Auckland Foundation Year

2018 international
student prospectus

Your pathway
to a degree from
New Zealand's
top universities

“

I am glad to have this opportunity to introduce Taylors College Auckland.

We have a vibrant campus in the heart of one of the world's most beautiful and liveable cities. We have a wealth of experience in preparing students for university level study, both in New Zealand and Australia, and we provide a caring and supportive learning environment that allows students to reach their potential, academically and personally.

The Foundation Studies Certificate (Auckland Foundation Year - AFY) is a qualification of the University of Auckland offered through Taylors College, Auckland. In addition to its partnership with the University of Auckland, Taylors has formal agreements with two other leading New Zealand universities: AUT University and Massey University. Provided you meet the requirements set out in this brochure, you are guaranteed admission to almost all of the full range of degree programmes at any of these three universities.

We have an outstanding record of success in terms of the numbers of our graduates gaining entry to university in New Zealand. Whether your goal is to improve your English, or to take the first step on toward a university education abroad, I sincerely hope that Taylors Auckland will be part of that journey. I look forward to welcoming you to our campus.

Lindsay Spedding

Start your career

Auckland Foundation Year

Offered by Taylors College Auckland, Auckland Foundation Year (AFY) is a comprehensive university preparation programme and enjoys a strong reputation for excellence in teaching and student support. Our partnership with three well respected universities offers you the perfect step towards the undergraduate degree of your choice and ultimately your dream career. You will also be able to enjoy student life in one of the most liveable cities in the world.* For more support, you may choose the Pre-Foundation programme before commencing the AFY qualification.

Whether you want to study at a university ranked in the top 100 in the world or complete a globally recognised and highly ranked degree, you are sure to find the course that will put you on your path to a successful career.

Strong partnerships

We have partnerships with three of the leading universities in New Zealand:

- › **The University of Auckland**
- › **AUT University**
- › **Massey University**

Freedom to choose

The opportunity to select between three universities gives you several campuses and hundreds of degrees to choose from.

You don't need to know which university you want to go to before you join Taylors Auckland. During your year with us, you will become familiar with our partner universities by touring their campuses and attending lectures and university open days. Staff from each university visit Taylors Auckland to talk to you about their courses and answer any other questions you may have.

Guaranteed entry

The learning outcomes of AFY are clear. Our programme fully prepares you for your university studies and ensures you have the best foundation for a successful career in the future. Provided you meet the university entry requirements after completing the AFY programme, you are guaranteed admission to a wide range of degree programmes at our partner universities.

A huge range of study options

As well as our three partner universities, all other universities in New Zealand recognise the AFY qualification. This gives you a huge range of study options.

You'll feel welcomed

Our students come from all over the world. With so many people from different backgrounds and cultures, studying at Taylors Auckland is exciting and rewarding – you're sure to love it.

A learning experience like no other

We provide a dynamic and interactive learning environment. Our flexible schedule allows you to have a personalised timetable with one-to-one tutorials.

Highly experienced staff

Our staff are highly skilled in supporting international students. They will help you to organise your studies, select the right university course and help with any challenges you may encounter. For more information, please visit www.afy.ac.nz

Quality assurance

Study Group NZ Limited, trading as Taylors College and Embassy CES, was ranked in Category 1, the highest category for quality assurance in 2015, by the New Zealand Qualifications Authority (NZQA). nzqa.govt.nz/providers/details.do?providerId=745933001

AFY key facts:

Partnership with three leading universities in New Zealand

The AFY qualification is accepted by all universities in New Zealand

A dynamic and interactive learning environment

Achieve your very best

Thanks to strong support, individual attention, high-quality teaching, modern facilities and expert teachers, 94.2% of AFY students received an offer from a partner university in 2016.

Top performing students from 2016*

Name	Nationality	Final Mark	University Offer Accepted

* Includes students from the 2016 January and April intakes

Outstanding results

In 2016:

94.2% of students received an offer from a partner university

A highly respected qualification

As well as our three partner universities, all universities in New Zealand recognise the AFY qualification.

A guaranteed pathway to university

By successfully completing the AFY programme and meeting minimum entry requirements, you are guaranteed a place at the University of Auckland, AUT University or Massey University.

Improve your English language skills

We offer English Language Preparation (ELP) if you need to develop your English skills before you start your foundation course.

Strong support

Our tertiary counsellor gives you friendly and professional university counselling, organises regular visits to partner universities and assists with your university application.

Individual attention

We limit the number of students in each lesson, which allows our academic staff to provide you with more individual attention, maximising your academic performance.

Fast-track option

If you have studied at NCEA Level 3 in New Zealand or overseas, you can apply for Recognition of Prior Learning (RPL) which, if granted, will allow you to complete the AFY programme in less time and at less expense.

The University of Auckland

‘Enjoy the challenge at New Zealand’s university of global standing’

auckland.ac.nz

“

The University provides an exciting and stimulating environment for its students. Currently, 7,000 international students are studying at Auckland, testimony to both the University’s comprehensive range of research-based study programmes and the recognition they are receiving internationally.

Professor Stuart McCutcheon
Vice-Chancellor,
The University of Auckland

Established in 1883, the University of Auckland is New Zealand’s top-ranked university for research and academic reputation. Situated in the heart of New Zealand’s largest city, it is an international centre of learning and academic excellence.

The University of Auckland is New Zealand’s top-ranked university. It is a QS Five Stars Plus institution, having achieved five stars in eight categories including Employability, Teaching and Research. It is also the only New Zealand university ranked in the top 100 in the QS World University Rankings and the top 200 in the Times Higher Education World University Rankings. In 37 of the 40 subjects in which the University teaches, it is the highest-ranked in the country according to the QS World University Rankings by Subject 2017.

The University of Auckland has a strong international focus and is the only New Zealand member of Universitas 21, the Worldwide Universities Network (WUN), and the Association of Pacific Rim Universities – international consortia of research-led universities.

Membership of these groups is by invitation only and is limited to research-led institutions of international reputation across a broad range of disciplines.

A highly successful environment

The University’s comprehensive range of research and coursework-based programmes are internationally recognised. Graduates of the University of Auckland occupy leading positions in Business, Law, Medicine, Politics, Arts, Engineering and other professions within New Zealand and overseas.

A truly global experience

The University provides an exciting and stimulating environment for more than 40,000 students. Currently 7,000 international students from 120 different countries are studying at the University of Auckland. Their different perspectives and cultures enrich the entire University community.

Five campuses, eight faculties

The University’s faculties are located over five campuses in Auckland, with most students attending the central City Campus. The eight faculties are **Arts, Business, Creative Arts and Industries** (includes Architecture, Dance Studies, Fine Arts, Music and Urban Planning), **Education and Social Work, Engineering, Law, Medical and Health Sciences**, and **Science**.

“

All the teachers were willing to help students in many ways. They were supportive, warm-hearted and intelligent and had a sense of humour. I think they are amazing!

Haohao from China
AFY graduate, now studying a Bachelor of Arts (Classical Studies and Languages) at the University of Auckland

Ranked 1st in New Zealand and in the top 51-60 universities worldwide in the QS Graduate Employability Rankings 2017

Ranked 82nd among the world's top universities*

AUT University

‘Committed to global engagement’

aut.ac.nz

“

AUT University is a diverse university, engaged with industry, business and the community. Our high-quality teaching staff, innovative facilities, learning support and contemporary programmes help us to produce highly employable graduates.

Derek McCormack
Vice-Chancellor, AUT University

AUT University traces its roots back to 1895 as the country’s leading Institute of Technology. It earned university status in 2000, and the 2017 Times Higher Education ranks us in the top 2% overall worldwide and in the top 50 world universities under 50 years old.

AUT is a contemporary New Zealand university focusing on student success, industry connectivity and innovative research in areas such as biotechnology, artificial intelligence and nutrition.

AUT is the second largest university in New Zealand and the fastest growing. We have over 30,000 educators, researchers and students who come to us to test boundaries, challenge established theories, break new ground and discover what is possible. AUT is accredited by the New Zealand government and welcomes and values our international students and staff.

Our students

Currently we have approximately 4,200 students from more than 95 countries who will graduate with technical expertise but also the ability to adapt, be resilient, have conviction and think and act entrepreneurially. Worldwide our 80,000 alumni are making waves in some of the most influential and creative companies. With over 47 international exchange partners, students have the opportunity to study in another country and transfer credits back to their AUT degrees. An extensive range of support services are available for our students, including health services, orientation, social events, academic support and careers counselling.

Campuses

We have three vibrant campuses located in Auckland, voted by Mercers 2017 Worldwide Quality of Living Survey as one of the top 5 cities in the world to live in. Auckland is also the commercial capital of New Zealand.

Faculties

Our five faculties (**Business, Economics and Law, Culture & Society, Design & Creative Technologies, Health & Environmental Sciences and Maori Development**) offer over 250 programmes from pre-degree to PhD.

“
We do a lot of practical work in AUT rather than just theory. This is helpful because if we want to look for a job we can say we have already used different equipment for projects. I think it is a good study environment; good lectures and good equipment.

Song from China
AFY graduate, now studying a Bachelor of Science, majoring in Environmental Science at AUT

AACSB accredited Business School. Accounting & Finance are ranked in the top 150 ***

Five star ranking in Teaching, Employability, Internationalisation, Facilities and Inclusiveness**

Hospitality is ranked in the top 50 and Art & Design and Sports in the top 100 worldwide***

Why choose AUT?

- › Ranked in the top 2% worldwide by Times Higher Education 2017
- › Five star ranking in Teaching, Employability, Internationalisation, Facilities and Inclusiveness**
- › Several subjects are ranked in the world's best, including
 - Art & Design - top 100***
 - Accounting & Finance - top 150***
 - Hospitality & Leisure Management - ranked 45***
- › The 12th most international university in the world and number one in NZ^
- › World-class bespoke facilities and renowned academics
- › Excellent research facilities and a strong research culture
- › Internationally recognised and globally competitive
- › Accredited by the New Zealand Government
- › Programmes are developed in conjunction with industry to ensure they reflect current and future workforce needs - guaranteeing a high graduate employment rate
- › More than 30,000 students
- › A strong focus on student success, industry connectivity and innovative research in areas such as biotechnology, artificial intelligence and nutrition
- › An extensive range of support services
- › The second largest university in New Zealand and the fastest growing
- › Five faculties on three campuses
- › Study abroad, internship and exchange programmes

Massey University

‘Taking the best of New Zealand to the world’

massey.ac.nz

“

Massey University epitomises the creativity, innovation and connectedness that New Zealand is renowned for. Our campuses in three major cities and our range of programmes mean we offer you the ability to tailor your study to meet your needs and at the same time connect closely with industry, professional organisations and local communities. I warmly invite you to be part of our diverse and stimulating student community.

Professor Jan Thomas
Vice-Chancellor, Massey University

Massey University has a long and proud tradition of academic and research excellence. With campuses in three cities across New Zealand we foster and push for positive change, taking our creativity and innovation to every corner of the globe.

The University’s expertise embraces a broad span of fields. We are highly rated in Design, Visual Arts, Nursing, Public Health and Veterinary Science, Agriculture and other applied Biological Sciences.

New Zealand’s defining university

At Massey University, we believe that everyone has the potential to help create change – and that includes you. By joining Massey you are making a decision to carry on a tradition that has made significant contributions around the world. We will help you get the skills and confidence you need to make a difference.

Internationally renowned global university

We have award-winning teachers, well-connected lecturers and world-renowned researchers to help you succeed. Our qualifications are internationally recognised, and many of our qualifications have international accreditation.

We have agreements with institutions worldwide, covering a variety of relationships from collaborative research to teaching, study abroad, and staff and student exchanges.

Welcoming community

Each year, more than 5,000 international students from over 100 countries find a welcoming environment at Massey and an intellectual climate in which they are encouraged to succeed. We offer undergraduate study awards for students who have achieved exceptional marks in AFY.

Campuses

With three campuses in three unique cities: Auckland, Palmerston North and Wellington, it’s your choice of how and where you study.

Academic colleges

Study internationally recognised qualifications in our five colleges:

Business (includes Aviation), **Creative Arts** (includes Design), **Health** (includes Nursing, Food Technology, Sport Science), **Humanities** and **Social Sciences** (includes Education, Psychology, Arts) and **Sciences** (includes Veterinary Science, Engineering, Mathematics, Sciences).

“

My dream is to become a Veterinarian Professional and I know that the vet science degree from Massey University will help me to achieve that dream. Taylors College Auckland Foundation Year (AFY) offered me the perfect pathway into my ideal course at university.

Ran from China
AFY graduate, now studying
Veterinary Science at Massey University

Ranked 23 in the world for Veterinary Science and top 100 in the world for Nursing*

Ranked in the top 1.2% in the world^

The College of Creative Arts (CoCA) is one of the top 100 Art and Design schools in the world*

Why choose Massey?

- › A five-star rating across all categories in QS 2018^
- › The College of Creative Arts (CoCA) has been ranked one of the top 100 design schools in the world* and a top two university in Asia-Pacific for design innovation**
- › Veterinary Science at Massey University is ranked 23rd in the world by QS in 2017, Agriculture is ranked 27th and Nursing is ranked in the top 100
- › Research-led teaching, outstanding student support services and high-quality facilities
- › Award-winning teachers, well-connected lecturers and world-renowned researchers
- › Exchange agreements with over 200 institutions around the globe
- › Our Business School sits in the top 2 percent of business schools globally and is accredited by the Association to Advance Collegiate Schools of Business (AACSB)
- › Bachelor of Engineering is recognised and accredited by the Washington Accord and the Institute of Professional Engineers New Zealand (IPENZ)
- › Our Aviation (Air Transport Pilot) degree is the first non-engineering degree to be recognised by the Royal Aeronautical Society and has ISO9001:2000 accreditation

Explore New Zealand

Our friendly people, the diversity, accessibility of our landscape and the enormous range of leisure and lifestyle options make New Zealand an exciting and vibrant place to live and learn.

Experience
a wide
variety of epic
landscapes
in one day.

Explore the great outdoors

New Zealand is the perfect location for people who love the outdoors. Hiking, camping, mountain biking, snowboarding, snorkeling, horse trekking, kayaking, swimming and surfing are all popular outdoor activities in our wonderful country. Don't miss going whale watching or swimming with dolphins!

Discover incredible scenery

In New Zealand, you can experience a wide variety of epic landscapes in one day. Breathtaking glaciers, beautiful fjords, rugged mountains, hills, forests, volcanoes, miles of coastline with gorgeous sandy beaches - you can discover it all!

Enjoy many hours of sunshine

New Zealand has opposite seasons to those in the northern hemisphere. January and February are the warmest months, and July is the coldest month of the year. New Zealand has mild temperatures, moderately high rainfall, and many hours of sunshine.

Employment opportunities

After graduating from a New Zealand university, you can apply for a job search visa and stay in New Zealand for a year, and after securing a job, you can apply for permanent residency. For more information, visit immigration.govt.nz.

Experience a buzzing city

Auckland is New Zealand's largest and most cosmopolitan city. It is also one of the most multicultural cities in the world.

Ranked 3rd best city in the world to live in (Mercer Quality of Living Survey 2017)

The most ethnically diverse city in New Zealand, with more than 200 nationalities

Average summer temperature:
max 24°C/min 16°C (December-February)
Average winter temperature:
max 15°C/min 8°C (June-August)

Home to 28 beaches and 800 parks and reserves

Auckland ranked 4th most cosmopolitan city in the world in the International Organisation for Migration's 2015 World Migration Report

AUCKLAND HARBOUR

SKY TOWER

DEVONPORT

PONSONBY CENTRAL

VIADUCT EVENTS CENTRE

Feel welcome in this multicultural city with great food, shopping, parks and entertainment.

Live life to the fullest

New Zealand is a melting pot of nationalities and cultures. People are friendly and welcoming. You will immediately feel part of the wonderful multi-cultural city that offers many exciting activities for you to experience when you want to take a break from your studies.

- › Go shopping in one of the many vibrant shopping precincts
- › Eat outstanding food in one of many restaurants and cafés
- › Spend time at the lively markets
- › Experience bustling nightlife
- › Visit the Sky Tower's spectacular viewing platforms
- › See Maori cultural performances in the Auckland Museum
- › Go to Auckland Zoo

Mix city life with outdoor activities

Auckland is also close to beautiful beaches, wildlife sanctuaries, hiking trails and islands, offering great opportunities for you to immerse yourself in nature.

Get more for your money

The living costs in New Zealand are affordable compared to many other countries. For information on living costs and the minimum financial requirements for a visa visit newzealandnow.govt.nz/living-in-nz/money-tax/comparable-living-costs

Enjoy state-of-the-art facilities

Your campus

You will be taught at Taylors Auckland which provides state-of-the-art learning facilities and a high quality learning experience.

Central location

Auckland's harbour setting, magnificent beaches and green parks make it a great place to study. Our campus is located in the heart of the city, close to the public library, cinemas, shops, restaurants and everything you need for a great life in the city.

Transport

The campus is easily accessible by car, bus or on foot. It is also served by the public transport network; more information can be found at at.govt.nz/bus-train-ferry

State-of-the-art facilities

Our excellent facilities on our well-equipped campus enable you to achieve your very best while you are studying with us:

- › Art and design studio
- › Computer laboratories
- › Science laboratories
- › Interactive whiteboards
- › Library
- › Common room with table tennis and pool tables
- › Muslim prayer room
- › Wi-Fi Internet access, and more.

Assessment

Students are assessed on the basis of coursework and exams depending on the subject (except for Art, which is 100% coursework). Teachers will support you to prepare for these and give feedback on your results.

Student activity programme

Tailors Auckland offers a range of extra-curricular activities, such as movie viewings, sport days and weekend trips. We also run a programme called Volunteer Enterprise which enables students to take part in planning and running fundraising events and activities. Getting involved in social events and activities is a great opportunity to have fun, make friends and make the most out of your time in New Zealand.

International Student Contract Dispute Resolution Scheme (DRS)

Study Group NZ Limited, trading as Tailors College and Embassy CES, commits to fully comply with the DRS rules. For more information, please visit istudent.org.nz

“

Auckland is a great place to study. People are nice and it's really comfortable to live here. I love the city life. Being from a very, very small town, Auckland is bustling. I really like it.

Mooskaa from Pakistan
AFY graduate, now studying
a Bachelor of Information Sciences
at Massey University

Learn and grow

Student support

We are fully committed to ensuring you receive the best possible care while you are away from home.

Orientation programme

As a new student you will undergo a comprehensive orientation programme. You'll be given The Student Handbook which includes essential information about living and studying in New Zealand and at Taylors Auckland. Orientation is also a great opportunity to meet tutors, make friends and find your way around the campus.

On-campus support

We have a dedicated team of multilingual student welfare staff who are trained in the areas of student welfare, accommodation, pastoral care and counselling. Our Welfare Manager is on call 24 hours a day, 7 days a week if you need help or assistance in an emergency.

Mentor groups

You will be assigned a mentor teacher and group when you start at Taylors Auckland. You will meet with them once a fortnight to talk about academic and personal issues and familiarise yourself with New Zealand culture. Your mentor teacher is available to give you academic and personal counselling throughout your study period.

Help with visa and insurance

We offer a visa renewal service on-site, and can also arrange comprehensive insurance cover for you.

Student support services, including academic, health and personal counselling services are available for all our students.

Choose where to live

Accommodation

Choosing accommodation is an important part of your new adventure. We are happy to help you find the perfect place to live and make you feel right at home.

Accommodation options

A variety of accommodation options are available for you, including student residences, homestay, or independent living in houses or apartments. If you are under the age of 18 you must live in homestay or with a close adult relative.

Student residences

Living together with other students is a great way to make friends and settle into university life. This option will suit you if you enjoy living in a shared environment.

Student residences are purpose-built for your needs and feature single, furnished rooms with a bed, desk, chair and wardrobe, as well as telephone and internet connections, and laundries for washing. You can also take advantage of the common areas to socialise, watch TV, play games, make a meal or just relax.

The student residence option available in Auckland is:

› Empire empireapartment.co.nz

Homestay

Homestay is the perfect option for students who want to experience New Zealand culture and lifestyle, and the security of home surroundings.

You will benefit from a family environment by living with carefully selected hosts who are experienced in looking after overseas students. All hosts have been given police clearance, and their homes are inspected before students are placed there.

Homestay involves staying in a private home as the paying guest. You will be provided with meals and have your own room with a bed, wardrobe, desk, lamp and chair. A telephone and laundry are also available for you.

Independent living

If you prefer to live in an independent house or apartment, we can assist and advise you on rental or other accommodation options close to our campus.

A variety of options are available, from student residences and homestay to independent living in apartments.

“

I came to Auckland when I was only 16 years old and stayed with my cousin. Taylors Auckland has helped improve my English skills and I love my art class!

Develop your knowledge and skills

Our courses

Developed for international students, AFY is a programme of academic subjects, study skills and English language training designed to provide you with a direct path to successful degree study at university. Completing the Pre-Foundation Programme will allow entry into the AFY Standard Programme.

Programmes available

AFY - Standard Programme

Designed for students who have an IELTS of at least 5.0 but don't meet the requirements for direct entry into undergraduate study.

What will you study?

English and a choice of four elective subjects:

- › Accounting
- › Art
- › Biology
- › Chemistry
- › Classical Studies
- › Economics
- › Geography
- › Information Technology
- › Mathematics
- › Physics

Facts

Minimum age: 16

Intakes: January, July and August

Programme length: 4 terms (40/38/35 weeks depending on intake date)

English language requirement:

IELTS score of 5.0 (writing no less than 5.0) or equivalent

AFY - Intensive Programme

Designed for students who have higher English and academic grades. You cover the same material as in the Standard Programme but in a shorter timeframe.

What will you study?

English and a choice of four elective subjects:

- › Accounting
- › Art*
- › Biology
- › Chemistry
- › Classical Studies
- › Economics
- › Geography
- › Information Technology
- › Mathematics
- › Physics

Facts

Minimum age: 16

Intakes: April and October

Programme length: 3 terms (31 weeks)

English language requirement:

IELTS score of 5.5 (writing no less than 5.5) or equivalent

Pre-Foundation Programme

Designed to provide you with an introduction to the core subjects offered at foundation level and give you an opportunity to improve and develop your English language skills. One-to-one assistance is readily available from your teachers.

What will you study?

In this course, you will study three core subjects and two out of three available elective subjects:

Core subjects:

- › English
- › Mathematics
- › Information Technology

Elective subjects:

- › Science
- › Commerce
- › Social Studies

Facts

Minimum age: 16

Intakes: January and July

Programme length:

January - 22 weeks
July - 23 weeks

English language requirement:

IELTS score of 4.5 (writing no less than 4.5) or equivalent

* Art is not available for the October intake

AFY will provide you with a direct path to degree study at university.

“

I chose to study at Taylors Auckland because it guarantees me entry into at least three universities in Auckland. The teachers are always encouraging and good at communicating with the students.

Justyn from New Zealand
Current AFY student who plans to study at the University of Auckland once he graduates

Progressing to university

Guaranteed entry

With successful completion of AFY, and upon meeting university entry requirements, you will be guaranteed entry into the University of Auckland, AUT University or Massey University. You may also apply for other universities in New Zealand.

Assistance in university selection

Our tertiary counsellor will assist you to select the university that best meets your career aims. You will also visit the partner universities to help you make the right decision about your future.

Assessment for university entry

University entry is based on the following requirements:

- 1 Meeting the minimum overall course average score for the relevant undergraduate degree programme
- 2 Meeting the minimum overall English mark (minimum 65%)
- 3 Successful completion of the compulsory subjects as specified for the relevant undergraduate degree programme
- 4 Meeting any additional requirements prescribed by the university.

For more information see pages 31-33.

Subject descriptions

AFY Standard and Intensive Programmes

Standard and Intensive Programme subjects will prepare you with the skills you need to meet the challenges of degree-level study.

English

This subject aims to develop students' confidence and competency in understanding, speaking, reading and writing English. Attention is paid to all areas of study, including accuracy of grammatical structure, spelling, punctuation and word use.

Topics include:

- › Listening (in small groups, classroom situations and lectures, showing understanding through listening exercises)
- › Speaking (one-to-one and small group discussions, formal presentations)
- › Reading (note-taking, extended reading, study of a range of newspaper and magazine articles, showing understanding through formally-assessed comprehension exercises)
- › Writing (practice of different styles, paragraph and note-form summaries, preparation of research reports).

Accounting

An introduction to accounting methods and concepts.

Topics include:

- › Cash and Accrual Accounting
- › Budgeting
- › Cash flow
- › Depreciation
- › Assessment of performance
- › Accounting systems
- › Job costing
- › Cost-volume-profit analysis
- › Financial statements for sole traders, partnerships and companies.

Art

Students gain practical knowledge of visual arts and understanding of arts in context, develop ideas through observation, and learn to analyse, interpret and evaluate images.

Please note: Studio space for students who wish to take Art is restricted and a place in this subject is not guaranteed. Priority will be given to students who intend to apply for a Bachelor of Fine Arts, Bachelor of Architecture or another discipline in design. Art is not offered as part of the October intake.

Biology

This subject aims to develop an understanding of Biology with the capability to communicate facts logically and effectively, design and perform a range of experiments, develop skills in critical analysis, and apply biological knowledge and understanding to the solution of problems. It also aims to foster respect for intellectual honesty in acquiring, presenting and interpreting evidence.

Topics include:

- › Structure and function of the cell
- › Responses of plants and animals to biotic and abiotic factors
- › Genetics
- › Evolution – primates and hominids.

Chemistry

This practical course provides students with the basis to study science-related courses at university, the knowledge and confidence to test their ideas experimentally, the ability to make informed and responsible decisions, and an enjoyment of science.

Topics include:

- › Atomic theory
- › Chemical bonding and the shapes of molecules
- › Chemistry of transition elements, metal hydroxides, halogens, selected ions
- › Analysis of laboratory solutions and commercial products
- › Energy involved in physical and chemical changes
- › Aqueous Chemistry
- › Oxidation-reduction and applications
- › Organic Chemistry; spectroscopic identification of organic compounds.

Classical Studies

An introduction to the history, literature, art, architecture and politics of ancient Greece (600-400 BC) and Rome (753 BC-14 AD). This subject will teach skills that are vital in any degree at university level, including critical thinking, analysis and writing argumentative essays in English.

Topics include:

- › Greek myths and the gods
- › Athenian social life
- › Athenian art and architecture
- › Athenian democracy
- › Rome and the rise of the Emperor Augustus
- › Roman architecture
- › Greek drama: Medea.

Economics

This subject provides students with an understanding of a wide spectrum of economic issues: basic economic concepts and principles, policy options available for government and the probable consequences of economic decisions.

Topics include:

- › Relative scarcity and production possibilities
- › Demand, supply and the market
- › Market structures including monopoly
- › Externalities, public goods and government intervention
- › Equity and efficiency
- › The financial markets
- › Aggregate demand and supply and the macroeconomic economy.

Geography

Students will study the formation of natural features, learn skills involved in interpreting topographic data; analyse cultural processes (urban growth, migration, development and sustainability), and study human actions that modify natural processes and analyse the outcomes.

Topics include:

Physical Geography:

- › Coastal processes
- › River processes
- › Geological processes
- › Biomes

Human Geography:

- › Population
- › Migration
- › Urban settlements
- › Development
- › Sustainability
- › Climate change.

Information Technology

This subject provides students with a wide knowledge of computer technology, common application software, programming, word processing, spreadsheets and databases.

Topics include:

- › Computer hardware
- › Computer software
- › Operating systems
- › Business applications
- › Problem solving techniques used for programming.

Mathematics A (Statistics)

A prerequisite for many university courses, this subject provides students with a broad range of mathematical knowledge and skills.

Topics include:

- › Algebra and graphing of functions
- › Exponentials and logarithms
- › Correlation and regression
- › Probability and set theory
- › Random variables and their distributions
- › Time series
- › Linear programming
- › Mathematical modelling
- › Numerical equation solving
- › Binomial, poisson and normal distributions.

Mathematics B (Calculus)

This subject provides students with a solid foundation for subjects at university that require a prior knowledge of Mathematics with Calculus.

Topics include:

- › Calculus
- › Algebra
- › Trigonometry
- › Geometry.

Physics

Students will develop theoretical knowledge, problem solving skills and experimental techniques.

Topics include:

- › Light
- › Waves
- › Kinematics
- › Mechanics
- › Electricity and magnetism
- › Atomic and nuclear physics.

“

You can always enjoy the fresh air in Auckland city and there are many opportunities for you to meet people from all around the world. One of my favourite activities in New Zealand is to go hiking on the weekends, the views are amazing!

Karen from Hong Kong
AFY graduate currently studying
a Bachelor of Communication in
Queensland, Australia

You will study English
and a choice of four
elective subjects.

“

My teachers were excellent. They not only helped me with my studies but also with the practical aspects of life in new Zealand. I was also very fortunate to gain work experience in Auckland. I started working part time in the school's library, which suited my study schedule. I love living in Auckland!

Julia, from Vietnam
AFY graduate, has since completed her Bachelor of Commerce from the University of Auckland and is currently employed in New Zealand

Subject descriptions

Pre-Foundation Programme

The subjects you'll study during the Pre-Foundation Programme will prepare you for academic study and improve your English language skills.

Compulsory subjects

English

The course aims to develop the four basic language skills of reading, writing, listening and speaking. It also introduces the skills required for academic reading and writing, with an emphasis on the importance of interpreting resource material and utilising new knowledge to answer questions and write essays. The development of independent learning skills is also a focus.

Mathematics

This course gives students the opportunity to develop a skill base in general maths that will prepare them to specialise in Statistics and/or Calculus in AFY.

Information Technology

This course aims to give students the opportunity to develop a skill base that will enable them to successfully complete the AFY programme. They will also develop computing skills in additional areas not covered by the AFY course, learn about internet usage for study and research and improve their presentation skills.

Designed for students who do not meet the academic or English entry requirements for the AFY Programme.

Facts

January - 22 weeks

July - 23 weeks

Students need to study 3 compulsory subjects and choose 2 out of 3 elective subjects

Elective subjects

Commerce

The course aims to give students the skills and vocabulary base in Accounting and Economics that will enable them to understand the more advanced topics taught in AFY. Students will gain knowledge and understanding of the major concepts in Accounting and Economics and will be given the opportunity to apply these concepts in a variety of situations.

Science

The Science course gives students an insight into three subjects available as individual subjects in AFY: Biology, Chemistry and Physics.

- › **Biology:** Students get to know basic information needed for the AFY Programme. This subject includes an introduction to genetics, evolution, plus animal and plant responses to environmental factors.
- › **Chemistry:** Students get to know common chemicals used in the laboratory, how to test for them, and find out what they do. Classes also involve finding out how much one substance will react with another. This is very much a practical, hands-on course to give students an enjoyment of Chemistry.
- › **Physics:** Students find explanations for why and how things happen. The course involves practical components to complement the theoretical relationships covered.

Social Studies

This course gives students an introduction to New Zealand history and Maori culture, European history and ancient history. It will include topics in the history of art, and the history of disasters. The subject introduces vocabulary that will be useful in the foundation year subjects of Classical Studies, Geography and Art. Students will also begin learning the skills of analysis and critical thinking which are necessary in humanities subjects.

English Language Preparation (ELP)

If you need to improve your English language skills in order to study an academic course, our English programme is the perfect solution.

Crucial skills for academic learning

The programme focuses on maximising your progress in each of the four core English skills - speaking, writing, reading and listening. You will gain study skills such as examination techniques, critical analysis, note-taking and text scanning to help you learn faster and with greater confidence.

Personal study plan

Each ELP course is designed to help you develop the necessary skills for success. Before you start your programme, we will test your level of English and advise you on how long you need to study to reach the required level.

Individual attention

Our classes are small so your progress can be carefully monitored by your teacher. There's regular testing to help ensure you reach your full potential.

Highly qualified teachers

The ELP teaching staff are highly qualified and experienced professionals in the English as a Second Language (ESL) field.

Delivered on campus

Your ELP lessons consist of 25 hours of face-to-face teaching per week. You will meet new friends and your teachers before starting the AFY programme.

Facts

Minimum age: 16

Maximum class size: 18

Entry requirement: IELTS minimum 4.0, with no band less than 3.5

Face-to-face teaching: 25 hours per week

Term length:

ELP 1 - 12 weeks

ELP 2 - 24 weeks (includes ELP 3)

ELP 3 - 12 weeks

Start dates:

January 8

April 3

July 2

September 24

If your language level is below the entrance requirements for the Auckland Foundation Year, you can begin your programme at an Embassy English Study Centre in their General English (GE) course.

“

In Chile, students do not have a close relationship with their teachers or staff. However, at Taylors Auckland the teachers are always very helpful and create a positive learning environment. After receiving lots of support and information at Taylors Auckland, I've decided to study Linguistics at university.

Valentina from Chile
AFY Graduate

Due to recent changes in NZQA regulations, effective from 18 August 2017, all private training establishments must seek approval from NZQA to do their own English language testing of students seeking admission to academic programmes at certificate level 3 or above. At the time of publication of this brochure, Taylors is awaiting approval of its application. ELP students may therefore be required to complete an IELTS, or approved equivalent, in order to meet the English language proficiency standard required for entry to the Certificate in Foundation Studies (AFY).

CareerAhead

With your future in mind we have a careers programme as part of all our programmes at Taylors College Auckland.

Skills for success

The Career Ahead service is designed to give you a head start in today's competitive graduate employment market by helping you become a confident, highly skilled and extremely employable graduate.

How CareerAhead works:

Before you arrive

You will receive helpful information and advice from our admissions team about CareerAhead and what it can do for you.

During your programme

You will get a full overview of the CareerAhead programme and complete an online skills assessment in your own language. You will then receive a full report that highlights your existing skills and specific areas you need to focus on developing.

You will also complete CareerQuest, supported by the New Zealand government. This will help you to identify careers and university courses to consider. It will support you as you make your degree choices, with information and research opportunities.

There will be an opportunity to prepare a CV and write a personal statement. We encourage you to develop your skills by joining the Volunteer Enterprise group at Taylors Auckland. This group plans, advertises and carries out fundraising events and activities for staff and students. You can choose which areas you want to develop if you join Volunteer Enterprise: leadership, planning, communication or event management.

You will take part in a workshop on New Zealand attitudes and communication, discussing expectations within university and society.

You will be supported by the coordinator, your mentor and the Tertiary Counsellor throughout The CareerAhead programme.

At the end of the course

You will receive a certificate and a Career Development folder.

CareerAhead will help you:

- › Identify your natural strengths and the skills you need to improve
- › Get a better understanding of the employment market in your home country, as well as in New Zealand
- › Write an impressive CV and a personal statement
- › Boost your confidence by practising interview skills
- › Make the right choices for your future career.

ENGINEERING	Bachelor of Engineering (Honours) (BE (Hons))	320	Mar, Jul (Jul intake subject to availability)	4 years	Selection. ² Mathematics A and B, Physics	AFY English 75% minimum or IELTS 6.5 overall, minimum 6.0 in each band
LAW	Bachelor of Laws Part I (LLB (Part I))	Students must be offered a place in another bachelors degree. Entry will be based on entry requirements for the other bachelors degree.	Mar, Jul	4 years	Students will be selected into Part II on the basis of their results in Part I.	Must meet minimum English requirements for other bachelor's degree.
MEDICAL AND HEALTH SCIENCES	Bachelor of Health Sciences (BHSc)	310	Mar, Jul (Mar intake only if seeking pathway to MBChB)	3 years	Selection. ² One Science subject. ⁴	IELTS 6.5 overall, minimum 6.0 in each band
	Bachelor of Medicine and Bachelor of Surgery (MBChB)	No direct entry	Mar	6 years ⁵	No direct entry. Applicants will be selected on the basis of first year results in the BSc (Biomedical Science) or BHSc programme, UMAT score and an interview. ²	
	Bachelor of Nursing (BNurs)	310	Mar	3 years	Selection (interview). One of Biology, Chemistry or Physics.	IELTS 6.5 overall, minimum 6.0 in each band
	Bachelor of Optometry (BOptom)	No direct entry	Mar	5 years ⁶	No direct entry. Applicants will be selected on the basis of the first year results in the BSc (Biomedical Science) programme and an interview. ²	
	Bachelor of Pharmacy (BPharm)	No direct entry	Mar	4 years ⁷	No direct entry. Applicants will be selected on the basis of first year results in the BSc or BHSc programmes, and an interview. ²	
SCIENCE	Bachelor of Science (BSc) Biomedical Science	300	Mar	3 years	Mathematics A and one additional Science subject. ⁴	AFY English 70% minimum ³
	Bachelor of Science (BSc) Food Science and Nutrition, Exercise Sciences*	290	Mar, Jul	3 years	Mathematics A and Biology.	AFY English 70% minimum ³
	Bachelor of Science (BSc) - all other majors	280	Mar, Jul	3 years	Mathematics A and one additional Science subject. ⁴ Psychology major subject to the availability of places.	AFY English 70% minimum ³
CONJOINTS	Conjoint Degrees (without Health Sciences, Nursing, or Engineering)	300	Dependent on faculty	4+ years ⁸	As required by each degree above.	As required by each degree above
	Conjoint Degrees (with Health Sciences or Nursing)	310	Dependent on faculty	4+ years ⁸	Selection. ² One Science subject. ⁴	As required by each degree above
	Conjoint Degrees (with Engineering)	360	Dependent on faculty	5+ years ⁸	Selection. ² Mathematics A and B, Physics.	As required by each degree above

Minimum academic and English language entry requirements from Auckland Foundation Year (AFY) to gain guaranteed entry to a degree programme for students applying for entry in 2019.

Please note that students who do not enter the University with IELTS 6.5 overall with no band below 6.0 or English minimum score 75% will be required to study and pass an academic English language course during their first year of study. This course will be included as part of the programme of study.

Age restriction: Students must be 17 years old to be eligible for entry.

¹ AFY score includes the best four subjects, excluding English (max 400).

² Faculties with programmes that specify "Selection" reserve the right to deny places to students who achieve the AFY score and English language requirements stated in this table for that programme.

³ IELTS 6.0 no band less than 5.5 is still accepted if 70% English is not achieved.

⁴ The science subjects are: Biology, Chemistry, Information Technology, Geography, Mathematics A, Mathematics B, and Physics.

⁵ One year BSc (Biomedical Science) or BHSc, plus five additional years in the MBChB programme if admission is gained.

⁶ One year BSc (Biomedical Science), plus four additional years in the BOptom programme if admission is gained.

⁷ One year BSc or BHSc, plus three additional years in the BPharm programme if admission is gained.

⁸ Duration of conjoint programmes vary.

CONJOINTS – Not offered on entry. Apply after one year in applicable degree.

Minimum Academic and English entry requirements from Auckland Foundation Year (AFY) to gain guaranteed entry to degree programme for students applying for admission into the university in 2019.

Age restriction: Students must turn 18 years old during their first semester of study at AUT to be eligible for entry.

Students enrolled in these degrees may apply for a limited number of places that might be available in named clinical degrees.

* Places may be limited. Successful completion of the Foundation Certificate does not guarantee entry into these degrees

** For all Health Science programmes, Bachelor of Sport and Recreation and the Bachelor of Medical Laboratory Science, an interview may be required, and the following are required: police check, additional health forms. These addenda will be outlined in full on the conditional offer sent to applicants. Students must be capable of meeting the requirements of the Health Practitioners' Competence Assurance Act (HPCA) and Vulnerable Children's Act (VCA). The professional body (registration board) may impose additional requirements at the point of registration. The requirements detailed in the current AUT Calendar take precedence if different from those on this page.

*** AFY score includes the best four subjects, excluding English (max 400)

Students who gain an English score between 50%-65% may submit an IELTS (Academic) for programme entry. The required IELTS score for each programme is listed in the current AUT Calendar

Massey University

Entry requirements

Undergraduate course	Min AFY Score [^]	Semester Intake	Course Duration	Additional Requirements and Subjects	English
Bachelor of Accountancy	270	Feb, Jul	3 years		English 65% minimum

Some programmes or majors may not be available at all campuses. Visit international.massey.ac.nz for a full list of programmes, fees and campus availability.

[^] Minimum AFY scores are the best 4 subjects

¹ Higher entry requirements: 340

² No July intake

³ February and July intake

* Available July = completion of degree will be 3.5 years

How to apply

You can apply to Taylors Auckland directly or through your local agent. Whichever option you choose, we're available to help you every step of the way.

To apply direct (students)

Visit www.afy.ac.nz/apply-now or

Complete the application form and send it to our Admissions Centre at the email address below, along with the supporting documents outlined in step two.

Email: anziscadmissions@studygroup.com

To apply through an agent

Complete the application form and return it to your local representative along with the supporting documents outlined in step two. For a list of our authorised representatives in your country, please visit www.afy.ac.nz/admissions/find-an-agent

Student visas

For information on student visas to New Zealand, please go to the Immigration New Zealand website www.immigration.govt.nz

Study Group NZ Limited has agreed to observe and be bound by the Education (Pastoral Care of International Students) Code of Practice 2016. Copies of the Code are available from the NZQA website at www.nzqa.govt.nz/providers-partners/education-code-of-practice/

Full details of visa and permit requirements, advice on rights to employment in New Zealand while studying, and reporting requirements are available through the New Zealand Immigration Service, and can be viewed on their website at www.immigration.govt.nz

Most international students are not entitled to publicly funded health services while in New Zealand. If you receive medical treatment during your visit, you may be liable for the full costs of that treatment. Full details on entitlements to publicly funded health services are available through the Ministry of Health, and can be viewed on their website at www.moh.govt.nz

The Accident Compensation Corporation provides accident insurance for all New Zealand citizens, residents and temporary visitors to New Zealand, but you may still be liable for all other medical and related costs. Further information can be viewed on the ACC website at www.acc.co.nz

International students must have appropriate and current medical and travel insurance while studying in New Zealand.

STEP 1

Complete all sections of the International Application for Admission form.

STEP 2

Attach the following documents:

- Verified copies of your academic qualifications (translated into English);
- Evidence of English language proficiency;
- A copy of your passport and visa (if you have a current New Zealand visa)

STEP 3

Submit your application to a local agent representative or directly to the Admissions Centre anziscadmissions@studygroup.com

STEP 4

Your application will be reviewed for eligibility. You will be advised of the outcome in writing.

International Application for Admission

Please print clearly in English and in BLOCK letters. Please tick boxes where appropriate.

Declaration and signature (This application must be signed; otherwise it will not be accepted)

I wish to be considered for admission to the course(s) I have shown on this application form. I agree that where I do not meet the entry requirements for the selected course or suite of courses that I will be offered an alternative Study Group course. I declare that to the best of my knowledge the information supplied within this application and the documentation supporting it is correct and complete. I acknowledge that the provision of false or misleading information may result in non-acceptance of the application or immediate exclusion from Taylors College. I authorise Taylors College, where necessary, to obtain from any other educational institution evidence of my academic records or seek other corroborating evidence with respect to my application.	I have read, understood and agree to be bound by the Terms and Conditions, Student Complaints Policy, Cancellation and Refund Policy as stated on the Taylors website (afy.ac.nz/admissions/terms-and-conditions). I agree to pay all fees owing and by the due date.
I have read and understand the outline of how the Privacy Act will be applied at Taylors, set out on the Taylors website (afy.ac.nz) and I authorise the College to collect, use and disclose personal information about me in accordance with the Privacy Act 1993.	
Signed (Student)	Date (dd/mm/yyyy)
