Subject: Urgent announcement: MSc Data Science closure, and upcoming deadlines for 2018

Dear Cindy and colleagues at SUN Education,

Urgent notice: MSc Data Science application deadline

Due to the high volume of applications received this year, there is now an application deadline of today, 27th November 2017, set for all overseas (non UK/EU) applicants for our new MSc Data Science programme.

Applications from our representatives which are received after today, but prior to the end of this week (1st December) will be considered wherever possible, in consideration of the short notice of this deadline's announcement. All remaining applications will be placed on a waiting list in case places become available. Our webpages now reflect this information and provide guidance to applicants on this basis:

www.socialsciences.manchester.ac.uk/study/masters/courses/list/data-science-msc/ www.manchester.ac.uk/study/masters/courses/list/11424/msc-data-science/

Further to this, we'd also like to include a quick reminder that our Alliance Manchester Business School's first stage of Master's degree applications will close on 15th January 2018: www.mbs.ac.uk/study/masters/how-to-apply/

This coincides with our UCAS deadline for undergraduate applications on 15th January 2018 – by which date we recommend all undergraduate applications (where possible) to be submitted:

www.manchester.ac.uk/study/undergraduate/applications/how-to-apply/

Thank you for your continuing support and please don't hesitate to contact us with any queries.

With our best wishes,
