I UIC College - International Pathway Program

With the world moving faster around us we need to make our life simpler, more efficient, more rewarding, and the right education will help us to achieve endless potential in the world.

UIC College is a Pathway Program provided by UniSadhuGuna International Education, a private education institute with over 20 years of experience in delivering quality international education programs in Indonesia.

UIC College takes pride in delivering quality international programs using innovative approaches that respond to students' interests in Indonesia. Our diverse educational pathway programs encourage our students to actively participate in their educational learning experiences in a way that inspires creativity, engages students to actively learn and to build their confidence.

UIC College offers International Diploma programs from the BTEC (Business Technology Education Council UK). These BTEC qualifications provide the students with knowledge, understanding and hands-on skills to enter employment in related fields or to gain an advanced entry into a Bachelor Degree Program.

BTEC (Business & Technology Education Council UK) at UIC College

After 30 years of proven success, BTEC qualifications are chosen by over 1 million learners every year, BTEC offers a range of professional qualifications for anyone taking their first steps into the world of work, progressing through their careers, or planning to enter university. The BTEC learning at UIC College is supported by an excellent faculty consisting of experienced lecturers and expert practitioners, most with International qualifications and solid real life working experiences.
