## Kia Ora, Hello!

On behalf of the City of Invercargill, welcome to the Southern Institute of Technology, New Zealand.

SIT is the pride of Southland. As a government tertiary institution; it is committed to quality education and I encourage you to make SIT your choice for higher education. SIT provides a dynamic, innovative and friendly environment for domestic and international students alike.

While studying with us, you will be able to enjoy Southland, New Zealand's most picturesque region. We live in a region full of adventure and recreational opportunities through to extreme sports challenges. Not only will you be able to gain a world class education with SIT, you will be able to do so in the world class environment of Southland.

Invercargill has excellent sporting facilities such as the SIT Zero Fees Velodrome, New Zealand's first indoor cycling velodrome, an olympic sized swimming pool and a major indoor stadium. My council also helps to sponsor a wide range of events for recreation and entertainment.

You will also be able to enjoy our southern hospitality. Invercargill is a safe community that welcomes students from all over the world. It's also a great place if you are considering living and working in New Zealand. Southland's unemployment rate is one of the lowest in the country. As a result, we actively seek skilled migrants to join our community.

So make the smart choice: choose SIT and Southland. I look forward to meeting you in Invercargill soon.

Mayor Tim Shadbolt

Mayor of the City of Invercargill

# INVERCARGILL AND SOUTHLAND

Southland – a genuine Kiwi experience! Southland is New Zealand’s southern most province and is a region of rich natural contrasts, beauty and wildlife, boasting quality tourist destinations.

The population of Southland numbers around 100,000 people who have an international reputation for being incredibly hospitable to visitors coming to the region.

Primarily an agricultural economy, Southland has gained a top reputation nationwide as a region for producing innovative, high quality, tertiary education programmes.

Invercargill, the capital city of Southland, has a population of 55,000. It is big enough to cater for your lifestyle needs, yet small enough to provide a stable and friendly atmosphere in which to focus on your study.

Invercargill is situated on the southern coast of New Zealand. The commercial heart of Southland, it is a flat, spacious place, where it is easy to find your way around and enjoy a variety of shops, restaurants and cafes. Accommodation and living costs are considerably lower than in other major cities in New Zealand. There is a progressive increase in the number of students and tourists coming from China, India, Korea, Indonesia, Nepal, Russia, Philippines, Sri Lanka Brazil, Germany and Malaysia.

Invercargill is the gateway to popular tourist destinations such as Queenstown, Stewart Island and Catlins, which are all within driving distance for a good day out and a return trip before evening. Few regions in New Zealand can better the diversity of mountains, lakes and fiords, historic gold mining towns and lush countryside that Southland has to offer.

Invercargill's world-class sporting facilities include NZ's only indoor cycling velodrome (SIT Zerofees Velodrome), brand new water-based hockey turfs on par with the Beijing Olympics, an Olympic-size swimming pool and a huge indoor stadium.
