An Easier Way to Find Yoobee's Entry Requirements Online

Yoobee School of Design, New Zealand's largest specialised digital design school, offers a range of digital design certificates and diplomas from levels 3-7.

Now it's easier than ever to understand Yoobee's portfolio and entry requirements:

1. Visit the Yoobee website.
2. Under **Courses** select the relevant course page (e.g Diploma in Game Art and Development).
3. Scroll down until you see the **Course Details** section, which is located towards the bottom of the page.
4. Select **Entry Requirements** to discover more about what needs to be included in each student's application.

Each course page now gives prospective Yoobee students guidance on what to include in their application letter and their portfolio, as well as the required IELTS score and any additional information that Yoobee may request when processing an application for each course.

Additionally, to make this process even more straightforward, Yoobee has prepared a sample portfolio for students to look at before submitting their own creative work.

To download a sample Yoobee portfolio, simply click on the link below.
