online
- South Bank
- **E** External
- Logan

If you enrol in an online or external degree you are not eligible for an Australian student visa. Online and external degrees can be studied part-time.

#### Credit points

Credit Point (CP) refers to the value of a course. Generally, one course is worth 10 credit points.

This may differ depending on your area of study. This Guide contains the total number of credit points each degree is worth.

#### **Duration**

Unless stated otherwise, all degree durations (years) are for full-time study. For most programs, full-time study is 80 CP per year (or 40 CP per trimester).

You must study full-time on campus to be eligible for a student visa.

# Pathways

Degrees with this symbol have a Griffith College academic pathway. Find out more on page 22.

#### **Honours**

Degrees with this symbol have one optional year of honours research.

Students can apply for an honours year upon completion of their bachelor degree.

#### **Tuition fees**

2019 indicative full-time fees are calculated on the basis of 80 CP of study (2 trimesters full-time).

Tuition fees are in Australian dollars and increase annually. For more information see page 13.

### Entry requirements

### Grade Point Average (GPA)

Your grade point average (GPA) is the measure used for academic achievement at Griffith University.

Your GPA is calculated using your academic grades and the credit point value of the courses you have completed.

You can calculate your GPA using the method shown in the Calculation of Grade Point Average policy.

griffith.edu.au/students/assessmentexams-grades

# Undergraduate academic entry scale

Standard - S

Higher - H1, H2, H3, H4, H5, H6

(H1 = lowest, H6 = highest)

A list of undergraduate entry requirements by country, for a selection of countries, are listed on **page 66**.

It is also available in the 'How to Apply' tab for each degree on **degrees.griffith.edu.au** 

# Postgraduate academic entry scale

A - any bachelor degree (or equivalent) from a recognised university.

R- a related bachelor degree (or equivalent) from a recognised university.

O - a combination of other academic entry requirements.

Some degrees have additional academic entry requirements, including specific GPAs and work experience. Please check the academic entry requirements for your degree at degrees.griffith.edu.au

### English language entry requirements

All Griffith degrees have English language entry requirements. You can check the minimum overall IELTS score for your degree in the program pages of the Guide.

Below is a list of other tests we accept, and the corresponding results, based on our most common IELTS score:

- A minimum overall band score of 6.5 on IELTS (Academic) (no sub-score less than 6.0) **OR**
- · a minimum score of 575 on TOEFL OR
- an internet-based (iBT) TOEFL score of 79 (no sub-score less than 19) OR
- no score less than 3+ in each skill of the ISLPR (conducted by ISLPR Language Services only) OR
- a minimum grade of C on the Cambridge Certificate in Advanced English (CAE) OR
- a minimum grade of C on the Cambridge Certificate of Proficiency in English (CPE) OR

 an overall score of 58 in the Pearson Test of English (Academic) with no score less than 50.

Griffith University does not accept English language test results that are more than two years old.

Some degrees have higher English language requirements. Visit **degrees.griffith.edu.au**
